He helps preachers have a better conception of what it means to preach, a fuller understanding of the divinely granted privilege of preaching, and a greater excitement for the preaching ministry. Concluding biblical reflections reinforce the teaching of each chapter.

Execute Your Vision Jul 06 2020 Dreams and visions are amazing gifts from God. They are at the heart of God's plan for our lives. Anyone can have an idea, but not everyone will experience that vision come to fruition. This book explores how to turn visions into reality in a fast-moving world that is changing at an exponential rate. A lot of books have been written the past few decades on how to lead in a rapidly changing world. So why should you read another one? That question deserves an answer. This book focuses on the obstacles that keep most leaders from turning their visions into reality. In consulting with over 700 churches in the past 25 years, one problem clearly stands out above all the rest. Pastors find it hard to execute a vision. Ideas aren't hard to come by; making them happen is another thing altogether. This book will note how the Church missed out on prime opportunities during the middle of the 20th century in the United States when our culture went through a significant transition. Pastors, especially those who are younger, would do well to learn from these past lessons and apply that to a similar moment of transition in our contemporary society. As you read, you will find Reflection Points. They will help the you apply the concepts to your situation.

A Ministry Shaped by Mission Oct 09 2020 The book falls into three symmetrical parts, each of which is subdivided (the subdivisions are listed in the analytical Contents, making a Subject Index redundant). The first part, 'The Mission of God that Shapes our Ministry', draws on the missiological insights of Karl Barth and the Second Vatican Council concerning the *missio Dei* and directly relates this theme to the tasks entrusted to the Church in 'The Great Commission' of Matthew 28: the ministry of the Word, the celebration of the sacraments and the exercise of pastoral responsibility. It shows how Christians share in the ministry of Christ himself. The second part, 'A Ministry Shaped by the Mission of God', carries the argument forward by clarifying the much abused term 'ministry' and offering a more rigorous and somewhat controversial definition of ministry as work for the Church that is mandated by the Church and explicitly related to its core tasks. Ministers therefore represent both Christ and his Church. The third part, 'Ordained to a Ministry Shaped by Mission', applies the insights of the earlier parts to ordained and lay ministry and offers a cogent answer to the question, What difference does ordination make? The book concludes with an agenda for the reform and development of ministry in the light of the arguments advanced.

Power in Weakness May 16 2021 Envisioning cruciform community built on resurrection hope After Paul's encounter with the risen Christ on the road to Damascus, he turned from coercion and violence to a ministry centered on the hope of Christ's resurrection. In earthly terms, Paul had traded power for weakness. But—as he explained in his subsequent

letters—this “weakness” was actually the key to flourishing community that is able to experience God’s transformation, restoration, and healing. What would it mean for pastors today to take seriously Paul’s exhortation in 1 Corinthians 11:1 to “imitate me as I imitate Christ” and lead their congregations in this way? Instead of drawing leadership principles and practices from the worlds of business, education, and politics—which tend to orient churches around institutional power and image maintenance—Timothy Gombis follows Paul in resisting the influence of the “present evil age” by making cruciformity the operating principle of the church. Gombis guides the reader through practices and patterns that can lead a congregation past a focus on individual salvation, toward becoming instead a site of resurrection power on earth.

The Rebirth of the Church Jan 30 2020 Churches across the Western world have become increasingly fragmented and marginalized, often struggling to survive. Here Eddie Gibbs, a bestselling author and veteran church and culture expert, addresses the challenges of re-imagining the church in a post-Christian world. He gleans critical biblical insights from the early church’s experience to help contemporary leaders and churches minister more effectively. Gibbs compares and contrasts the social and cultural context of the twenty-first century with the first century, exploring what can be learned about the birthing of churches in the book of Acts and in Paul’s letters. He identifies the issues Paul faced in order to sustain a movement growing exponentially and considers what lessons might be learned in addressing current challenges in the church. The book examines vital issues not only for the survival of the church but also for its revitalization and rebirth, and provides direction for local churches on becoming agents of mission.

Pastoral Ministry according to Paul Jan 12 2021 What is the ultimate purpose of pastoral ministry? What emphases and priorities should take precedence? In the day-to-day emphasis on various pastoral roles and pragmatic concerns, what can sometimes get lost is the theological foundation for understanding pastoral ministry. James Thompson is a New Testament scholar with a concern for relating biblical studies to practical ministry. Here he does a careful study of several of Paul’s epistles in order to see what Paul’s vision and purpose were for his own ministry. He finds that Paul’s aim was an ethical transformation of the communities (not just individuals) with which he worked, so that they would live lives worthy of the gospel until Christ’s return. Using this as a framework, Thompson offers suggestions for practical application to contemporary ministry.

The Vision of the Age Jan 24 2022

The Fullness of Christ Aug 26 2019 In this groundbreaking study, John Howard Yoder searches for the New Testament vision of ministry. The author examines the vocabulary used by Paul and other New Testament writers in relation to the universal ministry of the church. The theological and sociological distinctions that have since developed between clergy and laity are also examined. Yoder concludes that the biblical texts point to the existence of a spirit-filled ministry given to all believers. While various offices of ministry are mentioned in the New Testament, the author argues that there was no laity as such in the early church. No distinctions were made between those who possessed spiritual gifts and those who did not. All members of the church were considered to have a valid ministry. Even though this radical concept of “universal ministry” was soon lost from the early church, it may serve as a catalyst for discussion today as the church faces increasing challenges in leadership.

Does Theological Education Make a Difference? Sep 27 2019 A consistent ecumenical emphasis, especially in discussions of theological education, has been the importance of "contextual theology" - theology expressed in a way that is authentic to the particular cultural situation in which the gospel is proclaimed. But what difference does radically contextual theological education make once the student begins ministry in the parish? That is the question this book addresses. Drawing on his tenure as a member of the faculty of Tamil Nadu Theological Seminary in Madurai, India, the author conducted extensive interviews with several people both during their time as students and at several points in their ministry over the subsequent 15 years. He has supplemented these stories with the results of a similar exercise he carried out with a number of his theological students in Britain.
