Hong Kong Employment Law Jan 30 2020 This book will allow you to get a firm grasp of the relevant legislation so you'll always be alert to its day-to-day impact on the employment relationship; and take practical steps to make sure your employee relationships and your business are not exposed to legal challenges. Step by step through the best-practice procedures that ensure full compliance with all relevant Hong Kong laws. Case studies and worked examples—dozens of them—clearly illuminate just about any difficulty likely to arise in any employment situation.

German Employment Law Sep 19 2021 In modern employment practice, the question of who falls under the jurisdiction of German labor law (employees, freelancers, employers, works councils, labor unions, representatives for the disabled, employer's associations, etc.) is an increasingly salient issue faced by foreign firms and firm owners, human resource, tax, and legal departments, as well as investors and foreign employees. Specifically, many firms have questions concerning the application of German law for establishing, managing, and terminating employment contracts with foreign or German workers within Germany. In this connection, issues frequently arise concerning foreign assignment, residency, and visa law, and an extremely wide range of legal provisions must be taken into account, including the AGG (General Non-Discrimination Act), BetrVG (German Employees Representation Act), Tarifrecht (Collective Bargaining Law), BUrlG (German Federal Leave Act), TzBfG (Part-Time Work and Fixed-Term Employment Act), AÜG (Employee Transfer Act), BDSG (German Federal Data Protection Act), KSchG (German Protection Against Dismissal Act), EntgeltfortzahlungsG (Continued Remuneration Act), GewO (German Industrial Code), and MutterschutzG (Maternity Protection Act). Beyond this, secondary questions related to income tax law, international taxation, and social security law may arise. Against this complex backdrop, the present work intends to answer questions most frequently asked by foreigners when dealing with German employment law.

EU Employment Law Mar 14 2021 This new edition of EU Employment Law provides a complete revision and update of the leading English language text in the field. The coverage in the new edition has been expanded with material on all the latest developments, incorporating the changes made by the Lisbon Treaty; the EU2020 strategy; the Charter of Fundamental Rights; the 'Article 19 Directives'; the Temporary Agency Work Directive; the revisions to the existing including the Directives on Parental Leave and European Works Council; and the new Social Security Regulations 883/2004. It also analyses the ever-expanding body of employment case law, including the momentous decisions in Viking, Laval, Rueffert, and Commission v Luxembourg. The book begins with an examination of the development of EU employment law focusing on the shift from employment law to employment policy. The text then studies rule-making in the field of employment law, considering both the traditional routes to legislation and governance techniques such as the Open Method of Coordination. The final chapters look closely at the substantive area of employment law, examining the free movement of persons, equal treatment, health and safety and working conditions, the restructuring of enterprises,

worker participation, and collective action. Throughout, the book addresses the fundamental question as to the purpose of EU employment law: is it primarily economic, or social, or both?

Labour Legislation and Public Policy Jun 28 2022 Most traditional legal textbooks aim to give students an overview of the present state of law in a particular area. In doing so, most books offer only a cursory assessment of how the law came to be the way it is and how economic, political, and social forces were influential during its evolution. In this innovative study the authors seek to offer students a different kind of text. Guiding students through four and a half decades of almost continuous legislative activity, the authors show how labour law evolved between the end of the Second World War and the beginning of the 1990s, how the law was created and how it looks today. The origins of the legislation providing the current framework of labour law are examined and explained in a way that will appeal not only to lawyers, but also to students of politics, economics, sociology, and labour history.

Workers, Collectivism and the Law May 28 2022 *Workers, Collectivism and the Law* offers a captivating historical account of worker democracy, from its beginnings in European guild systems to present-day labor unions, across the national legal systems of Germany, Sweden, the United Kingdom and the United States. Analysing these legal systems in light of a Habermasian concept of participatory democracy, Laura Carlson identifies ways to strengthen individual employee voice in claims against employers. Carlson highlights how employee voice and democracy, both collective and individual, assume different guises in each of these four labor law models. By tracing voice and democracy as components in the history of collective worker organizations, from guilds to journeymen associations to modern labor unions, Carlson demonstrates how history has shaped today's national labor law models. In the context of modern labor law's central focus on human rights, Carlson articulates the need for stronger legal defence of mechanisms of transparency and procedural due process, to enhance voice and democracy for union members in invoking rights and asserting protections for workers. This insightful book is indispensable reading for labor law academics and for those practicing in employment law, while those interested in the history of labor law will revel in its penetrating survey of the materials.

Employment Relations in the United States Oct 01 2022 Employment is closely connected to wealth, status, and security and is therefore a subject of interest across a range of academic disciplines. *Employment Relations in the United States* incorporates a wealth of research material from these different specialties to provide a historical perspective on the American workplace and the evolution of legal policies affecting employment. The analysis follows both a chronological and thematic arrangement, beginning with the importance of management practices, the growth of labor organizations and the impact of collective bargaining on employment institutions, and the subsequent rise of individual employment rights enforced through administrative and judicial means. Through its evolutionary approach, the book explains the fragmented, overlapping, and conceptually confusing regulatory environment governing workplace relations. It offers an integrated approach to such important contemporary policy issues as health care coverage, pensions, and effective dispute procedures. The book provides an analytical framework for an understanding of the unique nature of our labor markets and the role of government, employers, and unions. **Key Features** Provides students with the historical background they need to understand how the U.S. system developed and how it differs from systems in other industrialized nations Discusses individual employment rights, including protection from discrimination Covers current policy issues in employment, including raising the minimum wage, the growth of a contingent workforce, and privatizing retirement Offers a unique historical and evolutionary explanation of the nature of employment relations As a general overview of contemporary employment relations, *Employment Relations in the United States* is a perfect supplement to college courses in employment law, human resource management, and collective bargaining. Human resource managers, mediators, and professionals involved in labor relations will also find this an essential reference.

Employment Law Handbook Aug 07 2020 This new edition has been updated to take account of legislative and other developments including the Age Discrimination 2006 Regulations, the Corporate Manslaughter and Corporate Homicide Act 2007, the changes to dispute resolution procedures, and the impact of the Work and Families Act 2006.

Termination of Employment Apr 26 2022 "Termination can be a costly exercise and it is essential that policies and procedures are in place to ensure that the law is complied with, the outcome is fair to all parties, and there are no repercussions at a later date. This second edition of *Termination of Employment* is a best practice guide to terminating the employment of an employee for a range of reasons, including poor performance, misconduct, redundancy and restructuring. It examines the new test for justifiability (introduced in 2011) and explains when and how an employer can justifiably dismiss an employee. It discusses appropriate policies that might be adopted and procedures that ought to be followed. It also provides clear case examples of good and bad practice in various employment termination scenarios."--Publisher information. It covers absolutely all topics you need for the course." - Emma McGeorge, law student, Strathclyde University

Key Aspects of German Employment and Labour Law May 04 2020 This publication gives an overview of all key aspects of German labour and employment law as well as adjoining fields. Legal professionals with expert knowledge and many years of experience explain the legal basis of these aspects of German law, point out typical practical problems and suggest solutions to those problems. In addition, examples are given on how to best manage legal pitfalls to minimize risks. This book translates employment and labour law for foreign in-house counsels and human resources managers at international companies and provides a clear understanding of the complex legal regulations in Germany. All three editors of the book, Dr. Jens Kirchner, Pascal R. Kremp and Michael Magotsch, are key legal professionals working at the Frankfurt office of DLA Piper, one of the largest legal services providers in the world (www.dlapiper.com), with national and multinational clients. Their experience includes the management of cross-border restructurings, outsourcing and transfer of undertaking measures, as well as the management of national and multi-jurisdictional merger and acquisitions projects, including post-merger integration processes.

Beginning Employment Law Dec 03 2022 Whether you're new to higher education, coming to legal study for the first time or just wondering what Employment Law is all about, Beginning Employment Law is the ideal introduction to help you hit the ground running. Starting with the basics and an overview of each topic, it will help you come to terms with the structure, themes and issues of the subject so that you can begin your Employment Law module with confidence. Adopting a clear and simple approach with legal vocabulary explained in a detailed glossary, James Marson breaks the subject of Employment Law down using practical everyday examples to make it understandable for anyone, whatever their background. Diagrams and flowcharts simplify complex issues, important cases are identified and explained and on-the-spot questions help you recognise potential issues or debates within the law so that you can contribute in classes with confidence. Beginning Employment Law is an ideal first introduction to the subject for LLB, GDL or ILEX and especially international students, those enrolled on distance learning courses or on other degree programmes.

Briefcase on Employment Law Aug 19 2021 A concise and comprehensive guide to the principles of employment law which focuses on the topics common to employment law courses at both undergraduate and diploma level. The cases and statutory materials are presented and explained in a clear and logical way in order to assist student understanding of this complex and dynamic subject. The second edition has been fully updated to take account of the most recent statutory changes (such as the Employment Relations Act 1999) and case law developments (including, amongst others, the unfair dismissal cases *Haddon v Van Den Burgh* (1999) and *Wilson v Ethicon Ltd* (2000)).

Employment Law Review Aug 31 2022 The Employment Law Review, edited by Erika C Collins of Proskauer Rose LLP, serves as a tool to help legal practitioners and human resources professionals identify issues that present challenges to their clients and companies. As well as in-depth examinations of employment law in 48 jurisdictions, the book provides further general interest chapters covering the variety of employment-related issues that arise during cross-border merger and acquisition transactions, aiding practitioners and human resources professionals who conduct due diligence and provide other employment-related support in connection with cross-border corporate M&A deals. Other chapters deal with global diversity and inclusion initiatives across the globe, social media and mobile device management policies, and the interplay between religion and employment law. Contributors include: Els de Wind, Van Doorne; Annie Elfassi, Loyens Loeff. "Excellent publication, very helpful in my day to day work." - Mr Frederic Thorat, Head of HR, BNP Paribas"Excellent coverage and detail on each country is brilliant." - Mr Raani Costelloe, General manager of Legal and Business Affairs, Sony music Entertainment, Australia"An excellent resource for in-house counsel for a company with an international footprint." - Mr John R Pendergast, Senior Counsel, BASF Corporation, USA"It's invaluable to any lawyer dealing with cross-border and privacy-related employment issues and is a cornerstone to my own legal research" - Oran Kiazim, Vice President, Global Privacy, SterlingBackcheck, UK

Honeyball and Bowers' Textbook on Employment Law Nov 02 2022 "Honeyball and Bowers' Textbook on Employment Law is a concise yet analytical and contextual introduction to this fascinating area of the law. Accessible by virtue of its succinct style and clear

layout, yet challenging and critical, the eleventh edition of this book is suitable for students on law and business degree courses, as well as anyone else engaged in the study of employment law. Beginning with a historical perspective and explanation of how and why the law has developed as it has, Simon Honeyball goes on to explore what the law actually is, and the practical and theoretical issues raised by its study and application. The book contains cross referencing to Cases and Materials on Employment Law by Painter & Holmes ensuring that these two titles continue to complement one another providing the perfect blend of textbook analysis and the most up-to-date cases and materials. Online Resource Centre This book is accompanied by an Online Resource Centre containing weblinks and author podcasts helping to keep track of developments post publication"--Provided by publisher.

A History of British Labour Law Mar 26 2022 This work examines the received wisdom that, British labour law was abstentionist or non-interventionist, by looking at the role given to law.
