International Handbook of Children, Media and Culture Jun 10 2021 This essential volume brings together the work of internationally-renowned researchers, each experts in their field, in order to capture the diversity of children and young people's media cultures around the world. Why are the media such a crucial part of children's daily lives? Are they becoming more important, more influential, and in what ways? Or does a historical perspective reveal how past media have long framed children's cultural horizons or, perhaps, how families - however constituted - have long shaped the ways children relate to media? In addressing such questions, the contributors present detailed empirical cases to uncover how children weave together diverse forms and technologies to create a rich symbolic tapestry which, in turn, shapes their social relationships. At the same time, many concerns - even public panics - arise regarding children's engagement with media, leading the contributors also to inquire into the risky or problematic aspects of today's highly mediated world. Deliberately selected to represent as many parts of the globe as possible, and with a commitment to recognizing both the similarities and differences in children and young people's lives - from China to Denmark, from Canada to India, from Japan to Iceland, from - the authors offer a rich contextualization of children's engagement with their particular media and communication environment, while also pursuing cross-cutting themes in terms of comparative and global trends. Each chapter provides a clear orientation for new readers

to the main debates and core issues addressed, combined with a depth of analysis and argumentation to stimulate the thinking of advanced students and established scholars. Since children and young people are a focus of study across different disciplines, the volume is thoroughly multi-disciplinary. Yet since children and young people are all too easily neglected by these same disciplines, this volume hopes to accord their interests and concerns they surely merit.

Engage the Fox Sep 20 2019 A more-than-memorable allegory that will teach you to embrace change, develop superior critical-thinking skills, and solve any problem that comes your way by using teamwork. Engage the Fox is a charismatic business fable set at a newspaper run by publisher Hedgehog, and his executive team of woodland creatures. When met with a difficult decision regarding where the newspaper industry is headed, as well as pressure to give discounts to their top advertisers, Hedgehog engages consultant Thaddeus P. Fox to teach the team at The Toad Hollow Gazette how to make important decisions. By thinking critically and utilizing the different personality types present in the office, the team learns to see the big picture and tap the energy and imagination of everyone. The animals portrayed here, by their very nature, represent different aspects of the human personality as illustrated in the Myers-Briggs Type Indicator. Sensing sales manager Squirrel is adept at gathering information; feeling Animal relations director Dog is keen on seeking agreement amongst the pack; thinking finance director Owl needs to know the entirety of a situation before settling on a decision; and intuitive consultant Fox can think up an endless amount of ideas for solving problems. The authors base their book on Lawrence Chester's popular course in critical thinking that helps participants identify the cause of problems large and small and generate better, more implementable solutions. That process incorporates four key critical thinking skills that businesspeople can develop to help them evaluate their options as they learn how to manage complex, messy issues in a systematic way that ensures stakeholder buy-in and increases their success rate. Lawrence and Chester have created an entertaining imaginary world where the memorable management team that has lived and breathed their industry for decades "engages the fox" as they undergo a strategic shift. They recognize the need to involve someone with an outside perspective who is adept at navigating change. Enter the hero, for, as is often quoted in management and political theory, "The fox knows many things; the hedgehog one big thing." Literally and figuratively, it seems.

Working Guide to Drilling Equipment and Operations Aug 24 2022 Working Guide to Drilling Equipment and Operations offers a practical guide to drilling technologies and procedures. The book begins by introducing basic concepts such as the functions of drilling muds; types of drilling fluids; testing of drilling systems; and completion and workover fluids. This is followed by discussions of the composition of the drill string; air and gas drilling operations; and directional drilling. The book identifies the factors that should be considered for optimized drilling operations: health, safety, and environment; production capability; and drilling implementation. It explains how to control well pressure. It details the process of fishing, i.e. removal of a fish

(part of the drill string that separates from the upper remaining portion of the drill string) or junk (small items of non-drillable metals) from the borehole. The remaining chapters cover the different types of casing and casing string design; well cementing; the proper design of tubing; and the environmental aspects of drilling. Assault: The Ja-gee In Extremis: Book 3 of the Laner Series Mar 27 2020 Commodore Arthur Laner and the crew of Peregrine have driven the remnants of the Ja-gee invasion fleet from the Brasilia star system, but it has been a pyrrhic victory. The missile carrier fleet and Swarm fleet are gone. Brasilia is smashed. And the Ja-gee will be back, worse than ever before. Laner and Peregrine must rescue survivors, establish a new base, make salvage into starships, and train the battle groups that will carry the fight to the Ja-gee. That would have been too much as it is. But unlocking the secrets of a captured Ja-gee juggernaut poses more questions than it answers. Assassins wait around every corner. Nepotism puts incompetent officers in critical posts. And the Ja-gee are making their own preparations. Can Humanity survive, or is Laner just delaying the inevitable?

The Complete Ministry of Curiosities Series: 10-Book Boxed Set Mar 19 2022 This boxed set contains all 10 books in C.J. Archer's popular MINISTRY OF CURIOSITIES series. PRAISE FOR THE MINISTRY OF CURIOSITIES SERIES "C.J. Archer has expertly weaved fantasy, mystery and a dash of romance together to make the perfect story and I will be reading more by her in the future!" ★★★★★ Cosying Up With Books "Simply put: This book is pretty darn bad a\$\$\$. I highly recommend The Last Necromancer to all fans of

fantasy" ★★★★★ My Book Addiction "I like to be kept on my toes, but this was more like on my toe nails! Without a doubt one of my new favorite reads" ★★★★★ Mama Reads Book Blog "An addictive read" ★★★★★ Hooked on Books "The Last Necromancer was simply fantastic." ★★★★★ Book and Coffee Addict DESCRIPTION OF BOOK 1: THE LAST NECROMANCER For five years, Charlotte (Charlie) Holloway has lived as a boy in the slums. But when one theft too many gets her arrested, her only means of escape lies with a dead man. Charlie hasn't raised a spirit since she first discovered she could do so five years ago. That time, her father banished her. This time, she brings even more trouble upon herself. People are now hunting Charlie all over London, but only one man succeeds in capturing her. Lincoln Fitzroy is the mysterious head of a secret organization on the trail of a madman who needs a necromancer to control his newly "made" creatures. There was only one known necromancer in the world - Charlotte - but now there appears to be two. Lincoln captures the willful Charlie in the hopes the boy will lead him to Charlotte. But what happens when he discovers the boy is in fact the young woman he's been searching for all along? And will she agree to work for the man who held her against her will, and for an organization she doesn't trust? Because Lincoln and his ministry might be just as dangerous as the madman they're hunting.

Bitten (A Reflections Series Bundle) Jul 23 2022 Some stories are too big for one timeline. Continue the action-packed love story started in Dean Murray's first two Reflections novels, Broken and Torn. Bitten is a boxed set of the next 6 titles in the Reflections universe plus Longing, a bonus short story. Combined, the titles in this boxed set have more than 270 five-star reviews and now for the first time ever they are available in one volume with a special price that is 37% off of the normal cost. In Bitten you'll get: Splintered (Reflections Volume 3) Most girls would have killed to be in Adri's shoes, in fact several people think that's exactly what she did. Of course life with a pack of shape shifters isn't quite what she expected. The time with Alec is great, but now that the rival pack is out of the picture, Alec's wolves are all starting to turn on each other, and Adri is finding there is less and less she can do to help hold the pack together. Alec's determination to keep her at arm's length physically is just as frustrating as always, but his ongoing refusal to explain the larger world the pack is operating in is starting to become more than just something that keeps Adri up at night. It's starting to look like something that could get them all killed. Intrusion (Reflection Volume 4) Jess awoke to a world she doesn't really understand, hounded by impulses that are quite literally more than any human could be expected to control. It's painfully evident that her friends and family are doing everything they can to help her regain her footing, but she can't help resenting the fact that none of them lost as deeply as she lost in their last confrontation with the Coun'hij. More than anything she wants to turn to Alec for help. The alpha of the pack should be a constant source of strength and reassurance, but in his own way he's nearly as damaged as she is. What's worse, a new threat has just arrived in Sanctuary and Jess is starting to wonder if Alec will sacrifice her as the weakest link in a crippled pack. Numb (Reflections Volume 4.5) Adriana Paige didn't see her breakup with Alec Graves coming any more than he did, but at the time she couldn't see any other way to stop him from turning into some kind of monster. For weeks now she's been haunted by the worry that she made a terrible mistake, but she's thousands of miles away from Sanctuary now and there's nothing left but to try and soldier on. Alec Graves had just finished standing off the single most dangerous group of shape shifters in the world when Adri told him she was moving away. He'd always known that being the alpha of his small pack would come with costs, but he never imagined that losing Adri would be one of them. Alec and Adri are two damaged hearts with one thing in common. They would both give almost anything to be free of their pain. They just want to be numb. Trapped (Reflections Volume 5) Kristin has always been firmly grounded in reality. Trading in small-town Idaho for an Ivy-League school wasn't going to be an easy proposition and making it happen wasn't going to leave her time for unnecessary things like crushes on boys. Kristin is about to find out that all of the creatures she thought were nothing more than myth are actually quite real. One of the worst of them is after her, an unstoppable killing machine that will chase her across a continent. Kristin is completely out of her depth. Her one hope is a mysterious guy with dangerous skills and a dark past. He's the kind of guy that Kristin knows she shouldn't get involved with, but as their attraction grows it becomes apparent that being with him is going to require an even bigger sacrifice than she realized. Forsaken (Reflections Volume 6) The power he needs to protect his friends and family is just outside of Alec Graves' reach. The dominant shape shifter pack in North America is circling like vultures and there are other, more savage opponents approaching

in the distance. Given the danger he's in, Alec doesn't have time for a broken heart, but Adri's departure has left him barely able to function. The pressures inside his pack are building to lethal levels and for the first time in his life, he's not sure he can walk the path that honor demands of him. Walking out on Alec was the hardest thing Adri had ever done, but she didn't bargain for the long-term impacts that would be involved. She hasn't been able to get past her feelings for him yet and it's starting to impact nearly every aspect of her life. Even more concerning, she now knows what the darkness really hides. Dangers that she thought she'd left behind in Sanctuary are stalking her again, but this time Alec's pack isn't in a position to protect her. Scent of Tears (A Reflections Short Story) Living in the city is hard for a shape shifter, especially one as young as Shawn. He's been anticipating the coming trip out to the country for months. The fact that he's going to be allowed to run around unescorted only makes things better. The vacation turns serious when he decides to leave the estate. A pack of hunting dogs is more than capable of bringing even a shape shifter to bay, and he's starting to understand that more than just his own survival hinges on what he does next. Longing Abby's one year from graduation, and headed nowhere. A steady regimen of parties and drugs isn't what she really wants to be doing, but sometimes she needs a little something extra just to make it through the day. This party wasn't supposed to be any different than the rest, but when things take a turn for the worse, help steps in from an unexpected source. Bitten is a collection of young adult epic paranormal romance stories with vampires, werewolves and shape shifters.
