The Friday Night Knitting Club Mar 04 2020
Casting on . . . It starts almost by accident: the women who buy their knitting needles and wool from Georgia's store linger for advice, for a coffee, for a chat and before they know it, every Friday night is knitting night. Finding a pattern . . . And as the needles clack, and the garments grow, the conversation moves on from patterns and yarn to life, love and everything. These women are of different ages, from different

backgrounds and facing different problems, but they are drawn together by threads of affection that prove as durable as the sweaters they knit. The Friday Night Knitting Club - don't you want to join?

"Building Like Moses with Jacobs in Mind"

Nov 11 2020 The antagonism between urbanist and writer Jane Jacobs and master builder Robert Moses may frame debates over urban form, but in "Building Like Moses with Jacobs in Mind," Scott Larson aims to use the Moses-Jacobs rivalry as a means for examining and understanding the New York City administration's redevelopment strategies and actions. By showing how the Bloomberg administration's plans borrow selectively from Moses' and Jacobs' writing, Larson lays bare the contradictions buried in such rhetoric and argues that there can be no equitable solution to the social and economic goals for redevelopment in New York City with such a strategy. "Building Like Moses with Jacobs in Mind" offers a lively critique that shows how the legacies of these two planners have been interpreted—and reinterpreted—over time and with the evolution of urban space. Ultimately, he makes the case that neither figure offers a meaningful model for addressing stubborn problems—poverty, lack of

affordable housing, and segregation along class and racial lines—that continue to vex today's cities.

Thanks A Thousand Dec 25 2021 The idea was deceptively simple: New York Times bestselling author A.J. Jacobs decided to thank every single

person involved in producing his morning cup of coffee. The resulting journey takes him across the globe, transforms his life, and reveals secrets about how gratitude can make us all happier, more generous, and more connected. Author A.J. Jacobs discovers that his coffee—and every other item in our lives—would not be possible without hundreds of people we usually take for granted: farmers, chemists, artists, presidents, truckers, mechanics, biologists, miners, smugglers, and goatherds. By thanking these people face to face, Jacobs finds some much-needed brightness in his life. Gratitude does not come naturally to Jacobs—his disposition is more Larry David than Tom Hanks—but he sets off on the journey on a dare from his son. And by the end, it's clear to him that scientific research on gratitude is true. Gratitude's benefits are legion: It improves compassion, heals your body, and helps battle depression. Jacobs gleans wisdom from vivid characters all over the globe, including the

Minnesota miners who extract the iron that makes the steel used in coffee roasters, to the Madison Avenue marketers who captured his wandering attention for a moment, to the farmers in Colombia. Along the way, Jacobs provides wonderful insights and useful tips, from how to focus on the hundreds of things that go right every day instead of the few that go wrong. And how our culture overemphasizes the individual over the team. And how to practice the art of “savoring meditation” and fall asleep at night. Thanks a Thousand is a reminder of the amazing interconnectedness of our world. It shows us how much we take for granted. It teaches us how gratitude can make our lives happier, kinder, and more impactful. And it will inspire us to follow our own “Gratitude Trails.”

Jacob's Ladder Feb 12 2021 "Simultaneously poignant and puzzling. . . . The climax elegantly answers all questions, making this ghost story more satisfying than most." — Publishers Weekly (starred review) Jacob awakens inexplicably in a gray, grim place called Locus, where people his age live in dormitories, wear identical gray uniforms, and eat spongy, tasteless food. Even worse than the dreary conditions is his realization that others have accepted this fate — something Jacob vows not to do. Setting out with two companions on a perilous journey, Jacob slowly unravels the horrifying truth about the people of Locus. As they journey through fear toward hope, they must choose between a past they cannot remember and a future they cannot predict.

[Jacob's Room](#) Oct 23 2021 A Nonconformist Novel with No Central Character "Either we are men, or we are women. Either we are cold, or we are sentimental. Either we are young, or growing old. In any case life is but a procession of shadows, and God knows why it is that we embrace them so eagerly, and see them depart with such anguish, being shadows." - Virginia Woolf, *Jacob's Room* *Jacob's Room* is not your typical Victorian English novel. The fact that there is no real protagonist stands out the most. Jacob is not actually a character, only a collection of memories, feelings and sensations. His life is like a room seen through the eyes of other people. This Xist Classics edition has been professionally formatted for e-readers with a linked table of contents. This eBook also contains a bonus book club leadership guide and discussion questions. We hope you'll share this book with your friends, neighbors and colleagues and can't wait to hear what you have to say about it.

Pathways to Learning Environmental Science: A Study Guide for Success Sep 02 2022 "Pathways

to Learning Environmental Science: A Study Guide for Success" is a workbook and study guide designed to be used in conjunction with standard required texts in Environmental Studies courses. Used over the duration of a course it enhances comprehension, increases retention, and improves test scores. The book contains tear-out pages that can easily be attached to class notes or other course materials. Chapters feature questions and fill in the blank exercises, allowing students to check their understanding of the subject matter, and assess their progress early on. Everything in the book is designed to answer the question What do I need to know? . The fourteen chapters of the book cover the many areas involved in environmental studies, including chemical, physical, biological, and earth science principles, earth sphere, and biomes. Also covered are environmental cycles, material and energy resources, pollution, and environmental laws and regulations. Each chapter begins with an

explanation of the topic to be discussed, and indicates where in a textbook students can find complete discussions, figures, charts and tables. Chapter exercises are presented in multiple choice, fill in the blank, and matching formats, allowing students many opportunities for self-evaluation prior to taking class examinations. Of special note is the Rap City in Green feature of the book, which reviews major concepts in verse form. The musicality of the verses enhances appeal, and is a highly effective memory aid. "Pathways to Learning Environmental Science" is an excellent support tool for students in general education Environmental Science courses. Alan Jacobs received his PhD from Indiana University, Bloomington. Currently he is a Professor in the Department of Geological and Environmental Sciences at Youngstown State University in Youngstown, Ohio where he has taught and conducted research in environmental studies, geology, and public health. *How to Think* Aug 28 2019 "Absolutely splendid .

. . . essential for understanding why there is so much bad thinking in political life right now." —David Brooks, New York Times How to Think is a contrarian treatise on why we're not as good at thinking as we assume—but how recovering this lost art can rescue our inner lives from the chaos of modern life. As a celebrated cultural critic and a writer for national publications like The Atlantic and Harper's, Alan Jacobs has spent his adult life belonging to communities that often clash in America's culture wars. And in his years of confronting the big issues that divide us—political, social, religious—Jacobs has learned that many of our fiercest disputes occur not because we're doomed to be divided, but because the people involved simply aren't thinking. Most of us don't want to think. Thinking is trouble. Thinking can force us out of familiar, comforting habits, and it can complicate our relationships with like-minded friends. Finally, thinking is slow, and that's a problem when our habits of consuming

information (mostly online) leave us lost in the spin cycle of social media, partisan bickering, and confirmation bias. In this smart, endlessly entertaining book, Jacobs diagnoses the many forces that act on us to prevent thinking—forces that have only worsened in the age of Twitter, "alternative facts," and information overload—and he also dispels the many myths we hold about what it means to think well. (For example: It's impossible to "think for yourself.") Drawing on sources as far-flung as novelist Marilynne Robinson, basketball legend Wilt Chamberlain, British philosopher John Stuart Mill, and Christian theologian C.S. Lewis, Jacobs digs into the nuts and bolts of the cognitive process, offering hope that each of us can reclaim our mental lives from the impediments that plague us all. Because if we can learn to think together, maybe we can learn to live together, too.

[In Defense of Disciplines](#) Oct 11 2020 Calls for closer connections among disciplines can be heard throughout the world of scholarly research, from major universities to the National Institutes of Health. In Defense of Disciplines

presents a fresh and daring analysis of the argument surrounding interdisciplinarity. Challenging the belief that blurring the boundaries between traditional academic fields promotes more integrated research and effective teaching, Jerry Jacobs contends that the promise of interdisciplinarity is illusory and that critiques of established disciplines are often overstated and misplaced. Drawing on diverse sources of data, Jacobs offers a new theory of liberal arts disciplines such as biology, economics, and history that identifies the organizational sources of their dynamism and breadth. Illustrating his thesis with a wide range of case studies including the diffusion of ideas between fields, the creation of interdisciplinary scholarly journals, and the rise of new fields that spin off from existing ones, Jacobs turns many of the criticisms of disciplines on their heads to mount a powerful defense of the enduring value of liberal arts disciplines. This will become one of the anchors of the case against

interdisciplinarity for years to come.

Bonus features • Q&A with author Ransom Riggs • Eight pages of color stills from the film • Sneak preview of *Hollow City*, the next novel in the series A mysterious island. An abandoned orphanage. A strange collection of very curious photographs. It all waits to be discovered in *Miss Peregrine's Home for Peculiar Children*, an unforgettable novel that mixes fiction and photography in a thrilling reading experience. As our story opens, a horrific family tragedy sets sixteen-year-old Jacob journeying to a remote island off the coast of Wales, where he discovers the crumbling ruins of *Miss Peregrine's Home for Peculiar Children*. As Jacob explores its abandoned bedrooms and hallways, it becomes clear that the children were more than just peculiar. They may have been dangerous. They may have been quarantined on a deserted island

for good reason. And somehow—impossible though it seems—they may still be alive. A spine-tingling fantasy illustrated with haunting vintage photography, *Miss Peregrine's Home for Peculiar Children* will delight adults, teens, and anyone who relishes an adventure in the shadows. “A tense, moving, and wondrously strange first novel. The photographs and text work together brilliantly to create an unforgettable story.”—John Green, New York Times best-selling author of *The Fault in Our Stars* “With its *X-Men: First Class*-meets-time-travel story line, David Lynchian imagery, and rich, eerie detail, it's no wonder *Miss Peregrine's Home for Peculiar Children* has been snapped up by Twentieth Century Fox. B+”—*Entertainment Weekly* “‘Peculiar’ doesn't even begin to cover it. Riggs' chilling, wondrous novel is already headed to the movies.”—*People* “You'll love it if you want a good thriller for the summer. It's a mystery, and you'll race to solve it before Jacob figures it out for

himself.”—Seventeen

Celestial Bodies Jun 30 2022 A distinguished dance critic offers an enchanting introduction to the art of ballet As much as we may enjoy Swan Lake or The Nutcracker, for many of us ballet is a foreign language. It communicates through movement, not words, and its history lies almost entirely abroad--in Russia, Italy, and France. In Celestial Bodies, dance critic Laura Jacobs makes the foreign familiar, providing a lively, poetic, and uniquely accessible introduction to the world of classical dance. Combining history, interviews with dancers, technical definitions, descriptions of performances, and personal

stories, Jacobs offers an intimate and passionate guide to watching ballet and understanding the central elements of choreography. Beautifully written and elegantly illustrated with original drawings, Celestial Bodies is essential reading for all lovers of this magnificent art form.

Student Study Guide, Old Testament Bible Survey Course Apr 28 2022 STUDENT STUDY GUIDE begins with the student answering ten basic questions concerning the Old Testament.

What is the Old Testament? Who wrote the Old Testament? Where, When, Why and How was the Old Testament written? What are three major features of the Old Testament: Revelation, Inspiration and Preservation? How should we study the Old Testament? Why should you memorize verses of the Old Testament? When should one read the Old Testament? BIBLE MEMORY VERSES (97 memorized accumulatively) aid the student to say with the Psalmist "Thy word have I hidden in mine heart, that I might not sin against thee." This STUDENT STUDY GUIDE closes with an incomplete outline for each of the 39 books of the Old Testament. Each outline has space for personal notes, classroom instruction plus THE BASICS: Author, Date of Writing, Name Meaning, Passages for Particular Emphasis, Verses for Memory, Characters of Interest and Content Description. Following high school, a Bachelor of Science degree was received from Piedmont College, Demorest, GA plus a Georgia

Teacher's Professional Certificate. Then came the Army Security Agency and three years later came employment with the National Security Agency, Washington, DC. Meeting Edith Campen from North Carolina led to marriage, February 1, 1957. A year after marriage, God called me to the ministry. Graduating from Southwestern Baptist Theological Seminary, Ft. Worth, TX with a Bachelor of Divinity (updated to Masters of Divinity) and Masters in Religious Education (updated to Masters of Arts), God directed me to serve Him. For some 50 years, it was a pleasure to serve God and people in churches and classrooms as Minister of Youth, Minister of Education, Minister of Education/Administration, and Minister of Pastoral Care. It was a joy to teach this Old Testament Bible Survey Course to ninth grade students at Cypress Community Christian School, Houston, TX.`

Letters From a Slave Girl May 18 2021

Harriet Jacobs was born into slavery; it's the only life she has ever known. Now, with the

death of her mistress, there is a chance she will be given her freedom, and for the first time Harriet feels hopeful. But hoping can be dangerous, because disappointment is devastating. Harriet has one last hope, though: escape to the North. And as she faces numerous ordeals, this hope gives her the strength she needs to survive. Based on the true story of Harriet Ann Jacobs, *LETTERS FROM A SLAVE GIRL* reveals in poignant detail what thousands of African-American women had to endure not long ago. It's a story that will enlighten, anger, and never be forgotten.
