The Allegory of the Cave Oct 31 2019 The Allegory of the Cave, or Plato's Cave, was presented by the Greek philosopher Plato in his work Republic (514a–520a) to compare "the effect of education () and the lack of it on our nature". It is written as a dialogue between Plato's brother Glaucon and his mentor Socrates, narrated by the latter. The allegory is presented after the analogy of the sun (508b–509c) and the analogy of the divided line (509d–511e). All three are characterized in relation to dialectic at the end of Books VII and VIII (531d–534e). Plato has Socrates describe a group of people who have lived chained to the wall of a cave all of their lives, facing a blank wall. The people watch shadows projected on the wall from objects passing in front of a fire behind them, and give names to these shadows. The shadows are the prisoners' reality.

The Iliad & The Odyssey Oct 24 2021 The Iliad: Join Achilles at the Gates of Troy as he slays Hector to Avenge the death of Patroclus. The recent major motion picture Helen of Troy starring Brad Pitt proves that this epic is as relevant today as it was twenty five hundred years ago when it was first written. So journey back to the Trojan War with Homer and relive the grandest adventure of all times. The Odyssey: Journey with Ulysses as he battles to bring his victorious, but decimated, troops home from the Trojan War, dogged by the wrath of the god Poseidon at every turn. Having been away for twenty years, little does he know what awaits him when he finally makes his way home. These two books are some of the most import books in the literary cannon, having influenced virtually every adventure tale ever told. And yet they are still accessible and immediate and now you can have both in one binding.

The Social Cancer Dec 14 2020 Filipino national hero Jose Rizal wrote The Social Cancer in Berlin in 1887. Upon his return to his country, he was summoned to the palace by the Governor General because of the subversive ideas his book had inspired in the nation. Rizal wrote of his consequent persecution by the church: "My book made a lot of noise; everywhere, I am asked about it. They wanted to anathematize me [to excommunicate me] because of it ... I am considered a German spy, an agent of Bismarck, they say I am a Protestant, a freemason, a sorcerer, a damned soul and evil. It is whispered that I want to draw plans, that I have a foreign passport and that I wander through the streets by night ..."

The Golden Ass Mar 17 2021 Written towards the end of the second century AD, The Golden Ass tells the story of the many adventures of a young man whose fascination with witchcraft leads him to be transformed into a donkey. The bewitched Lucius passes from owner to owner - encountering a desperate gang of robbers and being forced to perform lewd 'human' tricks on stage - until the Goddess Isis finally breaks the spell and Lucius is initiated into her cult. Philippine Studies Oct 04 2022 These essays by Philippine and U.S.-based scholars illustrate the dynamism and complexities of the discursive field of Philippine studies as a critique of vestiges of "universalist" (Western/hegemonic) paradigms; as an affirmation of "traditional" and "emergent" cultural practices; as a site for new readings of "old" texts and "new" popular forms brought into the ambit of serious scholarship; and as a liberative space for new art and literary genres.

The major and lesser figures of Roman mythology are presented in this vibrant volume with sidebars spotlighting related facts and concepts about Roman mythology and religion.

Prolegomena to the Study of Greek Religion Jan 27 2022 Jane Harrison examines the festivals of ancient Greek religion to identify the primitive "substratum" of ritual and its persistence in the realm of classical religious observance and literature. In Harrison's preface to this remarkable book, she writes that J. G. Frazer's work had become part and parcel of her "mental furniture" and that of others studying primitive religion. Today, those who write on ancient myth or ritual are bound to say the same about Harrison. Her essential ideas, best developed and most clearly put in the *Prolegomena*, have never been eclipsed.
