[LLC Or Corporation?](#) Jan 30 2020 It's time to upgrade your legal structure -- but how? LLC or Corporation? is the only book that explains each of these business structures, how they differ, and how each will affect your bottom line. Make the right decision with thorough information on: the basics of business entities profits, losses and tax treatment converting from one type of business entity to another [Mastering Corporations and Other Business Entities](#) Feb 10 2021 The title of the basic business law course -- Corporations, Business Associations Business Organizations, or Business Entities -- varies from law school to law school and from year to year. However, in these courses, the core coverage is essentially the same -- agency principles, partnership law, fiduciary duties, securities fraud, and changes in corporate control. This relatively concise book is intended to reach students in the basic corporate law course, regardless of course title. This book attempts to make the usual coverage as easy and straightforward as possible. Although the vast majority of law students take a corporations or basic business organizations course, there are surprisingly few attempts to systematically organize the most important doctrines and theories covered. Of the few books that track the basic business law course, even fewer still are of recent vintage. This book attempts to fill those lacunae. The book intends to aid students, of course, in the basic Corporations or Business Organizations courses. Additionally, this book would be a useful resource to students in other closely related courses in law school, like Agency & Partnership, Closely Held Firms, Mergers & Acquisitions, and Securities Regulation, to name just a few. In addition to law schools, the book is also written with an eye toward the graduate students in business administration who are frequently enrolled in a basic business law course, as well as the newly minted corporate attorney who wants a refresher text.

[Cases and Materials on Business Entities](#) May 28 2022 Intended for the basic course in Business Organizations, Cases and Materials on Business Entities encompasses corporations, agency, partnership, and LLCs. Its extended coverage of alternative business entities distinguishes it from the more limited corporations-focused coverage of many business organizations texts. The author includes elaborate problems designed to help students become practice-ready as well as enhanced coverage of LLCs and principal cases that were decided within the last 20 years. The recipient of numerous teaching awards and a former clerk at the California Supreme Court and the U.S. District court, author Eric Chiappinelli has taught, written, and practiced extensively in business entities, corporate law, securities regulation, and civil procedure. Key Features: Over 20 new cases, including *Shawe v. Elting* (Del. 2017). All principal cases are less than 20 years old. Corporation chapters reflect MBCA (2016), and Partnership materials reflect UPA (2013). LLC chapter has been revised and updated. New materials on ultra vires and ultimate beneficiaries. New discussion of DGCL §§ 204 and 205 and MBCA (2016) Subchapter E (ratifying defective acts) New real-life examples: Kate Spade acquired by Coach and Toys "R" Us bankruptcy.

[Corporate Governance in Government Corporations](#) Jul 18 2021 Many governments across the world have responded to the need for greater efficiency in the delivery of government services by the reorganization of these bureaucracies along the lines of for-profit business corporations. In doing so, governments have relied on the capacity for governance practices to overcome the weaker incentives created by the attenuated 'property rights' that are created in public enterprise.

[Selecting & Forming Business Entities](#) Nov 29 2019

[Business and Corporations Law](#) Sep 27 2019 Annotation. Business and Corporations Law 4th edition introduces students to the foundations of the Australian legal system and the principles that govern contract and corporations law, business structures, and management of companies. It provides an overview of financial reporting and auditing and the foundation concepts pertaining to receivership, voluntary administration and liquidation. This book also explains in clear and plain language the nature of corporate membership and the duties of directors tasked with running the business affairs of the company. To support learning of course content

within the broader business context, this title includes chapter summaries, margin notes, key cases and legislation, diagrams and flowcharts. It also comes with a suite of online resources for both students and lecturers. Features Chapters 8, 9, 10 and 11 have been revised extensively, with some material being redistributed between chapters to achieve parity across the book's twelve-chapter format. New material on directors, company secretaries, equity versus debt financing, shares and debentures, oppressive conduct and the whistleblowing protection regime has been added. Additional internet references for further reading and end-of-chapter questions are included where appropriate.

**SOA Principles of Service Design** May 04 2020 The Definitive Guide to Service Engineering The key to succeeding with service-oriented architecture (SOA) is in comprehending the meaning and significance of its most fundamental building block: the service. It is through an understanding of service design that truly "service-oriented" solution logic can be created in support of achieving the strategic goals associated with SOA and service-oriented computing. Bestselling SOA author Thomas Erl guides you through a comprehensive, insightful, and visually rich exploration of the service-orientation design paradigm, revealing exactly how services should and should not be designed for real-world SOA.

**Unincorporated Business Entities** Nov 02 2022 The rapid proliferation of unincorporated business forms has moved beyond the scope of traditional Corporations and Agency/Partnership courses and textbooks, which leaves students without the necessary knowledge to competently advise business clients. *Unincorporated Business Entities* was designed to fill that widening gap in the existing curriculum. *Unincorporated Business Entities* is designed for a three-semester-hour course and has the following features: • Like its predecessors, the new edition of *Unincorporated Business Entities* takes a business planning approach to teaching the modern law of partnerships and other unincorporated firms. • The material on LLCs has largely been rewritten, reflecting the rapid development in this form over the last several years. • Each chapter contains new and updated notes and problems that provide a "hands-on" approach to the consequences of, and planning and drafting for, issues in agency, partnership, limited partnerships, LLCs, and limited liability partnerships. • The materials on partners' financial rights now include a short primer on financial accounting. The Teacher's Manual is almost six-fold expanded from previous versions. It contains approaches to organizing classes, synopses of all the cases, lecture outlines, proposed questions and answers, discussions of answers to all the problems, diagrams of the complex cases, and flow charts of complex statutory analysis in areas like partnership dissolution and winding up. The Appendix also contains the partnership, limited partnership, and limited liability company statutes you will need for reference purposes.

**Introduction to Business** Apr 02 2020 *Introduction to Business* covers the scope and sequence of most introductory business courses. The book provides detailed explanations in the context of core themes such as customer satisfaction, ethics, entrepreneurship, global business, and managing change. *Introduction to Business* includes hundreds of current business examples from a range of industries and geographic locations, which feature a variety of individuals. The outcome is a balanced approach to the theory and application of business concepts, with attention to the knowledge and skills necessary for student success in this course and beyond.

**Business Organizations Law in Focus** Jul 06 2020 *Business Organizations Law in Focus, Second Edition* provides a thorough introduction to the key attributes, advantages, and disadvantages of every form of for-profit business organization in the United States, including: partnerships, limited liability companies, and corporations. The practice-oriented approach of the Focus Casebook Series elucidates the legal and practical aspects of business organizations through real-world scenarios that provide numerous opportunities for students to apply theory to practice and solidify their understanding of key concepts. Clear exposition and Case Previews support independent learning and focus case analysis. New to the Second Edition: Significantly more editing of cases with an eye towards making case excerpts shorter and more accessible to students. Expanded coverage of LLCs in Chapter 12, including a newly added case and related exercises addressing the primacy of the operating agreement in LLC governance and 2019 case and associated exercises highlighting LLC dissolution standards. Newly-added cases and exercises in Chapter 9 highlighting the continued evolution of Delaware's Caremark corporate monitoring and oversight doctrine, including references to the Delaware Supreme Court's recent decision in *Marchand v. Barhill*, 212 A.3d 805, 809 (Del. 2019) reversing the dismissal of Caremark claims against an ice cream manufacturer over allegedly persistent food safety issues, and the Chancery Court's decision in *Clovis Oncology, Inc. Derivative Litig.*, C.A. No. 2017-0222-JRS, 2019 WL 4850188 (OCT. 1, 2019) denying a motion to dismiss Caremark claims involving allegedly "serial non-compliance" with FDA protocols and regulations having to do with drug approval. An additional case in Chapter 10 that asks whether the "disrespectful and unfairly disproportionate treatment of a female shareholder by the male majority in a closely held corporation constitutes corporate oppression" pursuant to New York Business Corporation Law § 1104-a (a)(1). A new case in Chapter 10 in which shareholders of AmerisourceBergen—one of the world's leading wholesale distributors of opioid painkillers—sought to exercise their inspection rights under DGCL § 200 to investigate whether the firm had engaged in wrongdoing in connection with the distribution of opioids. Additional and expanded references to Model Business Corporation Act (MBCA) standards across Chapters 8, 9, and 10, including expanded references to MBCA standards concerning director conflicting interest transactions, the corporate opportunity doctrine, and the MBCA's universal demand rule for derivative actions. A new case in Chapter 3 addressing duties of loyalty and candor in the partnership context that invokes the *Meinhard v. Salmon* standard in a manner that is more accessible to students. Updated coverage of the proxy system and proxy regulation, securities offering rules and regs, and developments in insider trading law. New cases and "spotlight" sections that address a variety of timely issues, including "unicorns" (start-up businesses with a valuation of at least \$1 billion), claims involving opioid manufacturers, and corporate governance matters involving #MeToo claims. Professors and students will benefit from: Features that engage students in applying theory to practice, such as Real-Life Applications, Application Exercises, and Applying the Concepts. Experiential exercises on drafting documents and preparing appropriate filings. An overview in Chapter One of the various forms of business organization and their key attributes, advantages, and disadvantages. An emphasis on contemporary principal cases and issues that resonate with today's students and fuel class discussion. Clear exposition of legal principles means students can absorb assigned reading on their own, and professors don't have to explain it from the lectern in class. Attention to attorney ethical issue and rules that commonly arise in the representation of business entities. The online ascii art generator can convert text to multiline text boxes. Try it now.

**Business and Human Rights** Aug 07 2020 In the 21st century, one of the most noteworthy changes in the human rights debate relates to the increased recognition of the link between business and human rights. This book is an attempt to explore this relationship and also to look into the obligations of the state and transnational corporations in the promotion of human rights. *Business and Human Rights* discusses how globalization has affected individuals in the enjoyment of their human rights in relation to the activities of corporations. The book addresses what additional steps the states should take to protect against human rights abuses by business enterprises that are owned or controlled by the state. Moreover, it covers, in depth, the role and contribution of the United Nations in business and human rights. The book includes several real-life case studies to help the readers understand the topics discussed.

**White, New York Business Entities** Oct 21 2021

LLCs, Partnerships, and Corporations Mar 26 2022 Description Coming Soon!

**Company Law** Jun 16 2021 This book advances a real entity theory of company law, in which the company is a legal entity which acts autonomously in law, and company law establishes procedures facilitating autonomous organisational decision-making. The theory builds on the insight that organisations or firms are a social phenomenon outside of the law and that these are autonomous actors in their own right. They are more than the sum of the contributions of their participants and they act independently of the views and interests of their participants. This occurs because human beings change their behaviour when they act as members of a group or an organisation; in a group we tend to develop and conform to a shared standard, and when we act in organisations habits, routines, processes, and procedures form and a culture emerges. These take on a life of their own affecting the behaviour of the participants. Participants can affect organisational behaviour but this takes time and effort. Company law finds this phenomenon and supplies it with a structure supporting autonomous action by organisations. The real entity theory advanced in this book explains company law as it stands at a positive level. Legal personality overcomes the problems that organisations are social rather than brute facts and that there is no unique physical manifestation permanently associated with an organisation. The corporate constitution is not a contract - it is best characterised as an instrument adopted on a statutory basis through private action. Shareholders cannot limit the capacity of companies or the authority of the board to bind the company in contract and companies are liable in tort and crime. The statute creates roles for shareholders, directors, a company secretary, and auditors and so facilitates a process leading to organisational action. The law also integrates the interests of creditors and stakeholders.

**New York Laws Governing Business Entities, Annotated: Business corporation law, cooperative corporations law, limited liability company law, not-for-profit corporation law, partnership law, religious corporation law** Sep 07 2020

**Fit for Growth** Aug 19 2021 A practical approach to business transformation Fit for Growth\* is a unique approach to business transformation that explicitly connects growth strategy with cost management and organization restructuring. Drawing on 70-plus years of strategy consulting experience and in-depth research, the experts at PwC's Strategy& lay out a winning framework that helps CEOs and senior executives transform their organizations for sustainable, profitable growth. This approach gives structure to strategy while promoting lasting change. Examples from Strategy&'s hundreds of clients illustrate successful transformation on the ground, and illuminate how senior and middle managers are able to take ownership and even thrive during difficult periods of transition. Throughout the Fit for Growth process, the focus is on maintaining consistent high-value performance while enabling fundamental change. Strategy& has helped major clients around the globe achieve significant and sustained results with its research-backed approach to restructuring and cost reduction. This book provides practical guidance for leveraging that expertise to make the choices that allow companies to: Achieve growth while reducing costs Manage transformation and transition productively Create lasting competitive advantage Deliver reliable, high-value performance Sustainable success is founded on efficiency and high performance. Companies are always looking to do more with less, but their efforts often work against them in the long run. Total business transformation requires total buy-in, and it entails a series of decisions that must not be made lightly. The Fit for Growth approach provides a clear strategy and practical framework for growth-oriented change, with expert guidance on getting it right. \*Fit for Growth is a registered service mark of PwC Strategy& Inc. in the United States

**California Transactions Forms** Aug 31 2022 Consists of 11 modules: Business entities 6 v. [Uniform Commercial Code; Real property; Leases; Consumer protection; Assignments; Contracts; Personal property; Nonprofit organizations; Family law; and: Estate planning].

**The Anatomy of Corporate Law** Nov 21 2021 This is the long-awaited second edition of this highly regarded comparative overview of corporate law. This edition has been comprehensively updated to reflect profound changes in corporate law. It now includes consideration of additional matters such as the highly topical issue of enforcement in corporate law, and explores the continued convergence of corporate law across jurisdictions. The authors start from the premise that corporate (or company) law across jurisdictions addresses the same three basic agency problems: (1) the opportunism of managers vis-à-vis shareholders; (2) the opportunism of controlling shareholders vis-à-vis minority shareholders; and (3) the opportunism of shareholders as a class vis-à-vis other corporate constituencies, such as corporate creditors and employees. Every jurisdiction must address these problems in a variety of contexts, framed by the corporation's internal dynamics and its interactions with the product, labor, capital, and takeover markets. The authors' central claim, however, is that corporate (or company) forms are fundamentally similar and that, to a surprising degree, jurisdictions pick from among the same handful of legal strategies to address the three basic agency issues. This book explains in detail how (and why) the principal European jurisdictions, Japan, and the United States sometimes select identical legal strategies to address a given corporate law problem, and sometimes make divergent choices. After an introductory discussion of agency issues and legal strategies, the book addresses the basic governance structure of the corporation, including the powers of the board of directors and the shareholders meeting. It proceeds to creditor protection measures, related-party transactions, and fundamental corporate actions such as mergers and charter amendments. Finally, it concludes with an examination of friendly acquisitions, hostile takeovers, and the regulation of the capital markets.

**Ultimate Book of Forming Corps, LLCs, Partnerships & Sole Proprietorships** Dec 23 2021

Featuring: Each chapter includes all the landmark cases that students should be introduced to in a Corporations or Business Entities course Strong skills-driven exercises and questions (both litigation-based and transaction-based) the practical exercises give students a chance to simulate what lawyers do the exercises are drawn from actual disputes, particularly from material in the case's procedural history, publicly-available information about the dispute, and other information provided from the actual lawyers on the case Brief notes and questions after cases, including some with practice-orientation Diagrams, or Roadmaps are included to give students an illustrative snapshot of some of the toughest cases. This text obviates the need for law professors interested in skills training to rely on supplemental texts or creating their own materials Companion website that includes

supplemental introductory cases (with notes and questions) to enable use of the casebook by MBA and undergraduate students

**We the Corporations: How American Businesses Won Their Civil Rights** May 16 2021 A landmark exposé and “deeply engaging legal history” of one of the most successful, yet least known, civil rights movements in American history (Washington Post). In a revelatory work praised as “excellent and timely” (New York Times Book Review, front page), Adam Winkler, author of *Gunfight*, once again makes sense of our fraught constitutional history in this incisive portrait of how American businesses seized political power, won “equal rights,” and transformed the Constitution to serve big business. Uncovering the deep roots of Citizens United, he repositions that controversial 2010 Supreme Court decision as the capstone of a centuries-old battle for corporate personhood. “Tackling a topic that ought to be at the heart of political debate” (Economist), Winkler surveys more than four hundred years of diverse cases—and the contributions of such legendary legal figures as Daniel Webster, Roger Taney, Lewis Powell, and even Thurgood Marshall—to reveal that “the history of corporate rights is replete with ironies” (Wall Street Journal). *We the Corporations* is an uncompromising work of history to be read for years to come.

**Gilbert Law Summaries, Taxation of Business Entities** Jul 30 2022 This outline discusses taxation of partnerships, including current partnership income, contributions of property to partnership, sale of partnership interest, distributions, and liquidations, as well as the taxation of corporations, including formation, corporate distributions, sales of stock and assets, and reorganizations, S corporations. The book has been updated to include discussion of the special taxation of Qualified Business Income and other changes adopted as part of the 2017 Tax Cuts and Jobs Act.

**Business Organizations with Tax Planning** Dec 31 2019

**Corporations** Apr 14 2021 Students who need extra help can rely on Solomon and Palmiter's *CORPORATION: Examples & Explanations* for dependable guidance. Now in its Third Edition, this popular study guide continues to lead students through the material covered in the typical Corporations or Business Organizations course, step by careful step. In the proven style of the entire Examples & Explanations Series, The text first presents explanations, then poses examples with questions, followed by thoughtful answers. Students can test their understanding as they progress through the book. What makes this book so effective? the authors' clear and lucid writing style is accessible to students who do not have a business background Statutes and cases are examined in context to illustrate the interplay between law and business Comprehensive coverage includes topics that sometimes receive minimal class coverage, such as public offering of securities And The common law of insider trading A conceptual structure that facilitates full and logical coverage of the relevant legal provisions New material includes: expanded coverage of shareholder voting rights update treatment of insider trading developments unified analysis of creditor protection rules new corporate formations including limited liability entities new organization of the material centering around the sets of legal protections that resolve conflicts in the corporate environment. For clarification of a specific topic or general reinforcement of underlying concepts, instructors can adopt or recommend *CORPORATIONS: Examples & Explanations*, Third Edition, with confidence.

**Keatinge and Conaway on Choice of Business Entity** Oct 01 2022

*The Law of Business Organizations* Jun 28 2022 This book gives a concise introduction to the German law of business organizations and is meant to help business practitioners and international students to familiarize themselves with its key concepts and legal issues. After outlining some characteristic features of the German legal system the book describes the various types of German business organizations with a special focus on the German Limited Liability Company (GmbH) and the German Stock Corporation (AG). The book discusses some typical problems faced by companies engaged in cross-border activities and also provides a brief outline of some recent developments in European company law with a special focus on the new multinational corporate form of the European Company (SE).

*Financial Management for Small Businesses* Aug 26 2019

**Building a Treaty on Business and Human Rights** Oct 09 2020 This book provides a sustained treatment of the politico-legal context and content of a proposed business and human rights treaty.

**Qualifying to Do Business in Another State: The CSC® 50-State Guide to Qualification** Jun 04 2020 Corporations intending to do business in states other than their home state must first determine whether they need to qualify to do business there, and if so, fulfill the qualification requirements. But qualification can be a complex and time-consuming task. Also, the consequences of making the wrong decision can be harsh, ranging from monetary penalties for a corporation to jail time for its officers and directors. To aid corporations in navigating these foreign waters, CSC developed *Qualifying to Do Business in Another State: The CSC 50-State Guide to Qualification*, a comprehensive toolbox to help you make the important decisions about qualifying in states where you plan to do business, complete with the documents required to implement that decision. This essential resource includes: Case illustrations and discussion of business activities that do or do not trigger qualification requirements updated for the 2020 Edition. Insight into whether certain Internet activities require qualification. Annotated qualification statutes for all 50 states and the District of Columbia updated for the 2020 Edition. Quick-reference charts on Activities That Do Not Constitute Doing Business and Consequences of Transacting Business without Authority.

**An Estate Planner's Guide to Family Business Entities** Sep 19 2021 "This fourth edition to *An Estate Planner's Guide to Family Business Entities* brings the second edition current through December 1, 2019 and is designed for the estate planner who is considering the most appropriate way to achieve his or her client's goal of transferring wealth to younger family members. Although it covers both tax and nontax considerations, its major emphasis is on the tax considerations, covering choosing the business entity and comparing the various entities that are available; highlighting recent developments concerning choice of entity; covering the application of the special valuation rules and other transfer tax issues, as well as the use of a grantor retained annuity trust to reduce the value of the gift when transferring an interest in a family-held entity, are discussed"--

*Comparative Company Law* Feb 22 2022 *Comparative Company Law* provides a systematic and coherent exposition of company law across jurisdictions, augmented by extracts taken from key judgments, legislation, and scholarly works. It provides an overview of the legal framework of company law in the US, the UK, Germany, and France, as well as the legislative measures adopted by the EU and the relevant case law of the Court of Justice. The comparative analysis of legal frameworks is firmly grounded in legal history and legal and economic theory and bolstered by numerous extracts (including extracts in translation) that offer the reader an invaluable insight into how the law operates in context. The book is an essential guide to how company law cuts across borders, and how different jurisdictions shape the corporate lifespan from its formation by way of incorporation to its demise (corporate insolvency) and eventual dissolution. In addition, it offers an introduction to the nature of the corporation, the framework of EU company law, incorporation and corporate representation, agency problems in the firm, rights of stakeholders and shareholders, neutrality and defensive measures in corporate control transactions, legal capital, piercing the corporate veil, and corporate insolvency and restructuring law.

**Corporations Law** Dec 11 2020 *Corporations Law: In Principle*, 10th edition, continues its tradition of being one of the most easy to

understand texts on corporate law in Australia. Since the last edition, there have been many significant developments in both legislation and case law as a result of a range of government reviews and administrative changes.

**Accountants' Guidebook** Nov 09 2020 The accountant is responsible for many activities, which may require years of training and experience to fully comprehend. The breadth of knowledge required can seem overwhelming. The Accountants' Guidebook is designed to simplify matters by providing the accountant with a practical knowledge of how to complete many accounting tasks, while also imparting an understanding of the more critical accounting standards. Topics covered include accounting procedures, GAAP for common transactions, closing the books, producing financial statements and other reports, collection tactics, payroll management, budgeting, and much more. In short, this is the essential desk reference for the accountant.

**LexisNexis AnswerGuide New York Business Entities** Apr 26 2022 Authored by Steven R. Gersz, an expert in business entities law, LexisNexis AnswerGuide New York Business Entities covers important business law topics, including: selecting, forming, operating and dissolving a business entity; acquiring licenses and permits; buying, selling and valuing a business; identifying conflicts of interest, including an analysis of ethical issues when representing multi-party entities. LexisNexis AnswerGuide New York Business Entities includes 70 detailed, task-oriented checklists and more than 200 practice pointers (Warning, Strategic Point, Exception, Timing) to ensure best practices and avoidance of potential practice pitfalls. LexisNexis AnswerGuide New York Business Entities also cross references to more in-depth discussion in White, New York Business Entities; New York Practice Guide: Business & Commercial; Business Organizations with Tax Planning; and Warren's Forms of Agreement.

**Fundamentals of Business (black and white)** Jan 24 2022 (Black & White version) Fundamentals of Business was created for Virginia Tech's MGT 1104 Foundations of Business through a collaboration between the Pamplin College of Business and Virginia Tech Libraries. This book is freely available at: <http://hdl.handle.net/10919/70961> It is licensed with a Creative Commons-NonCommercial ShareAlike 3.0 license.

*NGOs and Corporations* Mar 14 2021 We live in a period marked by the ascendancy of corporations. At the same time, the number of non-governmental organizations (NGOs) – such as Amnesty International, CARE, Greenpeace, Oxfam, Save the Children, and the WWF – has rapidly increased in the last twenty years. As a result, these two very different types of organization are playing an increasingly important role in shaping our society, yet they often have very different agendas. This book focuses on the dynamic interactions, both conflictual and collaborative, that exist between corporations and NGOs. It includes rigorous models, frameworks, and case studies to document the various ways that NGOs target corporations through boycotts, proxy campaigns, and other advocacy initiatives. It also explains the emerging pattern of cross-sectoral alliances and partnerships between corporations and NGOs. This book can help managers, activists, scholars, and students to better understand the nature, scope, and evolution of these complex interactions.

*Taxation of Individuals and Business Entities, 2010 edition* Mar 02 2020 The basic approach to teaching taxation hasn't changed in decades. Today's student deserves a new approach. McGraw-Hill's Taxation of Individuals and Business Entities is a bold and innovative new textbook that's already generating enthusiasm across the country. McGraw-Hill's Taxation Series is designed to provide a unique, innovative, and engaging learning experience for students studying taxation. The breadth of the topical coverage, the storyline approach to presenting the material, the emphasis on the tax and nontax consequences of multiple parties involved in transactions, and the integration of financial and tax accounting topics make this book ideal for the modern tax curriculum.
