Feminist Thought Dec 22 2019 In this survey of feminist theory, Rosemarie Tong provides coverage of the psychoanalytic, existential and postmodern schools of feminism. The author guides the reader through the complexities of even the most notoriously difficult thinkers. Students will meet and become familiar with many of the essential figures in the feminist tradition, from Wollstonecraft and Engel, on through de Beauvoir, Dinnerstein, and Daly, and up to Mitchell and Cixous. The text treats all views with respect and encourages students to think critically and sympathetically about a wide range of views that have a direct relevance to their own lives.

Aspen Treatise for Introduction to Feminist Legal Theory Aug 10 2021 The leading text in the field, *Introduction to Feminist Legal Theory* was the first book that served as an introductory survey of feminist jurisprudence. Its historical view of feminist legal theory places issues in social context and thoroughly reviews the evolving paradigms of contemporary feminism from the 1970s through the present. The full range of legal issues affecting women are covered, including gender discrimination, rape, sexual harassment, motherhood, reproductive issues, and much more. Clear, energetic presentation keeps students engaged and involved with succinct overviews, intellectually stimulating material, and jargon-free prose. The Third Edition features up-to-date theories and topics, such as the "autonomy" feminism and "masculinities" theory. Expansion of the current theory-based structure includes the "big three" feminisms described in the previous edition and the "new three"

feminisms, which are expanded in the third edition. New applied areas are covered as well, such as transgender legal issues and sex trafficking. While the book remains U.S.-focused, important new material on global and comparative feminism has been added. Throughout the text, students will find discussion about changes in the law since 2003 on issues such as rape, pay equity, sex stereotyping, marriage equality, Title IX, and more. Thoroughly updated, the revised Third Edition presents: Up-to-date theories and topics "autonomy" feminism, "masculinities" theory, "social justice" feminism LGBT and critical race perspectivesa Two-part organization, focusing on chronology and substantive areas of the law that are of particular importance to feminist legal scholars Part one focuses on chronology by examining the three generations of feminist legal theory that have emerged since 1971 the Generation of Equality (1970s) the Generation of Difference (1980s) the Generation of Complex Identities (1990s to present) this part will also include the "new three" feminisms in the 3rd edition (intersectional, autonomy and postmodern feminism) Part two focuses on substantive areas of the law, which fall into three categories economic subordination of women sexual subordination of women motherhood and reproduction Introduction of new applied areas transgender legal issues sex trafficking reproductive justice More material on global and comparative feminism, while remaining U.S.-focused Discussion of changes in the law since 2003 rape domestic violence pay equity torts and tax law same-sex marriage Title IX, and more

Horizons in Feminist Theology Apr 06 2021 By all accounts, feminist theology is at a crossroads. Even as the longstanding consensus wanes that women's experience is the source and norm of feminist theology, the specific and often contradictory experience of different groups is now highlighted, and new theoretical frameworks are being proposed. This landmark volume explores central issues of female subjectivity and feminist identity, gender and embodiment, tradition and norms, and their impact on theology. Leading thinkers in this new generation of feminist theologians rethink the central claims of feminist theology and offer proposals for the future.

What is Feminism? May 19 2022 "In this concise and accessible introduction to feminist theory, Chris Beasley provides clear explanations of the many types of feminism which exist in different Western societies. She outlines the development of liberal, radical and marxist/socialist feminisms, reviews the more contemporary influences of psychoanalysis, postmodernism, theories of the body, and queer theory, and attends to the ongoing significance of race and ethnicity. Given the diversity of feminist ideas, Chris Beasley suggests a number of ways of looking at feminist theory and offers an open-ended approach which allows for variety and change."--BOOK JACKET.

Governance Feminism Oct 20 2019 Describing and assessing feminist inroads into the state Feminists walk the halls of power. Governance Feminism: An Introduction shows how some feminists and feminist ideas—but by no means all—have entered into state and state-like power in recent years. Being a feminist can qualify you for a job in the United Nations, the World Bank, the International Criminal Court, the local prosecutor's office, or the child welfare bureaucracy. Feminists have built institutions and participate in governance. The authors argue that governance feminism is institutionally diverse and globally distributed. It emerges from grassroots activism as well as statutes and treaties, as crime control and as immanent bureaucracy. Conflicts among feminists—global North and South; left, center, and right—emerge as struggles over governance. This volume collects examples from the United States, Israel, India, and from transnational human rights law. Governance feminism poses new challenges for feminists: How shall we assess our successes and failures? What responsibility do we shoulder for the outcomes of our work? For the compromises and strange bedfellows we took on along the way? Can feminism foster a critique of its own successes? This volume offers a pathway to critical engagement with these pressing and significant questions.

Introduction to Feminist Thought and Action Dec 14 2021 Introduction to Feminist Thought and Action is an accessible foundation that whets appetite for further study. It provides a non-US-centric introduction to gender studies, covering topics like 19th-century African, Chinese, and Arab movements, and foregrounds Black and Indigenous feminisms. Several case studies—the Aztecs and the Spanish, Agriculture and Gender, Beauty and Authority, Racial Stereotypes, and US Voting

Rights-reveal how the interconnected architecture of privilege and oppression affects issues like globalization, media, and the environment. Feminist theories about race, sexuality, class, disabilities, and more culminate in step-by-step instructions for applying intersectionality and practicing activism. Rich with 19 diverse first-person voices, it brings feminism to life and lives to feminism. *Introducing Asian Feminist Theology* Oct 24 2022 Asian women comprise more than a quarter of the world's population, and the forms in which they express feminist theology are many and varied, extending through grassroots movements, theological networks, ecumenical conferences and journals. Those involved in the process include community organizers, theological students, church leaders and social activists, among whom even the concept 'feminism' assumes many definitions and substitutes. Kwok Pui-lan's introduction to this huge subject begins with a survey of the social, political and cultural contexts of Asian women's experiences, and then traces the emergence of feminist consciousness and the organization of women's networks. She describes the resources of Asian feminist theology and the appropriation of Asian religious traditions, and considers the reconstructions of the concept of God in inclusive categories. Finally, she summarizes Asian women's critique of the patriarchal church and outlines the search for a new spirituality that express women's embodiedness and sexuality.

Meeting God on the Cross Nov 20 2019 Gudmundsdottir argues that a feminist theology of the cross serves a dual purpose in feminist christology: it discloses the patriarchal distortion of traditional christology, and can also reveal lost dimensions in the understanding of the person and work of Jesus Christ.

An Introduction to Feminism Nov 25 2022 As well as providing a clear and critical introduction to the theory, this refreshing overview focuses on the practice of feminism with coverage of actions and activism, bringing the subject to life for newcomers as well as offering fresh perspectives for advanced students. Explanations of the main strands to feminism, such as liberalism, sit alongside an exploration of a range of approaches, such as radical, anarchist and Marxist feminism, and provide much-needed context against which more familiar historical themes may be understood. The author's broad and inclusive view conveys the diversity and disagreement within feminism with accessible clarity. The analysis of key terms equips readers with a critical understanding of the vocabulary of feminist debates that will be invaluable to undergraduate students.

Introducing Ecofeminist Theologies May 07 2021 This book is about ecofeminism and its encounter with theology, predominantly that of Christian theology in Euro-western contexts. It introduces and explores ecofeminism and the encounter. The goal is to understand the significance and implications of ecofeminism and its contribution and challenge to theology. A further goal is to assist ecofeminist theology, or theologies, to be more effective in preventing ecological ruin, assisting women's struggles for freedom and supporting the flourishing of all life on earth. Ecofeminism represents ways of discerning associations of many kinds between the feminist and ecological movements, and between the oppression and domination of both women and the earth. Ecofeminism is an insight, referring to critical analyses, political actions, historical research, intuitions and ideals. The ecological crisis is creating a pivotal moral and religious challenge, and new contexts for theology. There is a renewed spiritual sensitivity towards the natural world. We are in a time of a spiritual awakening, wherein the earth and all life are experienced, as sacred, where it is possible to experience awe and wonder, and encounter the ineffable. Ecofeminist theologies are at the intersection of these ideas and experiences. They are the efforts of particular people who see and experience possibilities for greater life, more justice and freedom. They do not accept that injustice and ecological ruin are inevitable. Ecofeminist efforts are directed towards reducing further ecological and social devastation, and awakening consciousness to the immense beauty and elegance of all life on this fragile yet awesome blue-green planet.

Play like a Feminist. Jul 29 2020 An important new voice provides a riveting look at why video games need feminism and why all of us should make space for more play in our lives. "You play like a girl": it's meant to be an insult, accusing a player of subpar, un-fun playing. If you're a girl, and you grow up, do you "play like a woman"--whatever that means? In this provocative and enlightening

book, Shira Chess urges us to play like feminists. Furthermore, she urges us to play video games like feminists. Playing like a feminist is empowering and disruptive; it exceeds the boundaries of gender yet still advocates for gender equality. Feminism need video games as much as video games need feminism.

Feminism Aug 30 2020 'Feminism' wrote Marie Shear in 1986, 'is the radical notion that women are people'. But, simple and powerful though this definition is, feminism is not a single, clear narrative. It doesn't begin with a specific event at a particular moment in time, it can't be identified with any one political organization or movement, and it isn't defined by the contributions of a handful of great thinkers. Here, Professor Deborah Cameron unpicks the various strands that constitute one of history's most important intellectual and political movements. In her clear and incisive account, she discusses oppression, sexuality, violence, academic theory and practical activism, shows how feminism can be a way of viewing the world and provides an overview of its history. In an era of #metoo, pay gap scandals and online harrassment, it's impossible to deny that gender inequality is a fact of life. And as long as that continues to be true, we will need to understand and engage with the ideas and history of the feminist movement.

Feminist Philosophy Jan 15 2022 *Feminist Philosophy: An Introduction* provides a comprehensive coverage of the core elements of feminist philosophy in the analytical tradition. Part 1 examines the feminist issues and practical problems that confront us as ordinary people. Part 2 examines the recent and historical arguments surrounding the subject area, looking into the theoretical frameworks we use to discuss these issues and applying them to everyday life. With contemporary and lively debates throughout, Elinor Mason provides a rigorous and yet accessible overview of a rich array of topics including: feminism in a global context work and care reproductive rights sex work sexual violence and harassment sexism, oppression, and misogyny intersectionality objectification consent ideology, false consciousness, and adaptive preferences. An outstanding introduction which will equip the reader with a thorough knowledge of the fundamentals of feminism, *Feminist Philosophy* is essential reading for those approaching the subject for the first time.

Feminist Readings/feminists Reading Nov 13 2021 As an introduction to feminist literary criticism, which emphasizes the practical issues of applying these often wide-ranging theories to particular texts, this thoroughly revised and updated 2nd edition analyzes several schools of feminist thought. Covers gynocriticism, authentic realism, Marxism, with new chapters on lesbian feminist theory and post-colonialism. For professionals working in the fields of feminist literary theory, women's studies, and literary theory.

Introducing Feminist Theology Jun 27 2020 *Introducing Feminist Theology* responds to the questions "What is feminist theology?" and "Why is it important?" by considering the perspectives of women from around the globe who have very diverse life experience and relationships to God, Church and creation. Clifford introduces the major forms of feminist theology: "radical," "reformist," and "reconstructionist," and highlights some of their specific characteristics.

Wisdom Ways Apr 25 2020

Introducing Feminist Christologies Feb 04 2021 This volume critically engages with the problems traditional Christology raises for feminist theology. It also explores the creative engagements of feminist theologians with the person of Jesus.

Introduction to Feminist Thought and Action Dec 26 2022 *Introduction to Feminist Thought and Action* is an accessible foundation that whets appetite for further study. It provides a non-US-centric introduction to gender studies, covering topics like 19th-century African, Chinese, and Arab movements, and foregrounds Black and Indigenous feminisms. Several case studies—the Aztecs and the Spanish, Agriculture and Gender, Beauty and Authority, Racial Stereotypes, and US Voting Rights—reveal how the interconnected architecture of privilege and oppression affects issues like globalization, media, and the environment. Feminist theories about race, sexuality, class, disabilities, and more culminate in step-by-step instructions for applying intersectionality and practicing activism. Rich with 19 diverse first-person voices, it brings feminism to life and lives to feminism.

Feminism: A Very Short Introduction Sep 23 2022 This book provides an historical account of feminism, exploring its earliest roots and key issues such as voting rights and the liberation of the sixties. Margaret Walters brings the subject completely up to date by providing a global analysis of the situation of women, from Europe and the United States to Third World countries.

An Introduction to Feminist Philosophy Apr 18 2022 This is the first book to offer a systematic account of feminist philosophy as a distinctive field of philosophy. The book introduces key issues and debates in feminist philosophy including: the nature of sex, gender, and the body; the relation between gender, sexuality, and sexual difference; whether there is anything that all women have in common; and the nature of birth and its centrality to human existence. *An Introduction to Feminist Philosophy* shows how feminist thinking on these and related topics has developed since the 1960s. The book also explains how feminist philosophy relates to the many forms of feminist politics. The book provides clear, succinct and readable accounts of key feminist thinkers including de Beauvoir, Butler, Gilligan, Irigaray, and MacKinnon. The book also introduces other thinkers who have influenced feminist philosophy including Arendt, Foucault, Freud, and Lacan. Accessible in approach, this book is ideal for students and researchers interested in feminist philosophy, feminist theory, women's studies, and political theory. It will also appeal to the general reader.

Introducing Feminist Perspectives on Pastoral Theology Aug 22 2022 This book introduces feminist perspectives in pastoral theology. It is concerned both with pastoral care and practice and also with pastoral theology and theory. It seeks to explore why the inclusion of women's experiences and of feminist perspectives is of vital importance to Christian pastoral practice and to a Christian understanding of God. The book is designed for concerned practitioners and also has specifically in mind the needs of students of pastoral theology. It begins with the lived experience of violence in Church and society, moving through to the implications of this for our understanding of the human community and the divine.

Making Sense of Women's Lives Jan 03 2021 *Making Sense of Women's Lives* presents a wide range of writings about women's lives in the United States. Michele Plott and Lauri Umansky have drawn on their experiences as both students and professors to assemble the collection. Seeking to provide as full a sampling from a diverse and intellectually vibrant field as one volume permits, the editors have also chosen writing that makes an enjoyable read. A few of the selections here represent the undisputed 'classics' of the field. More of them constitute simply the works, drawn from academic and nonacademic sources alike, that could make a difference in understanding what it means to be female in America. *Making Sense of Women's Lives* is intended as the primary text in Women's Studies courses. With that usage in mind, Plott and Umansky have provided brief introductions to each article to help students understand the author's perspectives. Thought and discussion questions follow each selection. The book contains, as well, numerous "Flash Exercises" suggestions for class exercises and activities. The editors have used these activities in their courses over the past decade, in conjunction with readings in this volume, and have found that the full complement of materials coalesces into an intellectually powerful introduction to Women's Studies. A Collegiate Press book

An Introduction to Feminism and Theatre Jul 09 2021 At last an accessible and intelligent introduction to the energising and challenging relationship between feminism and theatre. In this clear and enlightening book, Aston discusses wide-ranging theoretical topics and provides case studies including: * Feminism and theatre history * 'M/Othering the self': French feminist theory and theatre * Black women: shaping feminist theatre * Performing gender: a materialist practice * Colonial landscapes Feminist thought is changing the way theatre is taught and practised. *An Introduction to Feminism and Theatre* is compulsory reading for anyone who requires a precise, insightful and up-to-date guide to this dynamic field of study.

Introduction to Feminist Jurisprudence May 27 2020 "First Published in 1998, Routledge is an imprint of Taylor & Francis, an informa company."

An Introduction to Sociology Feb 22 2020 This second edition of the bestselling *An Introduction to Sociology: Feminist Perspectives* confirms the centrality of feminist perspectives and research to the

sociological enterprise and introduces students and the general reader to the wide range of feminist contributions to key areas of sociological concern. This completely revised edition includes material on new feminist theories and post-modern feminism, as well as incorporating the findings of recent empirical research. Written by two experienced teachers and examiners, it gives students of sociology and women's studies an accessible overview of the feminist contribution to all the key areas of sociological concern.

Advanced Introduction to Feminist Economics Jul 21 2022 Many questions arise of an economic nature that are only partially addressed by standard economic analysis. These lacunae give rise to particular lines of critique in economics, including a wide-ranging and increasingly cogent feminist approach to reenvisioning economics. This book provides a comprehensive description of this intriguing new area of feminist economics. It includes discussion of what constitutes feminist economics and how feminist economics is different from other approaches. The intellectual origins of the area are explicated, and the current state of the subfield outlined. Specific topics covered include conflict over terminology, pedagogy, and content in the field of economics, measurement of the unmeasured economy, the role of caring labor in the economy, heteronormativity in economics, feminist approaches to economic development, multiple approaches to empiricism, modeling of intrahousehold relationships, consideration of the role of property rights in reifying gender roles, differential effects of international trade and finance by gender, and feminist approaches to public finance and social welfare.

Feminist Political Theory Aug 18 2019 *Feminist Political Theory* provides both a wide-ranging history of western feminist thought and a lucid analysis of contemporary debates. It offers an accessible and thought-provoking account of complex theories, which it relates to 'real-life' issues such as sexual violence, political representation and the family. This timely new edition has been thoroughly updated to incorporate the most recent developments in feminism and feminist scholarship throughout, in particular taking into account the impact of black and postmodern feminist thought on feminist political theory.

An Introduction to Feminist Philosophy Dec 02 2020 This is the first book to offer a systematic account of feminist philosophy as a distinctive field of philosophy. The book introduces key issues and debates in feminist philosophy including: the nature of sex, gender, and the body; the relation between gender, sexuality, and sexual difference; whether there is anything that all women have in common; and the nature of birth and its centrality to human existence. *An Introduction to Feminist Philosophy* shows how feminist thinking on these and related topics has developed since the 1960s. The book also explains how feminist philosophy relates to the many forms of feminist politics. The book provides clear, succinct and readable accounts of key feminist thinkers including de Beauvoir, Butler, Gilligan, Irigaray, and MacKinnon. The book also introduces other thinkers who have influenced feminist philosophy including Arendt, Foucault, Freud, and Lacan. Accessible in approach, this book is ideal for students and researchers interested in feminist philosophy, feminist theory, women's studies, and political theory. It will also appeal to the general reader.

Introducing Body Theology Nov 01 2020 This book sets out to examine the ambiguous relationship that Christianity has with the body. Incarnation is central to Christian belief but that doctrine has not encouraged a positive theology of the body. The authors explore why this has been so and examine ways in which a more body-positive theology can be developed using our Christian heritage. Starting from a feminist perspective they reclaim women's bodies from the embrace of patriarchy and in doing so clearly show how this reclamation challenges many systems of oppression. This work illustrates that the personal is political, even in theology!

Feminism and Religion Mar 25 2020 Surveys feminist studies of the history of Judaism and Christianity and discusses the changes feminism has wrought in the study of women's religious lives and in religious ritual and leadership

Feminist Theory and Pop Culture Jun 08 2021 *Feminist Theory and Pop Culture* synthesizes feminist theory with modern portrayals of gender in media culture. This comprehensive and interdisciplinary text includes an introductory chapter written by the editor as well as nine

contributor chapters of original content. Included in the text: • Historical illustration of feminist theory • Application of feminist research methods for the study of gender • Feminist theoretical perspectives such as the male gaze, feminist standpoint theory, Black feminist thought, queer theory, masculinity theory, theories of feminist activism and postfeminism • Contributor chapters cover a range of topics from Western perspectives on Belly Dance classes to television shows such as GIRLS, Scandal and Orange is the New Black, as well as chapters which discuss gendered media forms like “chick lit”, comic books and Western perspectives of non-Western culture in film • Feminist theory as represented in the different waves of feminism, including a discussion of a fourth wave • Pedagogical features • Suggestions for further reading on topics covered • Discussion questions for classroom use

Feminist Theory and Pop Culture was designed for classroom use and has been written with an eye toward engaging students in discussion. The book’s polished perspective on feminist theory juxtaposes popular culture with theoretical perspectives which have served as a foundation for the study of gender. This interdisciplinary text can serve as a primary or supplemental reading in undergraduate or graduate courses which focus on gender, pop culture, feminist theory or media studies. “This excellent anthology grounds feminism as articulated through four waves and features feminists responding to pop culture, while recognizing that popular culture has responded in complicated ways to feminisms. Contributors proffer lucid and engaging critiques of topics ranging from belly dancing through Fifty Shades of Grey, Scandal and Orange is the New Black. This book is a good read as well as an excellent text to enliven and inform in the classroom.”

Dr. Jane Caputi Professor of Women, Gender and Sexuality Studies and Communication & Multimedia at Florida Atlantic University “Feminist Theory and Pop Culture is destined to be as popular as the culture it critiques. The text plays up the paradoxes of contemporary feminism and requires its readers to ask difficult questions about how and why the popular bring us pleasure. It is a contemporary collection that captures this moment in feminist time with diverse analyses of women’s representations across an impressive swath of popular culture. Feminist Theory and Pop Culture is the kind of text that makes me want to redesign my pop culture course. Again.”

Dr. Ebony A. Utey, Assistant Professor of Communication at California State University-Long Beach, author of Rap and Religion Adrienne Trier-Bieniek, Ph.D. is a professor of sociology at Valencia College in Orlando, Florida. She is the author of Sing Us a Song, Piano Woman: Female Fans and the Music of Tori Amos (Scarecrow 2013) and the co-editor of Gender & Pop Culture: A Text-Reader (Sense 2014). www.adriennetrier-bieniek.com

Introduction to Feminist Therapy Sep 30 2020 An Introduction to Feminist Therapy, by Evans, Kinkade and Seem, focuses on the practical application of feminist theory to clinical experience. Whereas other books in the area tend to focus on specific clinical issues encountered by women (such as sexual abuse or rape), this book addresses a broad range of clinical situations. It offers strategies to be used by male or female therapists working with men, women, families, or groups. The primary goal of the book is to help instructors, students and professionals to learn 'how to' implement feminist therapy.

An Introduction to Sociology Sep 11 2021 This third edition of this best-selling book confirms the ongoing centrality of feminist perspectives and research to the sociological enterprise, and introduces students to the wide range of feminist contributions in key areas of sociological concern. Completely revised, this edition includes: new chapters on sexuality and the media additional material on race and ethnicity, disability and the body many new international and comparative examples the influence of theories of globalization and post-colonial studies. In addition, the theoretical elements have also been fully rethought in light of recent developments in social theory. Written by three experienced teachers and examiners, this book gives students of sociology and women's studies an accessible overview of the feminist contribution to all the key areas of sociological concern.

Biology and Feminism Mar 05 2021 A balanced and accessible introduction to the engagements that feminist scientists and science scholars undertake with a variety of biological sciences.

An Introduction to Feminist Epistemologies Oct 12 2021 Although their positions and

arguments differ in several respects, feminists have asserted that science, knowledge, and rationality cannot be severed from their social, political, and cultural aspects.

Women's Studies and Culture Feb 16 2022 This major introduction to feminist cultural studies provides an important new synthesis of the feminist critique of culture. It also brilliantly reflects the interdisciplinary approach of cultural studies. The book opens with an exploration of the development of feminist academic practice and an overview of the full range of feminist theory. It includes full coverage of the equality/difference debate. Chapters then examine the impact of women's studies on linguistics, literary theory, popular culture, history, film theory, art history, theatre studies and musicology. Part two explores the politics, theories and methods of feminist study including psychoanalysis, black criticism, lesbian studies and semiotics. This book is essential reading for anyone who needs a lively and accessible explanation of how feminism has taken culture and its academic study by storm.

Feminism and Women's Writing Sep 18 2019 Explores the transformative reign of the Catholic King James VII and the revolution that brought about his fall.

Introduction to Feminist Therapy Mar 17 2022 Focusing on the practical application of feminist theory to clinical experience, Introduction to Feminist Therapy provides guidelines to help therapists master social action and empowerment techniques, feminist diagnostic and assessment strategies, and gender-role and power analyses to foster individual and social change. This guide is ideal for graduate students enrolled in a techniques of counseling course and practitioners who wish to incorporate feminist therapy into their current approach, including how to apply feminist therapy to both women and men and how to deal with the gender issues of both sexes. Client/Therapist dialogues provide readers with examples of how each technique actually works in a therapeutic session. The text also provides case studies, coverage of ethical issues, and feminist assessment guidelines that show readers how to conduct a feminist assessment with and without using the DSM-IV-TR.

Introduction to Feminist Jurisprudence Jan 23 2020 This book provides a student text covering the major issues in feminist jurisprudence and to analyse the manner in which both traditional jurisprudence and law have remained a masculine subject.

Feminist Thought Jun 20 2022 A classic resource on feminist theory, Feminist Thought offers a clear, comprehensive, and incisive introduction to the major traditions of feminist theory, from liberal feminism, radical feminism, and Marxist and socialist feminism to care-focused feminism, psychoanalytic feminism, and ecofeminism. The fifth edition has been thoroughly revised, and now includes a new chapter on Third Wave and Third Space Feminism. Also added to this edition are significantly expanded discussions on women of color feminisms, psychoanalytic and care feminisms, as well as new examinations of queer theory, LGBTQ and trans feminism. Learning tools like end-of-chapter discussion questions and the bibliography make Feminist Thought an essential resource for students and thinkers who want to understand the theoretical origins and complexities of contemporary feminist debates.
