United States Congressional Serial Set Mar 08 2020

Defending Planet Earth Jan 18 2021 The United States spends approximately \$4 million each year searching for near-Earth objects (NEOs). The objective is to detect those that may collide with Earth. The majority of this funding supports the operation of several observatories that scan the sky searching for NEOs. This, however, is insufficient in detecting the majority of NEOs that may present a tangible threat to humanity. A significantly smaller amount of funding supports ways to protect the Earth from such a potential collision or "mitigation." In 2005, a Congressional mandate called for NASA to detect 90 percent of NEOs with diameters of 140 meters or greater by 2020. Defending Planet Earth: Near-Earth Object Surveys and Hazard Mitigation Strategies identifies the need for detection of objects as small as 30 to 50 meters as these can be highly destructive. The book explores four main types of mitigation including civil defense, "slow push" or "pull" methods, kinetic

impactors and nuclear explosions. It also asserts that responding effectively to hazards posed by NEOs requires national and international cooperation. *Defending Planet Earth: Near-Earth Object Surveys and Hazard Mitigation Strategies* is a useful guide for scientists, astronomers, policy makers and engineers.

Write an Effective Funding Application Aug 13 2020 The book includes detailed information on developing budgets, "before and after" versions of proposals, and descriptions of common pitfalls that everyone can avoid.

[Writing For A Good Cause](#) Dec 05 2019 Provides tips for the novice on writing effective, persuasive grant proposals for non-profit organizations, and discusses researching donors, communicating the organization's needs, and editing drafts.

The Complete Guide to Investing in Exchange Traded Funds Sep 25 2021 The growth of Exchange Traded Funds (ETFs) in recent years alongside an unprecedented access to investment resources by any individual with a computer has led to a major boost in the market for many of these funds. According to recently released numbers reported in the *Chicago Tribune*, there are more than \$608 billion in assets within ETFs, with almost \$400 billion of that in domestically traded assets an increase of almost 40 percent in one year. This book will provide for you a complete guide to both understanding how to invest in Exchange Traded Funds and to earn the highest possible rates of return without risking your financial future. You will learn why the ETF has become the next major addition to essentially every casual trader's portfolio, offering a viable alternative to high-fee mutual funds and Wall Street infused stock trading. You will discover the multiple ways in which you can build the stock equity side of your portfolio, through large and small growth, sector investing, international investing, and with specialized stock ETFs. In addition to standard forms of ETFs, you will learn the various forms of Bond ETFs, Real Estate Investment Trading ETFs, and Commodity ETFs for gold, silver, and other precious metals. Also, you will discover why you should include a mixture of non-ETF investments in your portfolio to remain diversified at all times. A special section detailing a sample ETF portfolio and how yours should be organized will help you understand the format and building structure for ETF investments. The keys to buying and holding successfully, a stark change from normal investment strategies, will help you learn what ETFs do differently, while the listing of rule exceptions make it easy to recognize when you will have even more options than you originally expected. Through countless hours of interviews with financial professionals and newly independent traders like yourself, you will learn exactly how ETFs are being used today to revolutionize the world of personal finance, including retirement funding, education savings, and portfolio diversification. A list of commonly asked questions will ensure that every possible question you currently have is taken care of and the top ten mistakes that every new investor makes when starting with ETFs will help keep you from increasing your risk. You will be shown the entire corral of trading options at your disposal, both online and offline, and how Internet trading can help to increase your returns even further. The vital task of risk management is touched on repeatedly within each chapter, while trading profiles help you understand which investments have been most successful in recent years. For anyone getting ready to start trading in the highly lucrative ETF market, this book is a must have tool. Atlantic Publishing is a small, independent publishing company based in Ocala, Florida. Founded over twenty years ago in the company president's garage, Atlantic Publishing has grown to become a renowned resource for non-fiction books. Today, over 450 titles are in print covering subjects such as small business, healthy living, management, finance, careers, and real estate. Atlantic Publishing prides itself on producing award winning, high-quality manuals that give readers up-to-date, pertinent information, real-world examples, and case studies with expert advice. Every book has resources, contact information, and web sites of the products or companies discussed.

The Complete Guide to Investing in Bonds and Bond Funds Feb 28 2022 Bonds have long been a stalwart of investment. More than \$100 billion was invested in municipal bonds alone in 2006. Now, with the economy a little less certain than it has been in recent decades, the demand for a secure place to invest money has led to resurgence in interest in the use of bonds for many investors. Because there are many peculiarities in bond investment, you must have a basic understanding of the market, the bond issuer, how to measure rates of return and how to maximize those rates. This book provides anyone who has never invested in bonds before the ideal handbook to start investing in and earning massive returns from bonds. You will learn everything the savvy investor needs to

effectively turn a high risk portfolio into a constantly growing, steadily developing source of wealth. You will learn how bonds operate on a very basic level, including the numerous different kinds of bonds and how bond funds can be a highly lucrative option. You will learn the fundamental differences between government, municipal, and corporate bonds and how much of a return you can expect from each. You will learn the basic methods of valuation and yield that bonds are measured by and how you can evaluate bonds with three basic steps. You will be guided through determining the face value, coupon rate, and sale price of a bond, as well as the ratings, insurance, maturity, callability, and taxes that might be associated with it. The importance of interest rates, inflation, and supply and demand in affecting the yield of your bonds will be detailed as well to ensure you make a careful investment. In addition to a comprehensive guide on the many options and methods of investing in bonds, dozens of interviews with financial gurus from around the nation have been conducted to provide critical, real world advice on how to successfully invest your money into bonds. You will be shown the risk free methods by which to invest in bonds, making low interest returns on U.S. government bonds, as well as the higher risk methods that will allow you to make great returns by investing in industrial and corporate bonds. You will learn how to look overseas for even more lucrative options and how to measure the risk of your bonds based on the debt in which you are investing and the callability of any one bond issuer. You will be shown how to effectively balance your portfolio to include bonds without ignoring the necessity and place for other investments. For any investor who has been agonizing over how to safely invest money for a high return, this book is for you, guiding you through the complex, but rewarding, world of bond investments. Atlantic Publishing is a small, independent publishing company based in Ocala, Florida. Founded over twenty years ago in the company president's garage, Atlantic Publishing has grown to become a renowned resource for non-fiction books. The Complete Guide to Hedge Funds and Hedge Fund Strategies Oct 27 2021 One-stop-guide to the hedge fund industry, investment and trading strategies adopted by hedge funds and the industry's regulation. For anyone with an interest in investing or managing funds, it presents everything practitioners need to know to understand these investment vehicles from their theoretical underpinnings, to how they work in practice.

The Complete Guide to Investing in Index Funds Jan 30 2022 Long kept a secret by financial insiders, index funds are rapidly growing in popularity. Index funds are unit trusts that track the performance of an index. An investor can buy shares comprising the index or buy a sample of shares that make up the index. A fund's value is linked to the index, meaning that if the index rises, the value of the fund also rises. Index funds outperform 80 percent of managed funds, and more and more investors are turning to these funds to reduce the anxiety and expense of trying to beat the market and predict what stocks, bonds, or mutual funds will perform well. In this book you will find out why insiders have kept these funds a secret and how you can benefit from them. In this

new, comprehensive book, you will learn the different indexing methods, including traditional indexing, synthetic indexing, and enhanced indexing, and you will learn the advantages of index funds, among them low costs, simplicity, and lower turnovers. You will read about diversification, asset allocation, capital gains tax considerations, enhanced index funds, and the common mistakes investors make with index funds. Furthermore, you will learn how to achieve balance, how individual funds perform, how to use exchange traded funds for effective asset allocation, how to choose the right fund, how to develop a portfolio, how to gauge portfolio risk, and how to determine your risk capacity. We will provide you with a list of funds, specific strategies, and step-by-step guidance on active indexing. We will explain the efficiency of indexing, the flexibility of active portfolio management strategies, and the benefits of index funds compared to traditional mutual funds. Whether you are a first time investor or a stock market pro, you will discover valuable information about how index funds work, what factors to consider before investing, and how to avoid common pitfalls. By reading *The Complete Guide to Investing in Index Funds* you will ultimately learn how to maximize your return while minimizing your risk. Atlantic Publishing is a small, independent publishing company based in Ocala, Florida. Founded over twenty years ago in the company president's garage, Atlantic Publishing has grown to become a renowned resource for non-fiction books. Proposed Highway Improvement Program Feb 16 2021 Presents the Department of Transportation's proposed highway improvement program for a five-year period.

The Professor Is In May 10 2020 The definitive career guide for grad students, adjuncts, post-docs and anyone else eager to get tenure or turn their Ph.D. into their ideal job Each year tens of thousands of students will, after years of hard work and enormous amounts of money, earn their Ph.D. And each year only a small percentage of them will land a job that justifies and rewards their investment. For every comfortably tenured professor or well-paid former academic, there are countless underpaid and overworked adjuncts, and many more who simply give up in frustration. Those who do make it share an important asset that separates them from the pack: they have a plan. They understand exactly what they need to do to set themselves up for success. They know what really moves the needle in academic job searches, how to avoid the all-too-common mistakes that sink so many of their peers, and how to decide when to point their Ph.D. toward other, non-academic options. Karen Kelsky has made it her mission to help readers join the select few who get the most out of their Ph.D. As a former tenured professor and department head who oversaw numerous academic job searches, she knows from experience exactly what gets an academic applicant a job. And as the creator of the popular and widely respected advice site *The Professor is In*, she has helped countless Ph.D.'s turn themselves into stronger applicants and land their dream careers. Now, for the first time ever, Karen has poured all her best advice into a single handy guide that addresses the most important issues facing any Ph.D., including: -When, where, and what to publish -Writing a foolproof grant application -Cultivating references and crafting the perfect CV -Acing the job talk and campus interview -Avoiding the adjunct trap -Making the leap to nonacademic work, when the time is right *The Professor Is In* addresses all of these issues, and many more.

Handbook of Hedge Funds May 22 2021 A comprehensive guide to the burgeoning hedge fund industry Intended as a comprehensive reference for investors and fund and portfolio managers, *Handbook of Hedge Funds* combines new material with updated information from Francois-Serge L'habitant's two other successful hedge fund books. This book features up-to-date regulatory and historical information, new case studies and trade examples, detailed analyses of investment strategies, discussions of hedge fund indices and databases, and tips on portfolio construction. Francois-Serge L'habitant (Geneva, Switzerland) is the Head of Investment Research at Kedge Capital. He is Professor of Finance at the University of Lausanne and at EDHEC Business School, as well as the author of five books, including *Hedge Funds: Quantitative Insights* (0-470-85667-X) and *Hedge Funds: Myths & Limits* (0-470-84477-9), both from Wiley.

Get Funded!: The Startup Entrepreneur's Guide to Seriously Successful Fundraising Jul 24 2021 From a TechCrunch founder and award-winning strategist comes the most comprehensive guide to the newest fundraising options for today's entrepreneurs. Fundraising for startups has changed dramatically in the past decade. There was a time when VCs were rock stars and a founder with a big idea and a little drive could raise a few hundred thousand dollars to build a business. But those days are gone. In the aftermath of the Great Recession and a massive drop in tech investments, it's become harder and harder for founders to raise money. The good news? Today's entrepreneurs have more options than ever before—with greater opportunities to get the ball rolling, get investors excited, and Get Funded! A comprehensive, cutting-edge guide from tech journalist and entrepreneur John Biggs and communication strategist Eric Villines, Get Funded! will enable you to: Create a solid business plan and a powerful story that investors respond to Explore a wide range of funding options—and find the ones that are right for you Understand valuation and dilution Plan, prepare, and deliver the perfect pitch Raise money through grants, micro-loans, micro-donations, and crowdfunding Take advantage of the latest online resources and financial tools Filled with step-by-step strategies, ready-to-use resources, and on-the-ground insights, this is a must-read for every entrepreneur. Even if you've started a business before, you'll discover a whole new funding landscape with exciting tech-driven models—including crowdfunding platforms like GoFundMe and Patreon, cryptocurrencies like Bitcoin, IEOs (Initial Exchange Offerings), micro-loans, and micro-donations—as well as more traditional, tried-and-true methods. Beyond a road map to the current world of funding, Get Funded! provides proven strategies for pitching, marketing, bootstrapping, and more. It's a complete 360-degree tool with easy-to-follow worksheets and online resources that will help you build a sustainable funding strategy that's right for your business—and crucial to your success. Whether you're starting a food truck or a biotech startup, Get Funded! has got you covered.
