A Textbook of Engineering Mathematics Vol-II (MDU, Krukshet Jan 06 2020 B.E./B.Tech. Students of Second Semester of MDU, Rohtak and Kurushetra University, Kurushetra. *Textbook of GST and Customs Law* Jun 03 2022 The special feature of the book is that it tries to cover the syllabi at all India level and is written in a simple and lucid style to be understood by a common man. There are many illustrations, examples and explanation which make the book interesting reading. The book comprises of two parts, namely, Part I – GST and Part II – Customs Law. The latest developments/recent trends in GST and Customs Law have been incorporated at the appropriate places in the book. While a separate section is earmarked for problems and their keys, another part is assigned for Quiz in GST and Customs Law covering 140 questions which would be highly useful to the students appearing for examinations and interviews. Another significant feature of the book is that it has incorporated and highlighted the changes in the Finance Act, 2020, pertaining to GST and Customs Act, 1962. At the end of every chapter adequate questions for Part A and Part B are given. The GST collections, administrative structure and Officers of GST and Customs are included at the appropriate chapters. Further, the past years question papers of some of the Universities are also included in the book. The First edition has discussed clearly in a simple style the provisions and practical aspects of Central GST, State GST and Integrated GST Act. Students pursuing B.Com, BBA, BL, M.Com, MBA, Allied business courses and students wish to appear examination to become GST Practitioner will find the book as a classroom textbook as in the past.

Quality Management in Higher Education Jul 12 2020 A timely intervention as higher education in India begins to pay equal importance to Quality, alongside Access and Equity. Indian higher education is the third largest in the world. It is undergoing unprecedented expansion and reforms. Yet, no Indian university figures among the World's Top 100! The problem lies primarily with the quality of higher education. This book serves as a quality management guide for the heads of colleges and universities, focusing on issues, techniques and improvement at the institutional level. In building up a sound framework, it effectively combines generic methods and techniques with specific mechanisms of quality assurance for in-campus activities such as curriculum planning, teaching learning processes, human resource management, infrastructure management and information and communication technologies. The author's expertise as a management scientist, trainer of heads of higher education institutes and experience of institution building gives the book an extra edge.

Competition Science Vision Aug 01 2019 Competition Science Vision (monthly magazine) is published by Pratiyogita Darpan Group in India and is one of the best Science monthly magazines available for medical entrance examination students in India. The magazine covers General Knowledge, Science and Technology news, Interviews of toppers of examinations, study material of Physics, Chemistry, Zoology and Botany with model papers, reasoning test questions, facts, quiz contest, general awareness and mental ability test in every monthly issue.

English Studies in Indian Universities Feb 28 2022 Right from its formal introduction in India in 1835, through Thomas B. Macaulay's Minute, English has been intrinsically linked with the employment prospects of Indians. During their regime, the British promoted English education to fulfil the requirement of English-knowing Indians for administrative purposes. Owing to globalization, the last few years have witnessed the opening up of thousands of lucrative job opportunities for graduates proficient in English. English has gained importance in India as the language of opportunities. In colonial India, English education was a passport to government jobs, while in the twenty-first century, proficiency in English is essential for private sector jobs. This book examines the development of curricula in English in Indian universities vis-a-vis the needs of second language learners studying in Special English programmes of Bachelor of Arts (BA). It also reflects on how globalization has strengthened the connection between English and employment.

Advanced Problems in Mathematics: Preparing for University Nov 03 2019 This book is intended to help candidates prepare for entrance examinations in mathematics and scientific subjects, including STEP (Sixth Term Examination Paper). STEP is an examination used by Cambridge colleges as the basis for conditional offers. They are also used by Warwick University, and many other mathematics departments recommend that their applicants practice on the past papers even if they do not take the examination. Advanced Problems in Mathematics is recommended as preparation for any undergraduate mathematics course, even for students who do not plan to take the Sixth Term Examination Paper. The questions analysed in this book are all based on recent STEP questions selected to address the syllabus for Papers I and II, which is the A-level core (i.e. C1 to C4) with a few additions. Each question is followed by a comment and a full solution. The comments direct the reader's attention to key points and put the question in its true mathematical context. The solutions point students to the methodology required to address advanced mathematical problems critically and independently. This book is a must read for any student wishing to apply to scientific subjects at university level and for anybody interested in advanced mathematics.
