Vintage Japanese Street Bikes Jan 18 2022 A compilation of three original publications from the Clymer manual archives. Provides step-by-step procedures and detailed illustrations for repair and maintenance of vintage Japanese street bikes.

Book of the Honda 90 All Models Up to 1966 Including Trail Jul 20 2019 106 pages, 68 black & white illustrations, size 5.5 x 8.5 inches. Originally published under the title The Book of the Honda 90 by John Thorpe, this book is one of The Motorcyclist's Library series published in the USA by Floyd Clymer by arrangement with the original publishers Pitman Ltd. of London, England. It includes complete technical data, service and maintenance information and detailed instructions for the repair and overhaul of the major mechanical and electrical components for all models of Honda 90 Motorcycles through 1966. There is adequate detailed text and diagrams to assist in major refurbishing such as an engine rebuild or even a complete renovation. Applicable to all 90cc variations

including the S90, CM90, C200, S65, Trail 90 & C65 models, this publication has been Out-of-print and unavailable for many years and is becoming increasingly more difficult to find on the secondary market and we are pleased to be able to offer this reproduction as a service to all Honda enthusiasts worldwide.

Ultimate Harley Davidson Jan 26 2020

Celebrate more than a century of Harley-Davidson history with this definitive e-guide. Ultimate Harley-Davidson tells the story of the world's greatest motorcycle marque - from its origins in a backyard shed to the international company it is today. Gloriously illustrated gallery spreads showcase more than 70 of the best Harleys ever built, highlighting and exploring their defining features. Spectacular close-ups of key engines explain how the classic Harleys ran, while an updated catalogue of every production model provides technical data and key specs for each bike - including racing models, special one-offs, and limited-edition production runs. From the early bikes and their key innovations to the v-rods and sports bikes of recent years, it is the complete guide for lovers of this American classic. Whether you're an easy rider or born to be wild, there is only one Harley-Davidson, and this is the book for you.

Kawasaki Z1, Z/KZ900 & Z/KZ1000 Oct 23

2019 Kawasaki Z1, Z/KZ900 & Z/KZ1000 is for all owners and enthusiasts of the legendary Kawasaki Z1 900, Z/KZ900 and Z1000 built between 1972 and 1980. The book covers the complete restoration of a 1976 KZ900, from the sourcing of the bike to its completion as a fully restored machine. Every area is covered starting with advice on the different models, spares availability, and where best to source a bike to restore. Every area of the restoration is then covered in full detail including the engine, frame, gearbox, wheels, suspension and forks, brakes, ancillaries, bodywork and electrics, accompanied by hundreds of clear color photos to illustrate the text. Additional work on a 1974 Z1A model adds complementary information.

What really sets this manual apart, however, is the style in which it is written: not as some dull and distant workshop manual but in a friendly, humorous manner by an enthusiast of many years who is able to involve and entertain the reader, as well as guiding them through the restoration process. This is the third restoration guide from Chris Rooke, whose previous works have been a massive hit with mechanics, enthusiasts and restorers throughout the world.
