Evidentiality in Interaction Jan 12 2021 In recent decades, linguists have significantly advanced our understanding of the grammatical properties of evidentials, but their social and interactional properties and uses have received less attention. This volume, originally published as a special issue of *Pragmatics and Society* (issue 3:2, 2012), draws together complementary perspectives on the social and interactional life of evidentiality, drawing on data from diverse languages, including Albanian, English, Garrwa (Pama-Nyungan, Australia), Huamalíes Quechua (Quechuan, Peru), Nanti (Arawak, Peru), and Pastaza Quichua (Quechuan, Ecuador). The language-specific studies in this volume are all based on the close analysis of discourse or communicative interaction, and examine both evidential systems of varying degrees of

grammaticalization and 'evidential strategies' present in languages without grammaticalized evidentials. The analyses presented draw on conversational analysis, ethnography of communication, ethnopoetics, pragmatics, and theories of deixis and indexicality, and will be of interest to students of evidentiality in a variety of analytical traditions.

When God Goes to Starbucks

Oct 21 2021 More than ever, Christians are bombarded with

tough faith questions from their pluralistic friends and neighbors. Many of these emerge as "anti-truth claims" and slogans we are all familiar with: • Why not just look out for yourself? • Do what you want--just as long as you don't hurt anyone • Miracles violate the laws of nature • Aren't people born gay? Paul Copan has been answering questions like these for many years. In *When God Goes to Starbucks*, he offers readers solid and caring Christian responses to these and many other concerns that are being discussed in Starbucks, shopping malls, youth groups, and schools. Each chapter provides succinct answers and points for countering the cultural questions believers are faced with today.

barbarian leader. Tossed over his shoulder, she is carried back to camp, tethered to his bed, seduced by his touch, and claimed as his own. In spite of her fear, she is captivated by the gorgeous, dominant male with his long gleaming black hair, smooth bronze skin, and glimmering golden eyes.

Expecting her full compliance, he strips her naked and prepares her for an intimate and very thorough inspection. Horrified, Eva protests, but quickly learns defiance will be met with swift consequences, including a bare bottom spanking until he proves to her who is in command. Deemed compatible, she and her teammates are whisked away to the barbarians' world where they are mated to these powerful men. While pampered and protected, the women are expected to submit to their male's authority and breed their young. Will Eva learn to adapt to their unusual beliefs and old-fashioned ways? Can she sacrifice her independence and surrender to this dynamic,

highly sexual alien male who has conquered her body, and perhaps her heart? Or when escape is imminent, will she flee with the others, never to see him again and feel the rampant desire that now surges through her blood for her compelling barbarian mate?

So she's sceptical when assigned to write a story on *The Rules of Engagement*, a book which promises to teach women how to find the man of their dreams in ten easy steps. As far as Cat's concerned, the book belongs in 1892, but she's promised to follow it to the letter. After all, what does she have to lose by playing love at its own game?
