Maimonides and the Book That Changed Judaism Sep 19 2021 A publishing sensation long at the top of the best-seller lists in Israel, the original Hebrew edition of Maimonides and the Book That Changed Judaism has been called the most successful book ever published in Israel on the preeminent medieval Jewish thinker Moses Maimonides. The works of Maimonides, particularly The Guide for the Perplexed, are reckoned among the fundamental texts that influenced all subsequent Jewish philosophy and also proved to be highly influential in Christian and Islamic thought. Spanning subjects ranging from God, prophecy, miracles, revelation, and evil, to politics, messianism, reason in religion, and the therapeutic role of doubt, Maimonides and the Book That Changed Judaism elucidates the complex ideas of The Guide in remarkably clear and engaging prose. Drawing on his own experience as a central figure in the current Israeli renaissance of Jewish culture and spirituality, Micah Goodman brings Maimonides's masterwork into dialogue with the intellectual and spiritual worlds of twenty-first-century readers. Goodman contends that in Maimonides's view, the Torah's purpose is not to bring clarity about God but rather to make us realize that we do not understand God at all; not to resolve inscrutable religious issues but to give us insight into the true nature and purpose of our lives.

A Divine Revelation of Heaven & Hell Jun 16 2021 In A Divine Revelation of Heaven, after thirty nights in which God gave her visions of the depths of hell and the punishments of the lost, Mary K. Baxter was shown for ten nights the glories of heaven--the home of redeemed souls. Included in this book are her depictions of heaven's gates, angels, music, worship, storehouses of blessings, joyful heavenly citizens, four living creatures, and brilliant throne of God. Mary also describes heaven's perfect order and purpose, what happens to children, and much more. These breathtaking glimpses of heaven, interspersed with applicable Bible verses, will turn your heart toward the beauty and joy that await every believer in Christ. In A Divine Revelation of Hell, over a period of thirty nights, God gave Mary K. Baxter visions of hell and commissioned her to tell people still alive on earth to reject sin and evil, and to choose life in Christ. Here is an account of the place and beings of hell contrasted with the glories of heaven. Follow Mary in her supernatural journey as she enters with Jesus into a gateway to hell and encounters the sights, sounds, and smells of that dark place of torment, including its evil spirits, cells, pits, jaws, and heart. Be an eyewitness to the various punishments of lost souls and hear their shocking stories. This book is a reminder that each of us needs to accept the miracle of salvation before it is too late--and to intercede for those who do not yet know Christ. Time is running out.

Googled Dec 11 2020 A revealing, forward-looking examination of the outsize influence Google has had on the changing media Landscape. There are companies that create waves and those that ride or are drowned by them. As only he can, bestselling author Ken Auletta takes readers for a ride on the Google wave, telling the story of how it formed and crashed into traditional media businesses?from newspapers to books, to television, to movies, to telephones, to advertising, to Microsoft. With unprecedented access to Google?s founders and executives, as well as to those in media who are struggling to keep their heads above water, Auletta reveals how the industry is being disrupted and redefined. Using Google as a stand-in for the digital revolution, Auletta takes readers inside Google?s closed-door meetings and paints portraits of Google?s notoriously private founders, Larry Page and Sergey Brin, as well as those who work with?and against?them. In his narrative, Auletta provides the fullest account ever told of Google?s rise, shares the ?secret sauce? of Google?s success, and shows why the worlds of ?new? and ?old? media often communicate as if residents of different planets. Google engineers start from an assumption that the old ways of doing things can be improved and made more efficient, an approach that has yielded remarkable results? Google will generate about \$20 billion in advertising revenues this year, or more than the combined prime-time ad revenues of CBS, NBC, ABC, and FOX. And with its ownership of YouTube and its mobile phone and other initiatives, Google CEO Eric Schmidt tells Auletta his company is poised to become the world?s first \$100 billion media company. Yet there are many obstacles that threaten Google?s future, and opposition from media companies and government regulators may be the least of these. Google faces internal threats, from its burgeoning size to losing focus to hubris. In coming years, Google?s faith in mathematical formulas and in slide rule logic will be tested, just as it has been on Wall Street. Distilling the knowledge accrued from a career of covering the media, Auletta will offer insights into what we know, and don?t know, about what the future holds for the imperiled industry.
