Before All Who Have Ever Seen this Disappear Nov 25 2021 Before All Who Have Ever Seen This Disappear, Michael Gills' fifth novel, plumbs the depths of the Stepwell family tendency toward theatrical catastrophe. When Weldon Stepwell, bare-knuckled catcher for the Danville Little Johns and town florist, has his leg amputated in a wood-cutting accident, the team shows up on the hospital lawn to give blood, pray, and curse God. Mostly they gather to be with the stricken wife, daughter, and son and wait to see if their teammate will live through the night. One teammate is sent to retrieve the leg, and just what on earth do you do with such a thing? Rural Arkansas in 1950, they are men who'd just whipped Hitler and come home to play ball, volunteer firemen, rural mail carriers, the stray senator-to-be, hardware store workers, and fish farmers. Spanning three generations, they just can't seem to outrun whatever it is that stalks their periphery. Finally, an adult grandson must contend with the Stepwell business in the form of a plague that comes on them and the world from nowhere. Quarantined between a gleaming football stadium on one side of the road and the city cemetery on the other, a moment comes when they must walk out under the sun and re-commune. A story that dives as deep as you like into the abyss, then fights its way out with all the hope and grace this life allows.
