Against God Apr 02 2020 The gripping, dark tale of a man searching for answers. What happens in the mind of a man when, all of a sudden, he loses all reason for living? When everything in his life collapses around him and he is left with nothing, wondering why fate has been so scornfully unremittent. What stops one from becoming monstrous when morality is no longer an issue? Those are the questions facing the central character of Against God.

The Lebanese Dishwasher Oct 28 2019 Amir Radi hates washing dishes. When he left Beirut, with a tightly grasped suitcase, he hadn't expected he'd end up at a Middle-Eastern restaurant with old cooks and dirty dishes. Amir knows his immigrant dream has somehow drowned in foamy dishwasher. But one night, he meets Rami and begins to feel less isolated, more hopeful, and closer to overcoming a tragic time in his childhood, something he had tried to leave in Beirut. Set in Montreal and Lebanon, The Lebanese Dishwasher tells the story of one man's struggle with his past and self-acceptance while burdened with culture and obligation. The author presents an all-male version of Romeo and Juliet in which the Arab lovers find themselves threatened by society and worst of all by family prejudice and homophobia that culminates in a catastrophic climactic scene. The Lebanese Dishwasher is poetically charged, dramatically presented with engaging dialogue and employs a plot having almost fairy tale symmetry. Saikaley reveals herself as a writer with much to offer the reader, both in her knowledge of the rich culture of the Middle East and in the insight she brings to the gay character of Amir.

Audi R8 30 Years of Quattro AWD Nov 09 2020 On a small assembly line in Neckarsulm, Germany, no more than twenty exotic Audi R8 sports cars are built daily. The entire process is overseen by small teams of specialists that oversee every step of production. Every single part is inspected carefully, and nothing goes unchecked. It is a level of hand-built quality one might expect to find in a Ferrari Enzo or the Vector W8A of the 1980s, but almost unheard of from a manufacturer the size of Audi AG. The Turbo Quattro Coupe (or Urquattro) of the early 1980s was largely assembled by hand much in the same way, but Audi has refined the process for the R8 and has introduced one of the most spectacular sports cars ever. I hope this book will provide a better insight into the design, development, and production of this magnificent automobile.

Audi Quattro Jan 30 2020 The Audi Quattro was the first to combine four-wheel-drive and a turbocharged engine. It never won any awards for sophistication, but those weren ' t the awards it was concerned about. The Quattro was also the first to run with more than 300bhp, it was reformed from Group 4 into Group B in 1983, where it also met great success. The Quattro dominated rallying from the start of 1981 until late 1984 (when the Peugeot 205 T16 took over). Quattros won no fewer than 23 World rallies in the early-to-mid 80 ' s, won the Makes Championship in 1982 and 1984, and drivers Hannu Mikkola (1983) and Stig Blomqvist (1984) took the World Drivers' series in Quattros.

The Quattro Cento and Stones of Rimini Feb 10 2021 This title was first published in 2002. Adrian Stokes was a British painter and writer whose books on art have been allowed to go out of print despite their impact on Modernist culture. This new edition of The Quattro Cento and The Stones of Rimini presents the original texts of 1932 and 1934 and furnishes them with introductions by David Carrier and Stephen Kite that will help readers grasp the structure and significance of what have become Stokes' most widely cited and influential books. Written as parts of an incomplete trilogy, The Quattro Cento and The Stones of Rimini mark a crossroad in the transition from late Victorian to Modernist conceptions of art, especially sculpture and architecture. Stokes continued, even expanded, John Ruskin's and Walter Pater's belief that art is essential to the individual's proper psychological development but wove their teaching into a new aesthetic shaped by his experience of psychoanalysis and recent innovations in literature, dance, and the visual arts. This volume will be of interest to those concerned with art criticism, aesthetics and psychoanalysis, as well as the art and architecture of the Renaissance and Modern periods. Supported by the Henry Moore Foundation in memory of David Sylvester.
