[Bright Air Black](#) Apr 29 2022 A “sensual, brutal . . . ambitious, dazzling, disturbing, and memorable” retelling of Jason and the Argonauts seen through the eyes of Medea (Financial Times). International bestselling and multi-prize-winning author David Vann transports readers to the Mediterranean and Black Sea, 3,250 years ago, for “[a] stunning depiction of one of mythology’s most complex characters” (The Australian). It is thirteenth century BC, and the Argo is bound for its epic return journey across the Black Sea from Persia’s Colchis with the valiant Jason, the equally heroic Argonauts, and the treasured symbol of kingship, the Golden Fleece. Aboard as well is Medea, semi-divine priestess, and a believer in power, not gods. Having fled her father, and butchered her brother, she is embarking on a conquest of her own. Rejected for her gender, Medea is hungry for revenge, and to right the egregious fate of being born a woman in a world ruled by men. In Bright Air Black, “David Vann blow[s] away all the elegance and toga-clad politeness . . . around our idea of ancient Greece . . . to reveal the bare bones of the Archaic period in all their bloody, reeking nastiness (The Times, London), and to deliver a bracing alternative to the long-held notions of Medea as monster or sorceress. We witness Medea’s humanity, her Bronze Age roots and position in Greek society, her love affair with Jason, the cataclysmic repercussions of betrayal, and the drive of an impassioned woman—victim, survivor, and ultimately, agent of her own destiny. The most intimate and corporal version of Medea’s story ever told, Bright Air Black “a compelling study of human nature stripped to its most elemental” (The Guardian).

Steak Jun 19 2021 The definitive book on steak has never been written-until now "Of all the meats, only one merits its own structure. There is no such place as a lamb house or a pork house, but even a small town can have a steak house." So begins Mark Schatzker's ultimate carnivorous quest. Fed up with one too many mediocre steaks, the intrepid journalist set out to track down, define, and eat the perfect specimen. His journey takes him to all the legendary sites of steak excellence-Texas, France, Scotland, Italy, Japan, Argentina, and Idaho's Pahsimeroi Valley-where he discovers the lunatic lengths steak lovers will go to consume the perfect cut. After contemplating the merits of Black Angus, Kobe, Chianina, and the prehistoric aurochs-a breed revived by the Nazis after four hundred years of extinction-Schatzker adopts his own heifer, fattens her on fruit, acorns, and Persian walnuts, and then grapples with ambivalence when this near-pet appears on his plate. Reminiscent of both Bill Bryson's and Bill Buford's writing, Steak is a warm, humorous, and wide-ranging read that introduces a wonderful new travel and food writer to the common table.

Field Manual FM 3-21.8 (FM 7-8) Sep 22 2021 This field manual provides a doctrinal framework on how Infantry rifle platoons and squads fight. It also addresses rifle platoon and squad non-combat operations across the spectrum of conflict. Content discussions include principles, tactics, techniques, procedures, terms, and symbols that apply to small unit operations in the current operational environment (COE). FM 3-21.8 supersedes FM 7-8, Infantry Rifle Platoon and Squad, dated 22 April 1992 (with change 1, dated 1 March 2001). It is not intended to be a stand-alone publication. To fully understand operations of the rifle platoon and squad, leaders must have an understanding of FM 3-21.10, The Infantry Rifle Company, and FM 3-21.20 (FM 7-20), The Infantry Battalion. The primary audiences for this manual are Infantry rifle platoon leaders, platoon sergeants, and squad and fire team leaders. Secondary audiences include, instructors in U.S. Army Training and Doctrine Command (TRADOC) schools, writers of Infantry training literature, other Infantry leaders and staff officers, and Reserve Officer Training Candidate (ROTC) and military academy instructors. Infantry leaders must understand this manual before they can train their companies using ARTEP 7-8 MTP, and ARTEP 7-8 Drill. They should use this manual as a set along with the publications listed in the references. The Summary of Changes list major changes from the previous edition by chapter and appendix. Although these changes include lessons learned from training and U.S. Army operations all over the world, they are not specific to any particular theater of war. They are intended to apply across the entire spectrum of conflict.

The Longest Ride Dec 14 2020 For his eighth birthday, Emilio Scotto received a World Atlas. Promptly he announced his plan to make a route that would pass through all the countries of the world, a route he named BLUE ROAD ONE. When, some years later, he found himself astride a black 1100 Honda Gold Wing motorcycle, Blue Road One beckoned, and Scotto set off on a journey that would last more than a decade, take him virtually everywhere in the world, and land him in the Guinness Book of World Records. This is his story, a thrill ride that begins in his native Argentina, crosses Panama in the tumultuous time of Noriega, Mexico in the midst of an earthquake, and finds him broke in L.A. where, in a chance meeting, Muhammad Ali gives him fifty dollars and a signed book. Breaching the Iron Curtain, crossing the Berlin Wall at Checkpoint Charlie, being blessed by the Pope, set upon by cannibals in Sierra Leone, fleeing Somalia on a freighter, Scotto's adventures would be unbelievable if they weren't true. His tale of touring the world from Tunisia to Turkey, Petra to Afghanistan, Yugoslavia to Singapore, traveling miles enough to take him to the moon and back, is unlike any ever told. Come along, for the ride of a lifetime.
