*The Art of Gathering* Jun 03 2022 We spend our lives gathering - first in classrooms and then in meetings, weddings, conferences and away days. Yet so many of us spend this time in underwhelming moments that fail to engage us, inspire us, or connect us. We've all sat in meetings where people talk past each other or go through

the motions and others which galvanize a team and remind everyone why they first took the job. We've been to weddings that were deeply moving and others that were run-of-the-mill and simply faded away. Why do some moments take off and others fizzle? What's the difference between the gatherings that inspire you and the ones that don't? In *The Art of Gathering*, Priya Parker gets to the heart of these questions and reveals how to design a transformative gathering. An expert on organizing successful gatherings whether in conference centres or her living room, Parker shows us how to create moving, magical, mind-changing experiences - even in spaces where we've come to expect little.

It wasn't the drink that killed him - although that certainly helped - it was what happened to him as a boy in his grandmother's house, in the winter of 1968. *The Gathering* is a novel about love and disappointment, about thwarted lust and limitless desire, and how our fate is written in the body, not in the stars. 'It is clearly the product of a remarkable intelligence, combined with a gift for observation and deduction' A.L. Kennedy, Guardian

**The Star Creek Papers** Mar 08 2020 The Star Creek Papers is the never-before-published account of the complex realities of race relations in the rural South in the 1930s. When Horace and Julia Bond moved to Louisiana in 1934, they entered a world where the legacy of slavery

was miscegenation, lingering paternalism, and deadly racism. The Bonds were a young, well-educated and idealistic African American couple working for the Rosenwald Fund, a trust established by a northern philanthropist to build schools in rural areas. They were part of the "Explorer Project" sent to investigate the progress of the school in the Star Creek district of Washington Parish. Their report, which decried the teachers' lack of experience, the poor quality of the coursework, and the students' chronic absenteeism, was based on their private journal, "The Star Creek Diary," a shrewdly observed, sharply etched, and affectionate portrait of a rural black community. Horace Bond was moved to write a second document, "Forty Acres and a Mule," a history of a black farming family, after Jerome Wilson was lynched in 1935. The Wilsons were thrifty landowners whom Bond knew and respected; he intended to turn their story into a book, but the chronicle remained unfinished at his death. These important primary documents were rediscovered by civil rights scholar Adam Fairclough, who edited them with Julia Bond's support.

The Earliest History of the Christian Gathering Feb 05 2020 Recent research has made a strong case for the view that Early Christian communities, sociologically considered, functioned as voluntary religious associations. This is similar to the practice of many other cultic associations in the Greco-Roman world of the first century CE. Building upon this new approach, along with a critical interpretation of all available sources, this book discusses the social and religio-historical background of the weekly gatherings of Christians and presents a fresh reconstruction of how the weekly gatherings originated and developed in both form and content. The topics studied here include the origins of the observance of Sunday as the weekly Christian feast-day, the shape and meaning of the weekly gatherings of the Christian communities, and the rise of customs such as preaching, praying, singing, and the reading of texts in these meetings.

*Ernest J. Gaines* Sep 25 2021 As the acclaimed author of *The Autobiography of Miss Jane Pittman* and *A Lesson Before Dying*, Ernest J. Gaines (b. 1933) has been publishing stories and novels for more than sixty years. His brilliant portrayals of race, community, and culture in rural south Louisiana have made him one of the most respected and beloved living American writers. *Ernest J. Gaines: Conversations* brings together the author's own thoughts and words in interviews that range from 1994 to 2017, discussing his life, his work, and his literary legacy. The interviews cover all of Gaines's works, including his two latest books, *Mozart and Leadbelly: Stories and Essays* (2005) and *The Tragedy of Brady Sims* (2017). The book provides a retrospective of his work from the viewpoint of a senior writer, now eighty-five years old, and gives an important international perspective on Gaines and his work. Among the many things Gaines

discusses in his interviews are the recurrent themes in his works: the search for manhood, the importance of personal responsibility and standing with dignity, the problems of fathers and sons, and the challenges of race and racism in America. He examines his fictional world and his strong sense of place, his role as teacher and mentor, the importance of strong women in his life, and the influence of spirituality, religion, and music on his work. He also talks about storytelling, the nature of narrative, writing as a journey, and how he sees himself as a storyteller.

Finding Meaning in Later Life Aug 01 2019 Finding Meaning in Later Life: Gathering and Harvesting the Fruits of Women's Experience is an exploration in understanding the psychological tasks inherent for women in creating and maintaining purpose as they mature and enter their later years. With ever-increasing lifespan for elders, it becomes important for a society that glorifies youth to meet the challenges of this developmental milestone. Many books and articles on post-midlife are written from a biological and behavioral stance--with quantitative data supporting concrete lifestyle recommendations for "successful aging." Using this lens, successful aging is often defined as having good to excellent health, no disabilities in activities of daily living, good cognitive functioning, and living in the community. That "received wisdom" leads to the conundrum that the only path to successful aging is by not

aging! This book challenges current thoughts on aging, expanding our perspective such that purpose and meaning in later years derives from inner resources that are not dependent on biological and physical states of being. Its conclusions stem from the direct experience and voices of mature women, obtained through qualitative research. The results of this study shed light on existential theories, bringing them to life with added weight and traction. Ultimately, the ideas explored here unfold as a map to navigate this often-misunderstood stage in life.

*The Autobiography of Miss Jane Pittman* Feb 16 2021

"This is a novel in the guise of the tape-recorded recollections of a black woman who has lived 110 years, who has been both a slave and a witness to the black militancy of the 1960's. In this woman Ernest Gaines has created a legendary figure, a woman equipped to stand beside William Faulkner's Dilsey in *The Sound And The Fury*." Miss Jane Pittman, like Dilsey, has 'endured,' has seen almost everything and foretold the rest. Gaines' novel brings to mind other great works *The Odyssey* for the way his heroine's travels manage to summarize the American history of her race, and *Huckleberry Finn* for the clarity of her voice, for her rare capacity to sort through the mess of years and things to find the one true story in it all." -- Geoffrey Wolff, *Newsweek*. "Stunning. I know of no black novel about the South that excludes quite the same refreshing mix of wit and wrath, imagination and indignation, misery and poetry. And I can recall no more memorable female character in Southern fiction since Lena of Faulkner's *Light In August* than Miss Jane Pittman." -- Josh Greenfeld, *Life*

**A Heart of Blood and Ashes** Jul 12 2020 A generation past, the western realms were embroiled in endless war. Then the Destroyer came. From the blood and ashes he left behind, a tenuous alliance rose between the barbarian riders of Parsathe and the walled kingdoms of the south. That alliance is all that stands against the return of an

ancient evil—until the barbarian king and queen are slain in an act of bloody betrayal. Though forbidden by the alliance council to kill the corrupt king responsible for his parents' murders, Maddek vows to avenge them, even if it costs him the Parsathean crown. But when he learns it was the king's daughter who lured his parents to their deaths, the barbarian warrior is determined to make her pay. Yet the woman Maddek captures is not what he expected. Though the last in a line of legendary warrior-queens, Yvenne is small and weak, and the sharpest weapons she wields are her mind and her tongue. Even more surprising is the marriage she proposes to unite them in their goals and to claim their thrones—because her desire for vengeance against her father burns even hotter than his own...

*Race Mixing* Jun 30 2019 In the southern United States, there remains a deep need among both black and white writers to examine the topic of race relations, whether they grew up during segregation or belong to the younger generation that graduated from integrated schools. In *Race Mixing*, Suzanne Jones offers insightful and provocative readings of contemporary novels, the work of a wide range of writers—black and white, established and emerging. Their stories explore the possibilities of cross-

racial friendships, examine the repressed history of interracial love, reimagine the Civil Rights era through children's eyes, herald the reemergence of the racially mixed character, investigate acts of racial violence, and interrogate both rural and urban racial dynamics. Employing a dynamic model of the relationship between text and context, Jones shows how more than thirty relevant writers—including Madison Smartt Bell, Larry Brown, Bebe Moore Campbell, Thulani Davis, Ellen Douglas, Ernest Gaines, Josephine Humphreys, Randall Kenan, Reynolds Price, Alice Walker, and Tom Wolfe—illuminate the complexities of the color line and the problems in defining racial identity today. While an earlier generation of black and white southern writers challenged the mythic unity of southern communities in order to lay bare racial divisions, Jones finds in the novels of contemporary writers a challenge to the mythic sameness within racial communities—and a broader definition of community and identity. Closely reading these stories about race in America, *Race Mixing* ultimately points to new ways of thinking about race relations. "We need these fictions," Jones writes, "to help us imagine our way out of the social structures and mind-sets that mythologize the past, fragment individuals, prejudice people, and divide communities."
