The Ultimate Owner's Manual Sep 02 2020

Absolute Fear May 10 2021 From #1 New York Times bestselling author Lisa Jackson comes a pulse-pounding novel featuring two of her most acclaimed characters, New Orleans detectives Rick Bentz and Reuben Montoya--as a series of ritual slayings draw a psychology student back to a decaying asylum . . . Eve Renner loved Cole Dennis--until the moment he tried to kill her. That was three months ago, when Eve was lured to a cabin where she found an old friend brutally murdered. Eve is almost positive it was Cole's face she saw right before she was shot. But her memories were too shaky to stand up to trial. Cole is a free man again. And a new string of killings has begun. The murders all link back to Our Lady of Virtues, the asylum where Eve's father worked as a doctor. She wandered those hallways as a child, exploring hidden rooms and chambers, too young to understand what was happening there. Now, with every victim found, each body tattooed with a number, the pieces of a deadly puzzle fall into place--and all point back to Eve and the ruins of the once-grand hospital. Detective Reuben Montoya and his partner, Rick Bentz, once convinced of Cole's guilt, now suspect a deeper evil at work. Eve knows she has little choice but to return to Our Lady of Virtues--and to trust Cole in her search for answers. But as Eve's memories gradually return, they only lead her closer to danger, toward the final, meticulously planned act of a killer obsessed with vengeance--and with her.

International and Comparative Business Feb 07 2021 'Erudite and accessible, McCann demonstrates how the national gets reconfigured around the global without losing some of its unique features. Far from being a one-size-fits-all Anglo-American template, neoliberalism comes in many different hues and variations. This is by far the best textbook in the field and is destined to become a classic for years to come.' Manfred B. Steger, Professor of Political Science at the University of Hawai'i-Manoa, Honolulu, Hawai'i, USA 'A sweeping examination of systems of capitalism in theory and in the world's major industrial economies leads Leo McCann to challenge the conventional wisdom on globalization. Historical analysis of the evolution of business systems and detailed examination of present practice demonstrate persuasively that, despite facing common challenges, distinctive national differences remain salient. A must read for anyone who needs to understand how business systems operate in an increasingly interdependent world economy.' - Dr Eileen Appelbaum, Senior Economist, Center for Economic and Policy Research, Washington, DC, USA Globalization has profound effects on national economies even as distinct national 'models' of capitalism remain. *International and Comparative Business* accessibly tracks the historical and socio-political contexts of the world's major countries on a chapter-by-chapter basis to the present day. The book provides a comprehensive, critical, yet concise introduction to each of the economies' key features, including macro overviews as well as organizational and workplace-level analysis. Each chapter features learning objectives, in-depth interpretation and critique of key literature, and annotated further reading to allow readers to rigorously navigate their way through the wealth of material available for each country. This text is essential reading for students and researchers in the areas of international business and cross-cultural management, comparative political economy, and history. Leo McCann is Senior Lecturer in International and Comparative Management at Manchester Business School, University of Manchester, UK
