The Residents of Wardate Dec  
29 2022 Poppy Cock is a  
charismatic News  
correspondent who suffers  
horrific burns from a callous  
incident whilst on an  
assignment. Although the  
autonomous android Madeline  
Bull is truly groundbreaking,

there are insurmountable  
problems. The solution; four  
brilliant scientists decide to  
interface Poppy Cock's  
disfigured body using her nerve  
connections and a  
revolutionary wireless system  
to their Madeline Bull android.  
The price for this convenient  
arrangement - Poppy must  
appear to die then become  
Mad' Bull and fulfil her  
intended purpose - to  
exterminate members of

Wardate - a gathering of the  
world's most evil people. After  
completing three missions, her  
instructions abruptly stop and  
Poppy's food supply  
inconveniently dries up. It is an  
understatement to say that  
there is much more afoot than  
she realises....
