A Brief Guide to Ghost Hunting Sep 21 2021 There has been an upsurge in books, television programmes, films and websites exploring the reality or otherwise of the spirit world. Not since the founding of The Ghost Club in 1862 and the Society for Psychical Research in 1882 has ghost hunting been so popular. Television and the internet, in particular, have fueled this new level of interest, creating a modern media phenomenon that spans the globe. But while the demand for information is high, good information remains scarce. A Brief Guide to Ghost Hunting leads us through the process of ghost hunting, from initially weighing the first report, to choosing equipment, and investigating and identifying the phenomena, with an analysis of the best places to go looking, methods of contacting the spirit world, how to explain paranormal activity and, crucially, how to survive the encounter. However, it is also a book about ghost hunting itself, drawing on 130 years of research in the cavernous archives of the Society for Psychical Research and even older history to find the earliest ghost stories. A Ghost Hunting Survey makes use of interviews with those billing themselves as ghost hunters to find out their views, motivations and experiences. New and original research makes use of statistics to map the nebulous world of apparitions while a Preliminary Survey of Hauntings offers an analysis of 923 reported phenomena from 263 locations across the UK. This is, as far as possible, an objective presentation of ghosts and ghost hunting. It is no wonder that mainstream science largely refuses to deal with the subject: it is too complicated. Without trying to convince you of any viewpoint, this book is intended to help you understand more.

With candor, the directors and team members reveal the passions and even obsessions that lead them to this expensive, time-consuming, and sometimes dangerous and chilling pursuit of evidence of the spirit realm. Brown interviews enthusiasts from twelve states--Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, Texas, and Virginia. Ghost Hunters of the South takes the reader along on exciting and fearful investigations of places such as the Myrtles, St. Francis Inn, Chickamauga Battlefield, Bob Mackey's Music World, Old Talbott Tavern, North Carolina State Capitol, Granberry Opera House, and 17Hundred90 Inn and Restaurant. Brown participates in some of the investigations to gain a full and objective understanding of teachers, doctors, accountants, housewives, and law enforcement personnel, who devote much of their free time to a quest that many outsiders view with skepticism if not scorn. In fascinating, frightening, and sometimes humorous accounts, Brown highlights the determination of these individuals to answer the question: What happens to the soul after death?.
