[Radio as Art](#) Mar 30 2022 Acoustic signals, voice, sound, articulation, music and spatial networking are dispositifs of radiophonic transmission which have brought forth a great number of artistic practices. Up to and into the digital present radio has been and is employed and explored as an apparatus-based structure as well as an expanded model for performance and perception. This volume investigates a broad range of aesthetic experiments with the broadcasting technology of radio, and the use of radio as a means of disseminating artistic concepts. With exemplary case studies, its contributions link conceptual, recipient-response-related, and sociocultural issues to matters of relevance to radio art's mediation.

[InfoWorld](#) Mar 06 2020 InfoWorld is targeted to Senior IT professionals. Content is segmented into Channels and Topic Centers. InfoWorld also celebrates people, companies, and projects.

The Oxford Handbook of Sound and Image in Western Art Jan 28 2022 Résumé en 4ème de couverture: "This book examines different kinds of analogies, mutual influences, integrations, and collaborations of the audio and the visual in different art forms. The contributions, written by key theoreticians and practitioners, represent state-of-the-art case studies in contemporary art, integrating music, sound, and image with key figure of modern thinking constitute a foundation for the discussion. It thus emphasizes avant-garde and experimental tendencies, while analyzing them in historical, theoretical, and critical frameworks. The book is organized around three core subjects, each of which constitutes one section of the book. The first concentrates on the interaction between seeing and hearing. Examples of classic and digital animation, video art, choreography, and music performance, which are motivated by the issue of eye versus ear perception are examined in this section. The second section explores experimental forms emanating from the expansion of the concepts of music and space to include environmental sounds, vibrating frequencies, language, human habitats, the human body, and more. The reader will find here an analysis of different manifestations of this aesthetic shift in sound art, fine art, contemporary dance, multimedia theatre, and cinema. The last section shows how the new light shed by modernism on the performative aspect of music has led it-together with sound, voice, and text-to become active in new ways in postmodern and contemporary art creation. In addition to examples of real-time performing arts such as music theatre, experimental theatre, and dance, it includes case studies that demonstrate performativity in visual poetry, short film, and cinema. Sitting at the cutting edge of the field of music and visual arts, this book offers a unique, and at times controversial, view of this rapidly evolving area of study. Artists, curators, students, and scholars will find here a panoramic view of discourse in the field, presented by an international roster of scholars and practitioners."

These Are The Breaks Dec 15 2020 *These Are The Breaks* is the debut essay collection of NEA award-winning playwright, HBO Def Poet, and critically acclaimed "indie" rapper, Idris Goodwin. Diverse in scope and wickedly satirical, Goodwin's poetic essays sample race, class, and culture, transcending the page with hip-hop musicality. A rhythmic blend of biting wit and break-beat poetry, Goodwin's prose pulses with purpose. Remixing broken dreams and distorted legacies, Goodwin cross-fades past and present, personal and political: Motown's last vinyl factory juxtaposes against Bronx rap legends battling in open-air arenas; Chicago's Public School system contrasts against Santa Fe's tourism industry; an Egyptian child drowns in the Dead Sea as Nat Turner sprints across Death Valley. *These Are The Breaks* is the literary mixtape of our cacophonous times. *These Are The Breaks* creates a new literature entirely fresh, authentic and important. Essays from one of hip-hop's deftest public intellectuals contributing to the fields of prose, creative memoir, race theory, and music history. -Kevin Coval, "Slingshots (A Hip-Hop Poetica) Street smart, culturally sophisticated, ironic, and iconoclastic Idris Goodwin is one of the most talented and multifaceted young artists working today. His work, like the best art practices, helps us to see what we thought was obvious in a new and different way. -Calvin Forbes, "The Shine Poems," (A) refreshing... powerful and down-to-earth voice. -National Public Radio

Perplexing Plots Apr 18 2021 Narrative innovation is typically seen as the domain of the avant-garde. However, techniques such as nonlinear timelines, multiple points of view, and unreliable narration have long been part of American popular culture. How did forms and styles once regarded as "difficult" become familiar to audiences? In *Perplexing Plots*, David Bordwell reveals how crime fiction, plays, and films made unconventional narrative mainstream. He shows that since the nineteenth century, detective stories and suspense thrillers have allowed ambitious storytellers to experiment with narrative. Tales of crime and mystery became a training ground where audiences learned to appreciate artifice. These genres demand a sophisticated awareness of storytelling conventions: they play games with narrative form and toy with audience expectations. Bordwell examines how writers and directors have pushed, pulled, and collaborated with their audiences to change popular storytelling. He explores the plot engineering of figures such as Raymond Chandler, Agatha Christie, Dashiell Hammett, Patricia Highsmith, Alfred Hitchcock, Dorothy Sayers, and Quentin Tarantino, and traces how mainstream storytellers and modernist experimenters influenced one another's work. A sweeping, kaleidoscopic account written in a lively, conversational style, *Perplexing Plots* offers an ambitious new understanding of how movies, literature, theater, and popular culture have evolved over the past century.
