Merger Masters Jul 04 2020 Merger Masters presents revealing profiles of monumentally successful merger investors based on exclusive interviews with some of the greatest minds to practice the art of arbitrage. Michael Price, John Paulson, Paul Singer, and others offer practical perspectives on how their backgrounds in the risk-conscious world of merger arbitrage helped them make their biggest deals. They share their insights on the discipline that underlies their fortunes, whether they practice the “plain vanilla” strategy of announced deals, the aggressive strategy of activist investment, or any strategy in between on the risk spectrum. Merger Masters delves into the human side of risk arbitrage, exploring how top practitioners deal with the behavioral aspects of generating consistent profits from risk arbitrage. The book also includes perspectives from the other side of the mergers and acquisitions divide in the form of interviews with a trio of iconic CEOs: Bill Stirtz, Peter McCausland, and Paul Montrone. All three took advantage of M&A opportunities to help build long-term returns but often found themselves at odds with the short-term focus of Wall Street and merger investors. Told in lively, accessible prose, with bonus facts and figures for transaction junkies, Merger Masters is an incomparable set of stories with plenty of unfiltered lessons from the best managers of our time.

THE COMPLETE TALES OF MY LANDLORD (Illustrated Edition) Mar 24 2022 "Tales of my Landlord" is a series of novels by Sir Walter Scott that form a subset of the Waverley Novels. Of these novels, The Heart of Midlothian and The Bride of Lammermoor have been the most successful and Old Mortality is considered by modern critics to be among Scott's best work. They were so called, because they were supposed to be tales collected from the fictional landlord of the Wallace Inn at Gandercleugh. This is gone into in great depth in the introduction to The Black Dwarf. They were supposed to reflect aspects of Scottish regional life. Table of Contents: OLD MORTALITY BLACK DWARF THE HEART OF MIDLOTHIAN THE BRIDE OF LAMMERMOOR A LEGEND OF MONTROSE COUNT ROBERT OF PARIS CASTLE DANGEROUS Sir Walter Scott (1771-1832) was a Scottish historical novelist, playwright and poet. He was the first modern English-language author to have a truly international career in his lifetime, with many contemporary readers in Europe, Australia, and North America. His novels and poetry are still read, and many of his works remain classics of both English-language literature and of Scottish literature. Famous titles include Ivanhoe, Rob Roy, The Lady of the Lake, Waverley, The Heart of Midlothian and The Bride of Lammermoor.

Not Quite World's End Jul 28 2022 John Simpson has been travelling the world as a journalist for forty years, reporting on the many disasters that have befallen us in that time. Today, at a time when many of us might legitimately believe that the end of the world truly is nigh, he takes a rather different view. For Simpson, perhaps better than anyone, knows that though war, disease, terrorism, natural disasters and crime always seem about to overwhelm us, the reality is that the great events that afflict us have not caused the world to stop turning. Some things change, indeed, but others stay much the same and we should perhaps remember that every generation worries about the things it reads in newspapers. Here, then, Simpson looks at the world's troubles - the Middle East, global warming, population explosion - and takes the view that it's nowhere near its end. His vivid prose, humanity and clear-sightedness, and the wonderful anecdotes about the many strange people and peculiar places he has come across - from Robert Mugabe to the Bushmen of the Kalahari, from Chelsea to China, from Saddam Hussein to Hollywood stars - all add up to a richly satisfying read. And with his long experience and his remarkable ability to explain what's really going on out there, he offers us all a crumb of comfort in desperate times.

A Mad World, My Masters Oct 31 2022 There are only a handful of places left on this earth where you can't buy a McDonald's hamburger or stay in a Holiday Inn - and John Simpson has been to them all. This hugely successful volume of writing is a celebration of some of the world's wilder places. His extraordinary experiences include stories about a television camera that killed people, about how Colonel Gadhafi farted his way through an interview and how he - Simpson - mooned the Queen. 'Highly entertaining' The Times 'What amazing tales he has to tell, and with what enthralling vividness . . . Riveting' Daily Mail 'The range of his travels is staggering . . . Tales and Stories May 14 2021 It is customary to regard Mary Shelleys claims to literary distinction as so entirely rooted and grounded in her husbands as to constitute a merely parasitic growth upon his fame. It may be unreservedly admitted that her association with Shelley, and her care of his writings and memory after his death, are the strongest of her titles to remembrance. It is further undeniable that the most original of her works is also that which betrays the strongest traces of his influence. Frankenstein was written when her brain, magnetized by his companionship, was capable of an effort never to be repeated. But if the frame of mind which engendered and sustained the work was created by Shelley, the conception was not his, and the diction is dissimilar to his. Both derive from Godwin, but neither is Godwins. The same observation, except for an occasional phrase caught from Shelley, applies to all her subsequent work. The frequent exaltation of spirit, the ideality and romance, may well have been Shelleys the general style of execution neither repeats nor resembles him.

It's a rollercoaster ride that is sure to thrill anyone who dares to join it.
