Ducati Desmoquattro Superbikes May 09 2021 Ducati stunned the world in 1988 when the struggling, small Italian firm unleashed its Desmoquattro -- 8-valve, desmodromic -- Superbike. The bike found success on the world's racetracks right from the start. Road-going versions soon carried that success to the general public, proving this design wasn't just another noisy prototype. The Superbikes -- 748, 851, 888, 916, and 996 -- are now Ducati's best-selling machines in the United States; and the Desmoquattro engine found its way into the company's more pedestrian series such as the Monster roadster and ST4 sport-tour. This is the comprehensive volume on Ducati's ultimate performance motorcycles and replaces the out-of-print Ducati Super Bikes: 851, 888, 916.

The Ghost of Drowned Meadow Aug 12 2021 From Kelley Skovron comes a ghostly mystery that explores the little-known history of Nazi indoctrination camps in the United States. It started off small. Just a dripping outside my window. When Morgan witnesses some eerie happenings in her family's new house, at first she shrugs them off. But as the unsettling dripping noises—and the sounds of someone crying—become more frequent, she starts to get nervous. Then a neighbor asks Morgan a blood-chilling question: What's it like to live in a haunted house? It seems Morgan's new home is notorious in the town of Port Jefferson, all because of Joseph Klaus, a boy who drowned in the 1930s after vanishing from his summer camp. Morgan begins learning all she can about the Klaus boy and uncovers the little-known history of the German American Bund, a Fascist organization that indoctrinated children and forced them into labor. Klaus wasn't just escaping from any old summer camp—he was fleeing American Nazis. As Morgan discovers the heartbreaking history of her new town, she'll have to do everything she can to protect her family from the spirits it left behind. Because the ghost of Joseph Klaus is still trying to get home—even if he drowns the people living there.

Jupiter's Travels Jun 10 2021 Jupiter's Travels -Ted Simon's astonishing 4 year motorbike journey around the world The book that inspired Ewan McGregor's Long Way Round In the late 1970s Ted Simon set off on a Triumph and rode 63,000 miles over four years through fifty-four countries in a journey that took him around the world. Through breakdowns, prison, war, revolutions, disasters and a Californian commune, he travelled into the depths of fear and reached the heights of euphoria. He met astonishing people and was treated as a spy, a welcome stranger and even a god. For Simon the trip became a journey into his own soul, and for many others - including bikers Charley Boorman and Ewan McGreggor - it provides an inspiration they will never forget. This classic text, which has informed a whole genre of travel writing in the thirty years since it was first published, will never be bettered for sheer adventure, passion, humour and honesty. Brought up in England by a German mother and a Romanian father, Ted Simon found himself impelled by an insatiable desire to explore the world. It led him to abandon an early scientific career in favour of journalism, and he has worked for several newspapers and magazines on Fleet Street and elsewhere. Ted Simon is also the author of Riding Home and The Gypsy in Me.

The Devil Tree Jan 05 2021 A searing novel from a writer of international stature, The Devil Tree is a tale that combines the existential emptiness of Camus's The Stranger with the universe of international playboys, violence, and murder of Patricia Highsmith's The Talented Mr. Ripley. Jonathan Whalen's life has been determined from the start by the immense fortune of his father, a steel tycoon. Whalen's childlike delight in power and status mask a greater need, a desire to feel life intensely, through drugs, violence, sex, and attempts at meaningful connection with other people — whether lovers or the memory of his dead parents. But the physical is all that feels real to him, and as he embarks on a journey to Africa with his godparents, Whalen's embrace of amoral thrill accelerates toward ultimate fulfillment. Now in a Grove Press paperback, Kosinski's classic, acclaimed as "an impressive novel ... it should confirm Jerzy Kosinki's position as one of our most significant writers" — Newsweek "Savage ... [Whalen is] a foolproof, timeless American character." — Mary Ellin Barrett, Cosmopolitan

Charting Transnational Fields Nov 22 2019 The volume provides a field-analytical methodology for researching knowledge-based sociopolitical processes of transnationalization. Drawing on seminal work by Pierre Bourdieu, we apply concepts of practice, habitus, and field to phenomena such as cross-national social trajectories, international procedures of evaluation, standardization, and certification, or supranational political structures. These transnational phenomena form part of general political struggles that legitimate social relationships in and beyond the nation-state. Part 1 on methodological foundations discusses the consequences of Bourdieu's epistemology and methodology for theorizing and investigating transnational phenomena. The contributions show the importance of field-theoretical concepts for post-national insights. Part 2 on investigating political fields presents exemplary case studies in diverse research areas such as colonial imperialism, international academic rankings, European policy fields, and local school policy. While focusing on their research objects, the contributions also give an insight into the mechanisms involved in processes of transnationalization. The volume is an invitation for sociologists, political scientists, and scholars in adjacent research areas to engage with reflexive and relational research practice and to further develop field-theoretical thought.

Kini ia hampir khatam menjelajahi Indonesia, Jawa, Sumatra, Kalimantan, Sulawesi, hingga Nusa Tenggara. Rute jelajahnya pun meluas hingga India, Nepal, Tiongkok, Maroko, Eropa, dan Amerika Serikat! Baik tur dalam grup motor maupun petualangan solo riding (ya, jalan-jalan mengendarai motor sendiri), mengajari untuk mengenal alam, keberagaman manusia, menertawai kebodohan diri, toleransi, yang pada gilirannya akan menguatkan cinta kepada Sang Pencipta.
