The 100-Year Life* Jan 06 2023 **A new edition of the international bestseller (a #1 bestseller in Japan), featuring a new preface* Does the thought of working for 60 or 70 years fill you with dread? Or can you see the potential for a more stimulating future as a result of having so much extra time? Many of us have been raised on the traditional notion of a

three-stage approach to our working lives: education, followed by work and then retirement. But this well-established pathway is already beginning to collapse - life expectancy is rising, final-salary pensions are vanishing, and increasing numbers of people are juggling multiple careers. Whether you are 18, 45 or 60, you will need to do things very differently from previous generations and learn to structure your life in completely new ways. The 100-Year Life is here to help. Drawing on the unique pairing of their experience in psychology and economics, Lynda Gratton and Andrew Scott offer a broad-ranging analysis as well as a raft of solutions, showing how to rethink your finances, your education, your career and your relationships and create a fulfilling 100-year life. · How can you fashion a career and life path that defines you and your values and creates a shifting balance between work and leisure? · What are the most effective ways of boosting your physical and mental health over a longer and more dynamic lifespan? · How can you make the most of your intangible assets - such as family and friends - as you build a productive, longer life? · In a multiple-stage life how can you learn to make the transitions that will be so crucial and experiment with new ways of living, working and learning? Shortlisted for the FT/McKinsey Business Book of the Year Award and featuring a new preface, The 100-Year Life is a wake-up call that describes what to expect and considers the choices and options that you will face. It is also fundamentally a call to action for individuals, politicians, firms and governments and offers the clearest demonstration that a 100-year life can be a wonderful and inspiring one.

The Life and Kingdom of Jesus in Christian Souls Aug 01 2022 According to the Roman Breviary, Saint John Eudes is the author of devotion to both the Sacred Heart of Jesus and the Immaculate Heart of Mary. His two works on these two devotions are classics. However, he is also a master to the spiritual life; an unknown master. Many are familiar with the works of Saint Bonaventure, Saint Alphonsus Ligouri and Saint Louis de Montfort to name just three of the masters of the spiritual life. And yet, Saint John Eudes has a lot to contribute. Let us consider this from Saint John Eudes in this excellent work: What truth can there be in the claim that we are Christians and adore a crucified God, a God agonizing and dying upon a Cross, a God who for love of us gives up so noble and excellent life, a God Who sacrifices Himself for us every day, before our eyes upon our altars for our salvation, if we are not ready to sacrifice to Him all that we hold dearest in the world, and even life itself, which in any case belongs to Him by all rights? Surely we are not Christians if we are not in these dispositions. Therefore I say, and this will immediately

be clear to anyone who gives a little thought to the truths I have outlined, that all Christians ought to be martyrs, if not in actual fact, at least in intention and in will. So true is this, that if they are not martyrs of Jesus Christ, they will be martyrs of Satan. Choose whichever of the two you love more. If you live under the tyranny of sin, you will be a martyr to your self-love and your passions, and consequently a martyr to the devil. But if you desire to be a martyr of Jesus Christ, you must strive to live in the spirit of martyrdom. What is the spirit of martyrdom? It is a spirit that had five excellent attributes: 1.it is the spirit of strength and constancy which fears only God and sin, and cannot be shaken or overthrown, either by promises or threats, by persuasion or violence. 2.It is the spirit of deepest humility, which feels only horror for the vainglory and publicity of the world, and loves contempt and humiliations. 3.It is the spirit of self-mistrust and of most firm confidence in Jesus Christ our Lord, our Strength, in whom all things can be done. 4.If is the spirit of perfect detachment from the world and everything that is in the world. Those who are to sacrifice their lives to God must also sacrifice to Him all else besides. 5.It is the spirit of most burning love for our Lord Jesus Christ, who leads those animated by this spirit to do all and suffer all for love of Him, who dies and suffered all for them. It so inflames them that, for love of Him, they consider mortification and suffering to be a paradise of joys, to be sought and desired while they avoid and detest the pleasures of this world as much as they would hell itself. This is the spirit of martyrdom, . Implore, O Lord, who is the King of Martyrs, to fill you with this spirit. Pray to the Queen of martyrs, and all the martyrs, too, that they may obtain this spirit for you from the Son of God, by their holy prayers. Cultivate a particular devotion to the saintly martyrs. Make a point, also, of praying for all those who will have to suffer martyrdom, in order that God may grant them the spirit and grace of martyrdom. Pray especially for those who will have to suffer the persecution of antichrist at the end of the world, for it will be the most cruel and horrible of all persecutions. Finally, strive to develop within yourself, by imitation, a perfect image of the lives of the holy martyrs and, what is more, the life of the King and the Queen of martyrs, Jesus and Mary, so that they may make you worthy to resemble them in death.

Cities for Life Nov 04 2022 In cities around the world, planning and

health experts are beginning to understand the role of social and environmental conditions that lead to trauma. By respecting the lived experience of those who were most impacted by harms, some cities have developed innovative solutions for urban trauma. In *Cities for Life*, public health expert Jason Corburn shares lessons from three of these cities: Richmond, California; Medellín, Colombia; and Nairobi, Kenya. Corburn draws from his work with citizens, activists, and decision-makers in these cities over a ten-year period, as individuals and communities worked to heal from trauma--including from gun violence, housing and food insecurity, poverty, and other harms. *Cities for Life* is about a new way forward with urban communities that rebuilds our social institutions, practices, and policies to be more focused on healing and health.
