Light in the Darkness May 20 2021 As featured in THE EDGE OF ALL WE KNOW - the new Netflix documentary about Black Holes For readers of Stephen Hawking, a fascinating account of the universe from the perspective of world-leading astrophysicist Heino Falcke, who took the first ever picture of a black hole. 10th April 2019: a global sensation. Heino Falcke, a man "working at the boundaries of his discipline and therefore at the limits of the universe" had used a network of telescopes spanning the entire planet to take the first picture of a black hole. *Light in the Darkness* examines how mankind has always looked to the skies, mapping the journey from millennia ago when we turned our gaze to the heavens, to modern astrophysics. Heino Falcke and Jorg Romer entertainingly and compellingly chart the breakthrough research of Falcke's team, an unprecedented global community of international colleagues developing a telescope complex enough to look directly into a black hole - a hole where light vanishes, and time stops. What does this development mean? Is this the beginning of a new physics? What can we learn from this about God, the world, and ourselves? For Falcke, astrophysics and metaphysics, science and faith, do not exclude one another. Black Hole is both a plea for curiosity and humility; it's interested in both what we know, and the mysteries that remain unsolved.

Rulers of the Darkness Aug 11 2020 In his previous 'Darkness' books - Into the Darkness, Darkness Descending, and Through the Darkness - bestselling author Harry Turtledove has been telling an epic tale of a world at war; a dark mirror of the terrible wars of our own twentieth century, set in a world where battles are fought with magic rather than technology. This is the world of the Derlaviaian continent, a world that is slowly but surely being conquered, mile after bloody mile, by the forces of the Algarvian Empire... forces whose most terrible battle magics are powered by the slaughter of innocent people. In this, the fourth volume of the series, following on from Through the Darkness, the war for the future of Derlavai builds towards its crescendo as the mages of Kuusamo, aided by their former rivals from Lagoas, work desperately to create a newer form of magic. Magic of unprecedented destructive power. Magic that will change the course of the future.

Tears in the Darkness Dec 15 2020 *Tears in the Darkness* is an altogether new look at World War II that exposes the myths of war and shows the extent of suffering and loss on both sides. For the first four months of 1942, U.S., Filipino, and Japanese soldiers fought what was America's first major land battle of World War II, the battle for the tiny Philippine peninsula of Bataan. It ended with the surrender of 76,000 Filipinos and Americans, the single largest defeat in American military history. The defeat, though, was only the beginning, as Michael and Elizabeth M. Norman make dramatically clear in this powerfully original book. From then until the Japanese surrendered in August 1945, the prisoners of war suffered an ordeal of unparalleled cruelty and savagery: forty-one months of captivity, starvation rations, dehydration, hard labor, deadly disease, and torture—far from the machinations of General Douglas MacArthur. The Normans bring to the story remarkable

feats of reportage and literary empathy. Their protagonist, Ben Steele, is a figure out of Hemingway: a young cowboy turned sketch artist from Montana who joined the army to see the world. Juxtaposed against Steele's story and the sobering tale of the Death March and its aftermath is the story of a number of Japanese soldiers.

Trusting God in the Darkness Nov 13 2020 It's easy for us to trust God when life is going well. But when suffering comes, trusting God's goodness, his attentiveness to what's going on in the world, and his justice becomes far more difficult. In times of intense suffering, many of us ask, Why does God allow these things to happen? In the Bible, Job is known for facing intense personal suffering. Yet, upon closer examination, we find the book of Job is about more than just Job's calamities; it's a story about God and his relationship to Christ and his people in their suffering. In this helpful guide, Christopher Ash helps us explore the question, Where is God in the midst of suffering? As we read, meditate, and pray through the book of Job, we will find assurance that God will be with us in Christ through every season and trial.

This Brilliant Darkness: A Book of Strangers Oct 13 2020 A visionary work of radical empathy. Known for immersion journalism that is more immersed than most people are willing to go, and for a prose style that is somehow both fierce and soulful, Jeff Sharlet dives deep into the darkness around us and awaiting us. This work began when his father had a heart attack; two years later, Jeff, still in his forties, had a heart attack of his own. In the grip of writerly self-doubt, Jeff turned to images, taking snapshots and posting them on Instagram, writing short, true stories that bloomed into documentary. During those two years, he spent a lot of time on the road: meeting strangers working night shifts as he drove through the mountains to see his father; exploring the life and death of Charley Keunang, a once-aspiring actor shot by the police on LA's Skid Row; documenting gay pride amidst the violent homophobia of Putin's Russia; passing time with homeless teen addicts in Dublin; and accompanying a lonely woman drifting into dementia, whose only friend was a houseplant, on shopping trips. Early readers have called this book "incantatory," the voice "prophetic," in "James Agee's tradition of looking at the reality of American lives." Defined by insomnia and late-night driving and the companionship of other darkness-dwellers—night bakers and last-call drinkers, frightened people and frightening people, the homeless and the lost (or merely disoriented), other people on the margins—*This Brilliant Darkness* erases the boundaries between author, subject, and reader to ask: how do people live with suffering?
