The Beast Side Nov 07 2020 A New York Times Best Seller! To many, the past 8 years under President Obama were meant to usher in a new post-racial American political era, dissolving the divisions of the past. However, when seventeen-year-old Trayvon Martin was shot by a wannabe cop in Florida; and then Ferguson, Missouri, happened; and then South Carolina hit the headlines; and then Baltimore blew up, it was hard to find any evidence of a new post-racial order. Suddenly the entire country seemed to be awakened to a stark fact: African American men are in danger in America. This has only become clearer as groups like Black Lives Matter continue to draw attention to this reality daily not only online but also in the streets of our nation's embattled cities. Now one of our country's quintessential urban war zones is brought powerfully to life by a rising young literary talent, D. Watkins. The author fought his way up on the eastside (the "beastside") of Baltimore, Maryland-or "Bodymore, Murderland," as his friends call it. He writes openly and unapologetically about what it took to survive life on the streets while the casualties piled up around him, including his own brother. Watkins pushed drugs to pay his way through school, staying one step ahead of murderous business rivals and equally predatory lawmen. When black residents of Baltimore finally decided they had had enough-after the brutal killing of twenty-five-year-old Freddie Gray while in police custody-Watkins was on the streets as the city erupted. He writes about his bleeding city with the razor-sharp insights of someone who bleeds along with it. Here are true dispatches from the other side of America. In this new paperback edition, the author has also added new material responding to the rising tide of racial resentment and hate embodied by political figures like Donald Trump and Ted Cruz, and the impact this has had on issues of race in America. This book is essential reading for anyone trying to make sense of the chaos of our current political moment.

Raising Kanye Jan 10 2021 As the mother of hip-hop superstar Kanye West, Donda West has watched her son grow from a brilliant baby boy with all the intimations of fame and fortune to one of the hottest rappers on the music scene. And she has every right to be proud: she raised her son with strong moral values, teaching him right from wrong and helping him become the man he is today. In Raising Kanye, Donda not only pays homage to her famous son but reflects on all the things she learned about being his mother along the way. Featuring never-before-seen photos and compelling personal anecdotes, Donda's powerful and inspiring memoir reveals everything from the difficulties she faced as a single mother in the African-American community to her later experiences as Kanye's manager as he rose to superstardom. Bush, Donda supports her son without exception, and here she shares the invaluable wisdom she has taken away from each experience -- passion, tolerance, patience, and above all, always telling the truth. Ultimately, she not only expresses what her famously talented son has meant to her but what he has meant to music and an entire generation.

From a Nigga to a God Jun 02 2020 I was born December 19, 1967 to Henderson Ford and Lenora. I was born into a population of Niggas, blind to the knowledge of self, culture, and environment, deaf to Wisdom and the Law and Word of God." I never knew my mind and environment were one and the same, nor did I know that my mind was being clay shaped through space and time, TV and radio, words and images. Looking for answers, I traveled and experienced many situations and problems from bullies in the school to trying to avoid my mother's violent behavior. These experiences led me to the streets, to gangs, drugs, murder, prison, and, ultimately, to enlightenment. Prison is where I discovered my mind, discovered who I was, who I am, and what I am naturally created to be! On September 18, 2001, seven days after the September 11th bombings, I was freed from prison, freed back into a population of niggas. Most people think that a Nigga is a black person, but in reality, it's a behavior that's being promoted in every society crossing over in every ethnic group. Knowing and understanding that I am made in the image of God, now I strive from thought to thought to be God, not just in thought, but in mind, body, and spirit. This is my story, *From a Nigga to a God*. Antonio Ford July 2012

My Life in Search of Africa Sep 25 2019 This book finally uncovers the tumultuous life of this great figure.

Book of Rhymes Jul 24 2019 If asked to list the greatest innovators of modern American poetry, few of us would think to include Jay-Z or Eminem in their number. And yet hip hop is the source of some of the most exciting developments in verse today. The media uproar in response to its controversial lyrical content has obscured hip hop's revolution of poetic craft and experience: Only in rap music can the beat of a song render poetic meter audible, allowing an MC's wordplay to move a club-full of eager listeners. Examining rap history's most memorable lyricists and their inimitable techniques, literary scholar Adam Bradley argues that we must understand rap as poetry or miss the vanguard of poetry today. *Book of Rhymes* explores America's least understood poets, unpacking their surprisingly complex craft, and according rap poetry the respect it deserves.

Yakub (Jacob) May 02 2020 Yakub is a Black Scientist introduced to the public by Elijah Muhammad. Elijah Muhammad told of his history as being the father of mankind or the maker of the white race. This teaching proved to be one of the most explosive within the Nation of Islam's theological and mathematical doctrine. Thought to be a myth, especially among those who gravitated more towards Orthodox Islam, which by the way, don't accept Elijah Muhammad as being authentic, but since the cloning of the sheep Dolly and other organic species, the facts that Elijah Muhammad attributed to this man cannot be discounted unless we all suddenly agree that "Dolly" never happened.

Message to the People Jun 26 2022 In 1937, Marcus Garvey, founder of the Universal Negro Improvement Association, assembled his most trusted organizers to impart his life's lessons. For one month he instructed this elite student body on topics ranging from universal knowledge and how to attain it, to leadership, character, God, and the social system. Known as the Course of African Philosophy, this volume offers a fascinating distillation of the great leader's wisdom.

Stereo (TYPE) Jul 28 2022 The award-winning poet's darkly riotous debut, exploring stereotypes of Black male identity and sexuality in a corrupt system. Lyrical, loud and radically urgent, Jonah Mixon-Webster's debut aims its sights at the words and images that shape us and the corrupt forces that stand in the way of our freedom. *Stereo (TYPE)* is a reckoning and a force. It is a revision of our most sacred mythologies – and a work of documentary poetry reporting from Mixon-Webster's hometown of Flint, Michigan, where untainted tap water is still not guaranteed and the legacies of racist policies persist. Challenging stereotypes through scenes scattered with satire, violence, and the extreme vagaries of everyday life, Mixon-Webster explores the places where space and body, race and region and sexuality and class meet and intersect. He invents visual/sonic forms, recasts poems as FAQs and transcripts, and dives into dreamscapes and modern tragedies. Interrogating language and the ways we wield it as both sword and shield, *Stereo (TYPE)* is a rapturous collection of vital and beautiful poems.

Extra-Terrestrial Gods & Demons Apr 12 2021 The mechanism of man's fall, scientific proof that the "appointed time" or ascension of man has begun, the unified human consciousness field, the multidimensional nature of the universe, the destruction of true knowledge so that humanity can be more easily controlled – these topics along with the likelihood of extraterrestrial manipulation of humanity throughout history are all examined through the lens of ancient writings, modern accounts, and psychic channelings. The Book of God: An Encyclopedia of Proof That the Black Man Is God Dec 29 2019 True Islam's 1997 cult classic is back in print in a new, revised edition. The Book of God has been called 'the bible of the Black God,' as it presents a wide

range of scientific, historical, and scriptural evidence demonstrating that the Original Black Man is the God of the world's religious traditions, from the religious traditions of the Ancient Near and Far East such as Kemet (Egypt) and India to the Biblical religions and Islam. The Book of God answers such questions as: How is the Black Man God and what does this mean? What is God's relationship to spirit and matter? What does Albert Einstein's mathematical revelation $E=mc^2$ have to do with the Reality of God? If the Original Black Man is God, Who is the Original Black Woman? Is there evidence of the reality of the Twenty Four Scientists? Who is Master Fard Muhammad? Was he actually an ex-con named Wallie Ford who served time in San Quentin on a drug charge? And more. The Book of God also demonstrates that: The God of the ancient religious traditions around the world was a self-created Black God. The Six Days of Creation in the book of Genesis chronicles the Black God's Six Trillion year evolution. The ancient sacred texts of the Original Man and Woman from around the world agree with the Hon. Elijah Muhammad's Teaching on God. The fields of Genetics and Hebrew Sacred Tradition converge to reveal that the Essence of the Creator inhabits the very genetic makeup of the Original Man and Woman. The Secret of the ancient Mysteries, the Masonic Lodge and Shrine, and the Church of Rome is the Reality of the Black God. Astrophysical evidence and ancient tradition converge to support the Hon. Elijah Muhammad's teaching on the Deportation of the Moon by a Black God. And much more.

Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? Between the World and Me is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, Between the World and Me clearly illuminates the past, bravely confronts our present, and offers a transcendent vision for a way forward.

The Flag of Islam Aug 29 2022 For thousands of years, the people who did not have the knowledge of the person, or reality of God, worshipped their own ideas of God. He has been made like many things other than what He really is... We therefore can reason that if we don't know the Creator, then we don't understand His Creation or the laws and principles that govern it. All prophets, sages, gurus and persons of knowledge was, is and shall be governed and subject to these laws; this should clue us in on the fact that these same natural laws of the Creator can serve as a criteria or standard of judgment. If what you believe doesn't correspond to this standard - which transcends time and geography - it has no place in it. In other words, the only way a person can walk on water is symbolically or the water would have to be ice; otherwise, it doesn't correspond to the Creator's law governing this creation. It then fits into the category of untruths. This book teaches you about the house rules.

Knowledge of Self Dec 21 2021 Do you know who - and what - you are? Do you know who you're meant to be? Do you know how to find the answers to questions like these? Knowledge of Self is the result of a process of self-discovery, but few of us know where to begin when we're ready to start looking deeper. Although self-actualization is the highest of all human needs, it is said that only 5% of people ever attain this goal. In the culture of the Nation of Gods and Earths, commonly known as the Five Percent, students are instructed that they must first learn themselves, then their worlds, and then what they must do in order to transform their world for the better. This often intense process has produced

thousands of revolutionary thinkers in otherwise desperate environments, where poverty and hopelessness dominate. Until now, few mainstream publications have captured the brilliant yet practical perspectives of these luminary men and women. *Knowledge of Self: A Collection of Writings on the Science of Everything in Life* presents the thoughts of Five Percenters, both young and old, male and female, from all over the globe, in their own words. Through essays, poems, and even how-to articles, this anthology presents readers with an accurate portrait of what the Five Percent study and teach, as well as sound direction on how to answer timeless questions like: Who am I, and why am I here? Why is there so much injustice in the world, and what can be done about it? Who is God and where on Earth is he? How do I improve myself without losing myself? Why are people of color in the situations they're in? What can we do about the global problems of racism and poverty?
