The Summer I Met Jack Jun 08 2020 "[The Summer I Met Jack] offers an alternate Kennedy family history that will leave readers wondering whether America knew the real JFK at all." --Kirkus Reviews New York Times bestselling author imagines the affair between John F. Kennedy and Alicia Corning Clark - and the child they may have had. Based on a real story - in 1950, a young, beautiful Polish refugee arrives in Hyannisport, Massachusetts to work as a maid for one of the wealthiest families in America. Alicia is at once dazzled by the large and charismatic family, in particular the oldest son, a rising politician named Jack. Alicia and Jack are soon engaged, but his domineering father forbids the marriage. And so, Alicia trades Hyannisport for Hollywood, and eventually Rome. She dates famous actors and athletes and royalty, including Gary Cooper, Kirk Douglas, and Katharine Hepburn, all the while staying close with Jack. A decade after they meet, on the eve of Jack's inauguration as the thirty-fifth President of the United States, the two must confront what they mean to each other. *The Summer I Met Jack* by Michelle Gable is based on the fascinating real life of Alicia Corning Clark, a woman who J. Edgar Hoover insisted was paid by the Kennedys to keep quiet, not only about her romance with Jack Kennedy, but also a baby they may have had together.

Kasher in the Rye Dec 15 2020 A hopeful and inspiring "act of comedic magic" from comedian—and now memoirist!—Moshe Kasher (Artie Lange, #1 New York Times bestselling author of *Too Fat to Fish*). Rising young comedian Moshe Kasher is lucky to be alive. He started using drugs when he was just 12. At that point, he had already been in psychoanalysis for 8 years. By the time he was 15, he had been in and out of several mental institutions, drifting from therapy to rehab to arrest to...you get the picture. But *Kasher in the Rye* is not an "eye opener" to the horrors of addiction. It's a hilarious memoir about the absurdity of it all. When he was a young boy, Kasher's mother took him on a vacation to the West Coast. Well it was more like an abduction. Only not officially. She stole them away from their father and they moved to Oakland, California. That's where the real fun begins, in the war zone of Oakland Public Schools. He was more than just out of control-his mother walked him around on a leash, which he chewed through and ran away. Those early years read like part Augusten Burroughs, part David Sedaris, with a touch of Jim Carrol...but a lot more Jewish. In fact, Kasher later spends time in a Brooklyn Hasidic community. Then came addiction... Brutally honest and laugh-out-loud funny, Kasher's first literary endeavor finds humor in even the most horrifying situations.

By Fire, By Water Jan 04 2020 Recipient of the Independent Publishers Award for Historical Fiction (Gold Medal), the Foreword Book of the Year Award for Historical Fiction (Bronze Medal), and an honorable mention in the category of General Fiction for the Eric Hoffer Award. Luis de Santángel, chancellor to the court and longtime friend of the lusty King Ferdinand, has had enough of the Spanish Inquisition. As the power of Inquisitor General Tomás de Torquemada grows, so does the brutality of the Spanish church and the suspicion and paranoia it inspires. When a dear friend's demise brings the violence close to home, Santángel is enraged and takes retribution into his own hands. But he is from a family of conversos, and his Jewish heritage makes him an easy target. As Santángel witnesses the horrific persecution of his loved ones, he begins slowly to reconnect with the Jewish faith his family left behind. Feeding his curiosity about his past is his growing love for Judith Migdal, a clever and beautiful Jewish woman navigating the mounting tensions in

Granada. While he struggles to decide what his reputation is worth and what he can sacrifice, one man offers him a chance he thought he'd lost...the chance to hope for a better world. Christopher Columbus has plans to discover a route to paradise, and only Luis de Santángel can help him. Within the dramatic story lies a subtle, insightful examination of the crisis of faith at the heart of the Spanish Inquisition. Irresolvable conflict rages within the conversos in *By Fire, By Water*, torn between the religion they left behind and the conversion meant to ensure their safety. In this story of love, God, faith, and torture, fifteenth-century Spain comes to dazzling, engrossing life.

Ferrari Fever Nov 01 2019 Ferrari Fever is a fascinating and nostalgic look back at the classic car collecting scene in the 60's and 70's, an era when some of the rarest and most interesting Italian automobiles could still be found hidden or languishing in barns, junkyards or by the side of the road...almost lost in time. Paul Schouwenburg's story begins in wartime occupied Amsterdam, a poignant backdrop to the hardships of the years to follow, when the appearance of any exotic Italian thoroughbred was a rare sight indeed. Fuelled by a fascination for all things mechanical, adventures on a Rudge bicycle and early experiences in his parents' succession of Rovers, Paul gains a burning passion for finding, restoring, and ultimately racing Italian cars. But these were not just any Italian cars -from the early 60s onwards, he begins to uncover several rare Alfas, from 1900CSS Zagato to Tipo 33/2, in addition to a host of very special Ferraris, including a 250GTO, 340 America Touring, 250 MM Vignale Berlinetta, 250GT SWB Competition/61 and 275GTB/C/LM, usually by word of mouth or tenuous rumour. Having acquired them, often many different models at a time, he would drive them home across Europe through snow storms, and restore them single-handedly in his spare time, full-time job as a world-leading head and neck cancer surgeon permitting! If that wasn't exciting enough, he would then race them, often winning, before moving on to the next irresistible project. Filled with rich anecdotes and rare insights into the colourful characters of the day, including Jacques Swaters and Rob de la Rive Box, Paul's passion and incredible drive make for exciting reading. Indeed this is a unique take, a look in the rear view mirror at a bygone era when gems could be found incredibly cheaply and enthusiasts took seat-of-the-pants decisions regarding many aspects of a hobby which was uncharted, innocent and simply not as commercial as today he couldn't even give away his 250 GTO at the time!

Play It Again, Sam Apr 18 2021 *Play It Again, Sam* is a timely investigation of a topic that until now has received almost no critical attention in film and cultural studies: the cinematic remake. As cinema enters its second century, more remakes are appearing than ever before, and these writers consider the full range: Hollywood films that have been recycled by Hollywood, such as *The Jazz Singer*, *Cape Fear*, and *Robin Hood*; foreign films including *Breathless*; and *Three Men and a Baby*, which Hollywood has reworked for American audiences; and foreign films based on American works, among them Yugoslav director Emir Kusturica's *Time of the Gypsies*, which is a "makeover" of Coppola's *Godfather* films. As these essays demonstrate, films are remade by other films (Alfred Hitchcock went so far as to remake his own *The Man Who Knew Too Much*) and by other media as well. The editors and contributors draw upon narrative, film, and cultural theories, and consider gender, genre, and psychological issues, presenting the "remake" as a special artistic form of repetition with a difference and as a commercial product aimed at profits in the marketplace. The remake flourishes at the crossroads of the old and the new, the known and the unknown. *Play It Again, Sam* takes the reader on an eye-opening tour of this hitherto unexplored territory. *Play It Again, Sam* is a timely investigation of a topic that until now has received almost no critical attention in film and cultural studies: the cinematic remake. Medical Anthropology Jul 10 2020 Intended as the primary text for introductory courses on medical anthropology, this book integrates human biological data relevant to health and disease with both evolutionary theory and the social environments that more often than not produce major challenges to health and survival. Because students who take this fastest-growing anthropology course come from a variety of disciplines (anthropology, biology, especially pre-med students, and health sciences, especially), the text does not assume anything beyond a basic high-school level familiarity with human biology and anthropology. The authors first present basic biological information on a particular health condition and then expand their analysis to include evolutionary, historical, and cross-cultural perspectives. Among the topics covered are nutrition, infectious disease, stress, reproductive health, behavioral disease, aging, race/racism and health, mental health, and healers and healing.

A Paris Apartment Apr 30 2022 The New York Times Best Seller! Now with an excerpt of Michelle's new book, I'll See You in Paris! Bienvenue à Paris! When April Vogt's boss tells her about an apartment in the ninth arrondissement that has been discovered after being shuttered for the past seventy years, the Sotheby's continental furniture specialist does not hear the words "dust" or "rats" or "decrepit." She hears Paris. She hears escape. Once in France, April quickly learns the apartment is not merely some rich hoarder's repository. Beneath the cobwebs and stale perfumed air is a goldmine, and not because of the actual gold (or painted ostrich eggs or mounted rhinoceros horns or bronze bathtub). First, there's a portrait by one of the masters of the Belle Epoque, Giovanni Boldini. And then there are letters and journals written by the very woman in the painting, Marthe de Florian. These documents reveal that she was more than a renowned courtesan with enviable décolletage. Suddenly April's quest is no longer about the bureaux plats and Louis-style armchairs that will fetch millions at auction. It's about discovering the story behind this charismatic woman. It's about discovering two women, actually. With the help of a salty (and annoyingly sexy) Parisian solicitor and the courtesan's private diaries, April tries to uncover the many secrets buried in the apartment. As she digs into Marthe's life, April can't help but take a deeper look into her own. Having left behind in the States a cheating husband, a family crisis about to erupt, and a career she's been using as the crutch to simply get by, she feels compelled to sort out her own life too. When the things she left bubbling back home begin to boil over, and Parisian delicacies beyond flaky pâtisseries tempt her better judgment, April knows that both she and Marthe deserve happy finales. Whether accompanied by croissants or champagne, this delectable debut novel depicts the Paris of the Belle Epoque and the present day with vibrant and stunning allure. Based on historical events, Michelle Gable's A Paris Apartment will entertain and inspire, as readers embrace the struggles and successes of two very unforgettable women.
