*The Rainbow* Jan 07 2021 There, on the dusty floorboards, was a piece of paper, folded neatly. A newspaper article, written in German, alongside a faded picture of two men in Nazi uniforms staring at the camera. I was about to place it back in the box of forgotten things when something in the text jumped out at me. My breath caught in my chest. I know that name. London, present day. Isla has grown up hearing her beloved grandad's stories about his life as a child in pre-war Poland and as a young soldier bravely fighting the Germans to protect his people. So she is shocked and heartbroken to find, while collecting photos for his 95th birthday celebration, a picture of her dear grandfather wearing a Nazi uniform. Is everything she thought she knew about him a lie? Unable to question him due to his advanced dementia, Isla wraps herself in her rainbow-coloured scarf, a memento of his from the war, and begins to hunt for the truth behind the photograph. What she uncovers is more shocking than she could have ever anticipated - a tale of childhood sweethearts torn apart by family duty, and how one young man risked his life, his love and the respect of his own people, to secretly fight for justice from inside the heart of the enemy itself... An heartbreaking novel of love, betrayal and a secret passed down through a family. Inspired by an incredible true story. Perfect for fans of The Tattooist of Auschwitz, We Were the Lucky Ones and The Alice Network. Readers absolutely love The Rainbow: 'Oh my gosh... this book broke me... it will stay with me for a very long time... heart-breaking, poignant, gripping and compelling I felt every emotion... I read this book in one sitting.' Fiction Vixen Reads, ????? 'Will rip your heart out... It has heartache, pain, loss, joy, and sorrow. It's a great WWII historical fiction... heartbreaking.' The Parallel Process Aug 14 2021 For many parents of troubled teenagers, a therapeutic program that takes the child from the home for a period of time offers some respite from the daily tumult of acting out, lies, and tension that has left the family under siege. However, just as the teenager is embarking on a journey of self-discovery, skill-development, and emotional maturation, so parents too need to use this time to recognize that their own patterns may have contributed to their family's downward spiral. This is "The Parallel Process." Using case studies garnered from her many years as an adolescent and family therapist, Krissy Pozatek shows parents of pre-teens, adolescents, and young adults how they can help their children by attuning to emotions, setting limits, not rushing to their rescue, and allowing them to take responsibility for their actions, while recognizing their own patterns of emotional withdrawal, workaholism, and of surrendering their lives and personalities to parenting. "The Parallel Process" is an essential primer for all parents, whether of troubled teens or not, who are seeking to help the family stay and grow together as they negotiate the potentially difficult teenage years."
