MC Bear Mates Vol 1 Aug 19 2019 In a world ruled by fickle Goddesses, these Bear Shifter Bikers purse their Fated Mates. The MC Bear Mates Vol 1 Box Set is here! Contains the following novels: MARS: Mars Donner is tall, dangerous and brutally loyal. His golden eyes melt panties and make men get out of his way. He'd done his fair share of dirt, and even put a few people in the dirt, but he had lines he wouldn't cross. As long as he had his MC, his cut and his hog, he thought he could get through

anything. Then he met his Fated Mate, and he knew there was no line he wouldn't cross for her. Annette Vogel is an investigative journalist and no stranger to chasing a story. Freshly back from Afghanistan, her therapist tells her that she needs to take it easy, that working through PTSD is a process. But Adrenaline junkies don't take it easy, and when she gets wind of a human trafficking circle she has to go after the story. But crossing those kinds of people can have deadly consequences, especially when the story starts chasing her. MUNDO: Jimmy "Mundo" Aston always found himself deep in the sh*t. Whether it was going at it with rival bikers or cops, he never let his opponent get the better of him. This attitude was why he found himself in jail, eager to get out and back with his Club. Three hots and a cot weren't bad, and at over six feet tall he knew no one would try any funny business. So really it was just getting through the boredom, until he met her. Christie Lockheart didn't believe in love. She didn't believe in chances. She'd lost loves to chance and thought they could go to hell for all she cared. She could at least focus on her work, the one thing that kept her grounded. As a dentist for the County Corrections department she went from jail to jail to treat inmates. Not a glamorous job, but she thought she was beyond glamor at this point. Until she met Mundo Aston, and their brief interaction left her with lots of questions...and the desire to take a chance again. Just as they try to put together a normal life, the evil stalking the Nomads MC strikes

again! KIKO: Kiko had thought he'd seen everything, but when the parade of young ladies came streaming out of the shipping container, their hair stuck to their scalps and reeking of God-knows-what, he felt sick to his stomach. He knew it was stupid to draw the line here after years of using violence and force like most people use language. But the line was drawn, and he knew he wouldn't cross this one. Now these women were under the protection of The Nomads, and the Ukrainian Mob would be in for a very bloody fight if they thought they could force these women to do anything. And there was one who was something special... USA Today Bestselling Author Becca Fanning brings you a Shifter Romance novel box set packed full of action, intrigue and steam! Fated Mates have never been so right and wrong for each other!

When Prisoners Come Home May 28 2020 Every year, hundreds of thousands of jailed Americans leave prison and return to society. Largely uneducated, unskilled, often without family support, and with the stigma of a prison record hanging over them, many if not most will experience serious social and psychological problems after release. Fewer than one in three prisoners receive substance abuse or mental health treatment while incarcerated, and each year fewer and fewer participate in the dwindling number of vocational or educational pre-release programs, leaving many all but unemployable. Not surprisingly, the great majority is rearrested, most within six months of their release. What happens when all those

sent down the river come back up--and out? As long as there have been prisons, society has struggled with how best to help prisoners reintegrate once released. But the current situation is unprecedented. As a result of the quadrupling of the American prison population in the last quarter century, the number of returning offenders dwarfs anything in America's history. What happens when a large percentage of inner-city men, mostly Black and Hispanic, are regularly extracted, imprisoned, and then returned a few years later in worse shape and with dimmer prospects than when they committed the crime resulting in their imprisonment? What toll does this constant "churning" exact on a community? And what do these trends portend for public safety? A crisis looms, and the criminal justice and social welfare system is wholly unprepared to confront it. Drawing on dozens of interviews with inmates, former prisoners, and prison officials, Joan Petersilia convincingly shows us how the current system is failing, and failing badly. Unwilling merely to sound the alarm, Petersilia explores the harsh realities of prisoner reentry and offers specific solutions to prepare inmates for release, reduce recidivism, and restore them to full citizenship, while never losing sight of the demands of public safety. As the number of ex-convicts in America continues to grow, their systemic marginalization threatens the very society their imprisonment was meant to protect. America spent the last decade debating who should go to prison and for how long. Now it's time to

decide what to do when prisoners come home.

Offered inducements Frankie Lane has fingered Alf and The Gang for Handling Stolen Goods. Just to make sure Harry says he 'suspects' Alf has connections with Mafias, Yardies and Triads. It boosts Alf's criminal Rep. fantastically. He uses it Inside all ways. They get 6 months. Released on Bail, The Gang face a new threat - a Takeover Bid by Martha for the Gang Bosshood. At the Appeal, Sir Septimus 'has a quiet word' with the Judge so Alf gets another month 'for Reports', while Fred and Sid are released. Alf uses his experience of prison ways. But his Brief is worried why the Judge (a Golfing Partner) made that weird decision and uses 'certain' methods to find out. In Court again, all the Reports proclaim Alf is a 'Reformed character'. Harry daren't repeat his allegations of Alf's underworld connections he'd used before despite the Judge hints. So he can make only one decision.

Doing Time Together Dec 03 2020 By quadrupling the number of people behind bars in two decades, the United States has become the world leader in incarceration. Much has been written on the men who make up the vast majority of the nation's two million inmates. But what of the women they leave behind? *Doing Time Together* vividly details the ways that prisons shape and infiltrate the lives of women with husbands, fiancés, and

boyfriends on the inside. Megan Comfort spent years getting to know women visiting men at San Quentin State Prison, observing how their romantic relationships drew them into contact with the penitentiary. Tangling with the prison's intrusive scrutiny and rigid rules turns these women into "quasi-inmates," eroding the boundary between home and prison and altering their sense of intimacy, love, and justice. Yet Comfort also finds that with social welfare weakened, prisons are the most powerful public institutions available to women struggling to overcome untreated social ills and sustain relationships with marginalized men. As a result, they express great ambivalence about the prison and the control it exerts over their daily lives. An illuminating analysis of women caught in the shadow of America's massive prison system, Comfort's book will be essential for anyone concerned with the consequences of our punitive culture.

Deadly Paths Mar 06 2021 Detective Peter Seymour has seen every type of death imaginable in his time in the NSW Coroner's Court and, after many years in law enforcement, the tragedies are beginning to take their toll. Dealing with death day in day out becomes too much for Seymour and this seasoned veteran starts to grapple with overwhelming feelings of fear and doubt. He decides to return to the police force hoping the operational work might offer some reprieve. Fate would have it otherwise as he is thrust straight back into an intense murder

investigation. One Friday night in the year 2000, Nick Hanes is heading home after a night out with his mates. Barely two-hundred and fifty metres from his home, he is set upon by two men. Bashed, beaten then murdered, Hanes dies after a senseless and random attack. Seymour is called to the St Mary's crime scene. He examines the body and discovers that there are very few clues and no leads, no witnesses. As the case unravels, he takes every bit of his experience, tenacity and determination to not only discover the identity of the perpetrators but to also deal with his own demons that are beginning to spiral out of control. *Deadly Paths* tells the true story of two men embarking on dangerous paths. One man finds himself the victim of a violent crime, the other searching for justice for the dead man's family as he struggles with his own battle with Post Traumatic Stress Disorder, the result of a life spent giving his all for others. Both paths are intertwined, and there is no turning back.

Children Behind Bars Dec 15 2021 Based on a wide range of research and first-person interviews, this book presents the shocking truth about child prisons and argues passionately for their closing. Carolyn Willow draws on human rights legislation and progress in the care and treatment of vulnerable children elsewhere to outline the harsh realities of penal child custody--hunger, dirty cells, the authorized infliction of severe pain, bullying and intimidation, and much more. Exploring these issues through the lens of protection rather than punishment, this compelling book reaches beyond any one country to address the plight of child prisoners around the globe.

Finding Grace Behind Bars Sep 12 2021 The command that the Lord left for all Christians is to make disciples of all people. For many, that means talking about church to a neighbor, a golf buddy, a co-worker or perhaps a family member. For Rick, the great commission was a call to bring spiritual freedom to those who had lost their societal freedom- inmates. America's ever-increasing prison population- lost to the message of salvation. In a world full of focus on victims and victim's rights, Rick saw the opportunity to bring the message of salvation to the offenders. Though many of the men and women to whom Rick ministers will never be free from the bars that surround them because of their crime against another person or society, they can be free from the condemnation that has souls as its focus. This is a book that describes a ministry. It describes a ministry to men and women who from hardened circumstances find the softness of salvation through personal forgiveness and an understanding that Christ's arms are long enough to reach around even the vilest sinner to bring them to Him. Read with your heart. Read with the knowledge that Christ still stands at the door and knocks and He will join anyone who with a repentant heart will open. Mike Berry, Motivational Speaker Lessons learned from our relationship quietly emerge with focused challenges. Rick's life lessons, connections with those in need and the lost, and of course, answering God's call guide him and I

to this healing place, Georgetown County Detention Center. Ongoing encouragement to all who read this book. Prevention, intervention, and aftercare will always be needed for the least of these. Chaplain C. Williams

Women Behind Bars Feb 17 2022 More and more women—mothers, grandmothers, wives, daughters, and sisters—are doing hard prison time all across the United States. Many of them are facing the prospect of years, decades, even lifetimes behind bars. Oddly, there's been little public discussion about the dramatic increase of women in the prison system. What exactly is happening here, and why? The answers are in *Women Behind Bars*, in which investigative journalist Silja Talvi sheds light on why American girls and women are being locked up at such unprecedented rates. Talvi travels across the country to weave together interviews with inmates, correctional officers, and administrators, providing readers with a glance at the impact incarceration has on our society. Decades Behind Bars Oct 13 2021 More than two million people are incarcerated in America's prisons--one in nine is serving a life sentence. Mass long-term imprisonment devours state budgets, adversely affects community well-being and skews our collective moral compass. This study examines the human costs of keeping the convicted out of sight, out of mind. Beginning in 1994, the author began recording the personal stories of 50 incarcerated felons--17 of them were still in prison 20 years later. The men candidly discuss what it means to commit a serious crime and to be confined for perhaps the remainder of their lives. Their stories are balanced by conversations with correctional officers, prison administrators, chaplains and parole board members. The author identifies circumstances that ruin some prisoners and save others and presents insights for possible improvements in the criminal justice system.

The Word Behind Bars and the Paradox of Exile Jul 10 2021 *The Word Behind Bars and the Paradox of Exile* grew out of a workshop that brought together a group of African writers, including many who suffered

imprisonment in their home countries and/or exile abroad. For some, the workshop prompted their first attempt to write about their experiences and to compare them with others whose life and art had come under similar constraints. This collection represents their assessments--in prose, poetry, and drama--of the many facets of the exile experience. The papers are as graphic, eloquent, and thought-provoking as they are varied in their subject matter and mode of communication. A powerful fusion of the personal and the political, *The Word Behind Bars* and *the Paradox of Exile* offers a timely perspective on conditions of literary production in many parts of Africa today.
