Welcome to the Monkey House: The Special Edition Jan 07 2023 Since its original publication in 1968, *Welcome to the Monkey House* has been one of Kurt Vonnegut's most beloved works. This special edition celebrates a true master of the short-story form by including multiple variant drafts of what would eventually be the title story. In a fascinating accompanying essay, "Building the Monkey House: At Kurt Vonnegut's Writing Table," noted Vonnegut scholar Gregory D. Sumner walks readers through Vonnegut's process as the author struggles—false start after false start—to hit upon what would be one of his greatest stories. The result is the rare chance to watch a great writer hone his craft in real time. Includes the following stories: "Where I Live" "Harrison Bergeron" "Who Am I This Time?" "Welcome to the Monkey House" "Long Walk to Forever" "The Foster Portfolio" "Miss Temptation" "All the King's Horses" "Tom Edison's Shaggy Dog" "New Dictionary" "Next Door" "More Stately Mansions" "The Hyannis Port Story" "D.P." Life of John Bunyan Mar 17 2021 "All who have undertaken to take an estimate of Bunyan's literary genius call special attention to the richness of his imaginative power. Few writers indeed have possessed this power in so high a degree. In nothing, perhaps, is its vividness more displayed than in the reality of its impersonations. The dramatis persons are not shadowy abstractions, moving far above us in a mystical world, or lay figures ticketed with certain names, but solid men and women of our own flesh and blood, living in our own everyday world, and of like passions with ourselves. Many of them we know familiarly; there is hardly one we should be surprised to meet any day. This lifelike power of characterization belongs in the highest degree to 'The Pilgrim's Progress.' It is hardly inferior in "The Holy War," though with some exceptions the people of 'Mansoul' have failed to engrave themselves on the popular memory as the characters of the earlier allegory have done. The secret of this graphic power, which gives 'The Pilgrim's Progress' its universal popularity, is that Bunyan describes men and women of his own day, such as he had known and seen them. They are not fancy pictures, but literal portraits."--Edmund Venables, M.A. (Author) - Amazon.com

[Marcia Langton: Welcome to Country Schools Edition](#) Nov 05 2022 'Australia is alive with the long history of the Aboriginal and Torres Strait Islander people, our cultures and our stories. My generation of Aboriginal people want young Australians to be taught more about our history and culture than we were. I have met very few Australians who learned anything in school about Aboriginal and Torres Strait Islander people. Many have told me that if they were taught anything at all, it was incorrect and often racist. In fact, many Australians think that the only 'real' Aboriginal people are those who live in the deserts. This idea is based on two centuries of racist views that were wrong and should have no place in modern Australia.' - Professor Marcia Langton Written by one of Australia's most prominent Indigenous voices, *Welcome to Country's* essential reading for every young Australian. The chapters cover prehistory, post-colonial history, language, kinship, knowledge, art, performance, storytelling, Native Title, the Stolen Generations, making a rightful place for First Australians and looking to the future for Indigenous Australia. This book is for the new Australian generations and works towards rectifying the wrongs of this country's past. You will quickly appreciate how lucky we are to be the home of the world's oldest continuing civilisation - which is both diverse and thriving in Australia today. Detailed teachers' notes that explain how to apply the book to a range of subjects for Years 7 through 10 students can be downloaded online through the Hardie Grant website.
